

## FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

### TOOL CHESTS AND CABINETS FROM CHINA AND VIETNAM

This questionnaire must be received by the Commission by **October 16, 2017**  
*See last page for filing instructions.*

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing and antidumping investigations concerning tool chests and cabinets from China and Vietnam (Inv. Nos. 701-TA-575 and 731-TA-1360-1361 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

#### CERTIFICATION

*I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.*

*I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceedings may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements*

**PART I.—GENERAL INFORMATION**

**Background.** -- This proceeding was instituted in response to a petition filed on April 11, 2017, by Waterloo Industries Inc., Sedalia, Missouri. Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce (“Commerce”) makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at [https://www.usitc.gov/investigations/701731/2017/tool\\_chests\\_and\\_cabinets\\_china\\_and\\_vietnam/final.htm](https://www.usitc.gov/investigations/701731/2017/tool_chests_and_cabinets_china_and_vietnam/final.htm).

**Tool chests and cabinets** All metal tool chests and cabinets, including top chests, intermediate chests, tool cabinets and side cabinets, storage units, mobile work benches, and work stations and that have the following physical characteristics:

- (1) a body made of carbon, alloy, or stainless steel and/or other metals;
- (2) two or more drawers for storage in each individual unit;
- (3) a width (side to side) exceeding 15 inches for side cabinets and exceeding 21 inches for all other individual units but not exceeding 60 inches;
- (4) a depth (front to back) exceeding 10 inches but not exceeding 24 inches; and
- (5) prepackaged for retail sale.

For purposes of this scope, the width parameter applies to each individual unit, i.e., each individual top chest, intermediate top chest, tool cabinet, side cabinet, storage unit, mobile work bench, and work station.

Prepackaged for retail sale means the units are packaged in a cardboard box or other container suitable for retail display and sale. Subject tool chests and cabinets are covered whether imported in assembled or unassembled form. Subject merchandise includes tool chests and cabinets produced in China or Vietnam but assembled, prepackaged for sale, or subject to other minor processing in a third country prior to importation into the United States. Similarly, it would include tool chests and cabinets produced in China or Vietnam that are later found to be assembled, prepackaged for sale, or subject to other minor processing after importation into the United States.

Subject tool chests and cabinets may also have doors and shelves in addition to drawers, may have handles (typically mounted on the sides), and may have a work surface on the top. Subject tool chests and cabinets may be uncoated (e.g., stainless steel), painted, powder coated, galvanized, or otherwise coated for corrosion protection or aesthetic appearance.

Subject tool chests and cabinets may be packaged as individual units or in sets. When prepackaged in sets, they typically include a cabinet with one or more chests that stack on top of the cabinet. Tool cabinets act as a base tool storage unit and typically have rollers, casters, or wheels to permit them to be moved more easily when loaded with tools. Work stations and work benches are tool cabinets with a work surface on the top that may be made of rubber, plastic, metal, wood, or other materials.

Top chests are designed to be used with a tool cabinet to form a tool storage unit. The top chests may be mounted on top of the base tool cabinet or onto an intermediate chest. They are often packaged as a set with tool cabinets or intermediate chests, but may also be packaged separately. They may be packaged with mounting hardware (e.g. bolts) and instructions for assembling them onto the base tool cabinet or onto an intermediate tool chest which rests on the base tool cabinet. Smaller top chests typically have handles on the sides, while the larger top chests typically lacks handles. Intermediate tool

chests are designed to sit on top of the floor standing tool cabinet and to be used underneath the top tool chest. Although they may be packaged or used separately from the tool cabinet, intermediate chests are designed to be used in conjunction with tool cabinets. Intermediate chests typically do not have handles, but the intermediate and top chests may have the capability of being bolted together.

Side cabinets are designed to be bolted or otherwise attached to the side of the base storage cabinet to expand the storage capacity of the base tool cabinet.

Subject tool chests and cabinets also may be packaged with a tool set included. Packaging a subject tool chest and cabinet with a tool set does not remove an otherwise covered subject tool chest and cabinet from the scope. When this occurs the tools are not part of the subject merchandise.

All tool chests and cabinets that meet the above definition are included in the scope unless otherwise specifically excluded.

