FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

CUT-TO-LENGTH CARBON STEEL PLATE ("CTL PLATE") FROM INDIA, INDONESIA, AND KOREA

This questionnaire must be received by the Commission by October 30, 2017

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its review of the countervailing duty and antidumping duty orders concerning CTL plate from India, Indonesia, and Korea (Inv. Nos. 701-TA-388, 389, and 391 and 731-TA-817, 818, and 821 (Third Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

Address										
Website	Website									
Has your firm produced or exported CTL plate (as defined on next page) at any time since January 1, 2011? NO (Sign the certification below and promptly return only this page of the questionnaire to the Commission) YES (Complete all parts of the questionnaire, and return the entire questionnaire to the Commission)

PART I.--GENERAL INFORMATION

ird review full.htm.

Background.-- On February 10, 2000, the Department of Commerce ("Commerce") issued an antidumping order on imports of CTL plate from Japan as well as countervailing and antidumping duty orders on imports of CTL plate from France, India, Indonesia, Italy, and Korea (65 FR 6585 and 65 FR 6587). Following first five-year reviews by Commerce and the U.S. International Trade Commission ("Commission"), effective December 6, 2005, Commerce issued continuations of the countervailing and antidumping duty orders on CTL plate from India, Indonesia, Italy, Japan, and Korea (70 FR 72607). Following second five-year reviews by Commerce and the Commission, effective January 4, 2012, Commerce issued a second continuation of the countervailing and antidumping duty orders on CTL plate from India, Indonesia, and Korea (77 FR 264). On December 1, 2016, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make affirmative determinations, the orders will remain in place. If either the Commission or Commerce makes a negative determination, Commerce will revoke the orders. Questionnaires and other information pertinent to this proceeding are available at https://www.usitc.gov/investigations/701731/2016/cut to length carbon quality steel plate india/th

<u>CTL plate</u> covered by these reviews is certain hot-rolled carbon-quality steel: (1) Universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1250 mm, and of a nominal or actual thickness of not less than 4 mm, which are cut-to-length (not in coils) and without patterns in relief), of iron or non-alloy-quality steel; and (2) flat-rolled products, hot-rolled, of a nominal or actual thickness of 4.75 mm or more and of a width which exceeds 150 mm and measures at least twice the thickness, and which are cut-to-length (not in coils).

Steel products to be included in the scope are of rectangular, square, circular or other shape and of rectangular or non-rectangular cross-section where such non-rectangular cross-section is achieved subsequent to the rolling process (i.e., products which have been "worked after rolling")—for example, products which have been beveled or rounded at the edges. Steel products that meet the noted physical characteristics that are painted, varnished or coated with plastic or other non-metallic substances are included within the scope. Also, specifically included in the scope are high strength, low alloy ("HSLA") steels. HSLA steels are recognized as steels with microalloying levels of elements such as chromium, copper, niobium, titanium, vanadium, and molybdenum.

Steel products to be included in the scope, regardless of Harmonized Tariff Schedule of the United States ("HTSUS") definitions, are products in which: (1) Iron predominates, by weight, over each of the other contained elements, (2) the carbon content is two percent or less, by weight, and (3) none of the elements listed below is equal to or exceeds the quantity, by weight, respectively indicated: 1.80 percent of manganese, or 1.50 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of molybdenum, or 0.10 percent of niobium, or 0.41 percent of titanium or 0.15 percent of vanadium, or 0.15 percent zirconium. All products that meet the written physical description, and in which the chemistry quantities do not equal or exceed any one of the levels listed above, are within the scope unless otherwise specifically excluded. The following products are specifically excluded from the orders:

- (1) Products clad, plated, or coated with metal, whether or not painted, varnished or coated with plastic or other non-metallic substances;
- (2) SAE grades (formerly AISI grades) of series 2300 and above;
- (3) products made to ASTM A710 and A736 or their proprietary equivalents;
- (4) abrasion-resistant steels (i.e., USS AR 400, USS AR 500);
- (5) products made to ASTM A202, A225, A514 grade S, A517 grade S, or their proprietary equivalents;
- (6) ball bearing steels;
- (7) tool steels; and
- (8) silicon manganese steel or silicon electric steel.

