Your answer

Baseline Year *

Please select the ending month of your 12-month baseline period. The baseline must begin in the year prior to signing up for the Challenge. The baseline can be based on the immediate past year (e.g., a site signing up in April 2014 could set their baseline as January 1, 2013 - December 31, 2013), or another consecutive 12-month period such as the most recent 12 months (e.g., a site signing up in April 2014 could set their baseline as April 1, 2013 - March 31, 2014), or the site's most recent fiscal year.

Your answer

Baseline Energy Intensity *

Please enter this site's source energy intensity (including all electricity, fuels, steam, etc.) for the Baseline Year using the Energy Intensity Metric units identified above. For information on source energy, please refer to the ENERGY STAR Challenge for Industry Participant Handbook, Appendix 3: <http://1.usa.gov/1t9EpgQ>

Your answer

10% Energy Intensity Reduction Target *

Please enter this site's source energy intensity target (i.e., energy intensity that is 10% lower than the Baseline Energy Intensity entered above).

Your answer

Formal Site File *

We have established the required formal site file. Note: a formal site file must be established at the start of participation in the ENERGY STAR Challenge for Industry, and must be verified by a Professional Engineer as a step in the recognition application process.
