

waste management work includes janitorial and clerical tasks, both of which are core competencies for CWR and other nonprofit agencies in the AbilityOne Program. CWR will ensure that the candidates for these direct labor tasks have the appropriate documentation of disability to qualify under the definitions in the Javits-Wagner-O'Day Act and the Commission's regulation. The Commission recognizes that some significant disabilities are not physically limiting. Further, the Commission concludes that several of the waste management tasks can be performed by a person with one or more functional limitations described in 41 CFR 51-1.3.

The Commentor requested to make an oral presentation to the Commission prior to the Agency's suitability determination regarding adding this service to the Procurement List. The Commission does not accept meeting requests from current contractors prior to commencing deliberations, as there is no provision in regulation for such meetings. Rather, any public party may request reconsideration after a Commission decision to add a product or service to the PL.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service and impact of the addition on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.
2. The action will result in authorizing small entities to furnish the services to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the services proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service is added to the Procurement List:

Mandatory Source of Supply: CW Resources, Inc., New Britain, CT

Deletions

On 7/26/2019, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the services listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.