Excluded from the scope of the investigations are tool boxes, chests, and cabinets with bodies made of plastic, carbon fiber, wood, or other non-metallic substances. Also excluded from the scope of the investigations are industrial grade steel tool chests and cabinets. The excluded industrial grade steel tool chests and cabinets are those:

- (1) having a body that is over 60 inches wide; or
- (2) having each of the following physical characteristics:
  - (a) a body made of steel that is 0.047 inches or more in thickness;
  - (b) a body depth (front to back) exceeding 21 inches; and
  - (c) a unit weight that exceeds the maximum unit weight shown below for each width range:

> 56 ≤58	360
> 58 ≤60	370

Also excluded from the scope of the investigations are service carts. The excluded service carts have all of the following characteristics:

- (1) casters, wheels, or other similar devices which allow the service cart to be rolled from place to place;
- (2) a flat top or flat lid on top of the unit that opens;
- (3) a space or gap between the casters, wheels, or other similar devices, and the bottom of the enclosed storage space (e.g., drawers) of at least 10 inches; and
- (4) a total unit height, including casters, of less than 48 inches.

Also excluded from the scope of the investigations are work benches having each of the following characteristics:

- (1) a solid top working surface;
- (2) no drawers, one drawer, or two drawers in a side-by side configuration; and
- (3) the unit is supported by legs and the unit has no solid front, side, or back panels enclosing the body of the unit.

Also excluded from the scope of the investigations are metal filing cabinets that are configured to hold hanging file folders and are classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 9403.10.0020.

Merchandise subject to the investigation is classified under HTSUS categories 9403.20.0021, 9403.20.0026, 9403.20.0030 and 7326.90.8688<sup>1</sup> but may also be classified under HTSUS category 7326.90.3500. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of this investigation is dispositive.

---

<sup>1</sup> On January 1, 2017, HTSUS subheading 7326.90.85 was re-designated as HTSUS subheading 7326.90.86.

**Reporting of information.**-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

**Confidentiality.**--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. §1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Verification.**--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

**Valid number error messages.**--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Abu B. Kanu (202-205-2597, abu.kanu@usitc.gov).

I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 20 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire. If your firm is publicly traded, please specify the stock exchange and trading symbol.

**“Establishment”**-- Each facility of a firm in China and Vietnam involved in the production or export of tool chests and cabinets, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in China and Vietnam should combine the data for all establishments into a single report.

--

I-3. **Related producers.**--Does your firm or any related firm produce, have the capability to produce, or have any plans to produce tool chests and cabinets in the United States or other countries? Please include any firms that produced tool chests and cabinets not packaged for retail sale or industrial tool chests and cabinets (“other tool chests and cabinets”).

No       Yes--Please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission’s producer questionnaire.

--

I-4. **Related U.S. importers.**--Does your firm or any related firm import or have any plans to import tool chests and cabinets into the United States? Please include any firms that produced tool chests and other tool chests and cabinets.

No                       Yes--Please name the firm(s) below and ensure that they complete the Commission's importer questionnaire.

--

I-5. **U.S. importers.**--Please provide the names, street addresses (not P.O. boxes), contacts, telephone numbers, and e-mail addresses of the **FIVE** largest U.S. importers of your firm's tool chests and cabinets in 2016.

**PART II.--TRADE AND RELATED INFORMATION**

Further information on this part of the questionnaire can be obtained from Abu B. Kanu (202-205-2597, abu.kanu@usitc.gov). **Supply all data requested on a calendar-year basis.**

II-1. **Contact information.**-- Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in part II.

Name	
Title	
Email	
Telephone	
Fax	

II-2. **Changes in operations.**--Please indicate whether your firm has experienced any of the following changes in relation to the production of tool chests and cabinets since January 1, 2014.

<i>(check as many as appropriate)</i>		<i>(If checked, please describe; leave blank if not applicable)</i>
<input type="checkbox"/>	plant openings	
<input type="checkbox"/>	plant closings	
<input type="checkbox"/>	relocations

<input type="checkbox"/>	prolonged shutdowns or production curtailments	
<input type="checkbox"/>	revised labor agreements	
<input type="checkbox"/>	other (e.g., technology)	

II-3. **Anticipated changes in operations.**--Does your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of tool chests and cabinets in the future?

- No                       Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue. **Include in the response a specific projection of your firm's capacity to produce tool chests and cabinets (in units) for 2017 and 2018.**

II-4a. **Production using same machinery.**-- Please report your firm's production of products made on the same equipment and machinery used to produce tool chests and cabinets, and the combined production capacity on this shared equipment and machinery.

**"Overall production capacity" or "capacity"** --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

**"Production"** --All production in your establishment(s) in China and Vietnam, including production consumed internally within your firm.

II-4b. **Operating parameters.**--The production capacity reported in II-4a is based on operating \_\_\_\_ hours per week, \_\_\_\_ weeks per year.

