Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice that is available via the link in the footer of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Andy Burrows, Citizen Responder Lead, Individual and Community Preparedness Division, FEMA, 400 C Street SW, Washington DC 20024, 202-716-0527, andrew.burrows@fema.dhs.gov. You may contact the Information Management Division for

copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Post Katrina Management Reform Act (PKEMRA), codified within Title 6 of the U.S. Code, requires the FEMA Administrator to provide Federal leadership necessary to prepare for, protect against, respond to, recover from or mitigate against a natural disaster, act of terrorism, or other man-made disaster. This responsibility includes planning, training, and building the emergency management profession by building a comprehensive incident management system with State, local, Tribal and Territorial (SLTT) government personnel, agencies and authorities, and helping the emergency response providers to effectively respond. 6 U.S.C. 314. As part of this responsibility to help and support emergency response providers, FEMA supports efforts to train and assist in organizing citizen responder programs. With Executive Order 13254, Citizen Corps was launched as a Presidential Initiative, on January 29, 2002 with a mission to harness the power of every individual through education, training, and volunteer service to make communities safer, stronger, and better prepared for the threats of terrorism, crime, public health issues, and disasters of all kinds.

Another FEMA Citizen Responder program, the Community Emergency Response Team (CERT) was originally developed and implemented by the Los Angeles City Fire Department in 1985. Since 1993 when this training was made available nationally by FEMA, communities in 28 states and Puerto Rico have conducted CERT training. FEMA supports CERT by conducting or sponsoring Train-the-Trainer and Program Manager courses for members of the fire, medical and emergency management community.

To fulfill its mission, the Federal Emergency Management Agency (FEMA) Individual and Community Preparedness Division (ICPD) will collect information from Citizen Corps Councils and Community Emergency Response Team Programs through the Citizen Responder online registration form. The Citizen Responder registration form will allow FEMA as well as SLTT personnel to evaluate whether prospective Councils/Community Emergency Response Teams (CERTs) have the support of the appropriate government officials in their area, ensure a dedicated coordinator is assigned to the program, and provide an

efficient way to track the effectiveness of the nationwide network of Councils and CERT programs.

Abstract: The Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), specifies the process by which the U.S. Fish and Wildlife Service and the National Marine Fisheries Service (Services, we) make decisions on listing, delisting, or changing the status of a listed species, or revising critical habitat. Any interested person may submit a written petition to the Services requesting to add a species to the Lists of Endangered and Threatened Wildlife and Plants (Lists), remove a species from the Lists, change the listed status of a species, or revise the boundary of an area designated as critical habitat. The petition process is a central feature of the ESA and serves a beneficial public purpose.