II-4c. **Capacity calculation.**--Please describe the methodology used to calculate overall production capacity reported in II-4a, and explain any changes in reported capacity.

II-4d. **Production constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's production capacity.

II-4e. **Product shifting.**—

(i). Is your firm able to switch production (capacity) between tool chests and cabinets and other products using the same equipment and/or labor?

No

Yes--(i.e., have produced other products or are able to produce other products). Please identify other actual or potential products:

\_\_\_\_\_.

(ii). Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

II-5. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of tool chests and cabinets? \_\_\_\_\_ percent.

II-6. **Firm's estimated share of production in China and Vietnam.**--Please estimate the percentage of total production of tool chests and cabinets in the country specified on the certification page accounted for by your firm's production in 2016. \_\_\_\_\_ percent.

II-7. **Firm's estimated share of country's exports.**--Please estimate the percentage of total exports to the United States of tool chests and cabinets from the country specified on the certification page accounted for by your firm's exports in 2016. \_\_\_\_\_ percent.

II-8. **Inventories in the United States.**--Has your firm, since 2014, maintained any inventories of tool chests and cabinets in the United States (not including inventories held by firms identified in question I-3)?

**"Inventories"**--Finished goods inventory, not raw materials or work in progress.

No                       Yes--Report the quantity of such end-of-period inventories below.

II-9. **Third country trade actions.**--Is the tool chests and cabinets exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

No                       Yes--List the products(s), countries affected, and the date of such findings/remedies/proceedings.

- II-10. **Trade data.**--Report your firm's production capacity, production, shipments, and inventories related to the production of tool chests and cabinets in your establishment(s) in China and Vietnam during the specified periods. Do not include resales of tool chests and cabinets that your firm did not produce in this question; those data to the degree they are exported to the United States should only be reported in question II-11.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

Do not submit data on multiple countries combined. The establishments reported here should all be located in the country of the firm's address reported on the certification page. Multinational companies with production in multiple subject countries should submit separate foreign producer questionnaire responses for each subject country.

**"Average production capacity" or "capacity"** --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

**"Production"** --All production in your establishment(s) in China and Vietnam, including production consumed internally within your firm.

**"Shipments"** --Shipments of products produced in your establishment(s) in China and Vietnam. Quantities reported should be net of returns.

**"Home market commercial shipments"** --Shipments, other than internal consumption and transfers to related firms, within China and Vietnam.

**"Home market internal consumption/transfers to related firms"** --Shipments made to related firms in China and Vietnam, including product consumed internally by your firm.

**"Export shipments"** --Shipments to destinations outside of the country indicated on page 1 (China and Vietnam), including shipments to related firms.

**"Inventories"** --Finished goods inventory, not raw materials or work-in-progress.

*Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.*

II-10. **Trade data.**--Continued.

II-10. **Trade data.**—Continued.

*RECONCILIATION OF SHIPMENTS, PRODUCTION, AND INVENTORY.*--Generally, the data reported for the end-of-period inventories (i.e., line J) should be equal to the beginning-of-period inventories (i.e., line B), plus production (i.e., line C), less total shipments (i.e., lines D, E, F, and G). Please ensure that any differences are not due to data entry errors in completing this form, but rather actually reflect your firm's records; and also provide any likely explanations for any differences (e.g., theft, loss, damage, record systems issues, etc.) if they exist.

II-12. **Other explanations.**--If your firm would like to further explain a response to a question in Part II that did not provide a narrative box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

**Correcting Valid number error messages.**--If you are completing a Commission questionnaire in a country that uses periods (“.”) to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The US International Trade Commission’s questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system’s number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer’s number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. “Italian (Italy)”) to “English (United States)” (see screen shots below)

When you do this the number “twelve million dollars and thirty five cents” would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the USITC foreign producer questionnaire form. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

## HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

[https://www.usitc.gov/investigations/701731/2017/tool\\_chests\\_and\\_cabinets\\_china\\_and\\_vietnam/final.htm](https://www.usitc.gov/investigations/701731/2017/tool_chests_and_cabinets_china_and_vietnam/final.htm).

***Please do not attempt to modify the format or permissions of the questionnaire document.*** Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>      **Pin:** **TOOL**

- **E-mail.**—E-mail your questionnaire to [abu.kanu@usitc.gov](mailto:abu.kanu@usitc.gov); include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

**If your firm did not produce or export this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

***Parties to this proceeding.***—If your firm is a party to this proceeding, you are required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (*see* 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (*see* 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