CTL plate is currently classifiable in the HTSUS under statistical reporting numbers: 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7225.40.3050, 7225.40.7000, 7225.50.6000, 7225.99.0090, 7226.91.5000, 7226.91.7000, 7226.91.8000, and 7226.99.0000.The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

<u>Reporting of information</u>.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

<u>Valid number error messages</u>.--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Carolyn Carlson (202-205-3002, <u>Carolyn.Carlson@usitc.gov</u>).

I-1. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars		

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2. <u>Establishments covered</u>.--Provide the name and address of establishment(s) covered by this questionnaire. If your firm is publicly traded, please specify the stock exchange and trading symbol.

"Establishment" – Each facility of a firm in India, Indonesia, and/or Korea involved in the
production or export of CTL plate, including auxiliary facilities operated in conjunction with
(whether or not physically separate from) such facilities. Firms operating more than one
establishment in India, Indonesia, and/or Korea should combine the data for all establishments
into a single report.

I-3. <u>U.S. importers</u>.--Please provide the names, contacts, email addresses, and telephone numbers of the <u>FIVE</u> largest U.S. importers of your firm's CTL plate in 2016.

No.	Importer's name	Contact person	Email address	Area code and telephone number	Share of your firm's 2016 U.S. exports (%)

3					
4					
5					

-4.	U.S. or other country production Does your firm or any related firm produce, have the capability to produce, or have any plans to produce CTL plate in the United States or other countries?				
	No YesPlease name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.				
-5.	<u>U.S. importation</u> Does your firm or any related firm import or have any plans to import CTL plate into the United States?				
	No YesPlease name the firm(s) below and ensure that they complete the Commission's importer questionnaire.				
6.	<u>Business plan</u> In Parts II and III of this questionnaire we request a copy of your company's business plan. Does your company or any related firm have a business plan or any internal documents that describe, discuss, or analyze expected future market conditions for CTL plate?				
	No YesPlease provide the requested documents. If you are not providing the requested documents, please explain why not.				

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Carolyn Carlson (202-205-3002, <u>Carolyn.Carlson@usitc.gov</u>). Supply all data requested on a <u>calendar-year</u> basis.

II-1.	Contact informationPlease identify the responsible individual and the manner by which
	Commission staff may contact that individual regarding the confidential information submitted
	in part II.

Name	
Title	
Email	
Telephone	
Fax	

II-2. <u>Changes in operations</u>.--Please indicate whether your firm has experienced any of the following changes in relation to the production of CTL plate since January 1, 2011.

		If checked, please describe; leave blank if not applicable.
	Plant openings	
	Plant closings	
	Relocations	
	Expansions	
	Acquisitions	
	Consolidations	
	Prolonged shutdowns or production curtailments	
	Revised labor agreements	
	Other (e.g., technology)	

II-3a. **Production using same machinery**.--Please report your firm's production of products made on the same equipment and machinery used to produce CTL plate, and the combined production capacity on this shared equipment and machinery.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

"Production" – All production in your establishment(s) in India, Indonesia, and/or Korea, including production consumed internally within your firm.

	ntry trade actionsIs the CTL plate exported by your firm subject to ng/countervailing duty/safeguard findings, remedies, or proceedings?
☐ No	YesList the products(s), countries affected, and the date of such findings/remedies/proceedings.
-	ort marketsIdentify export markets (other than the United States) that your firm oped or where it has increased its sales of CTL plate since 2011. Please identify and low.
Significano	ce of countervailing duty and antidumping duty ordersDescribe the significance of
the existin India, Indo	g countervailing duty and antidumping duty orders covering imports of CTL plate from onesia, and Korea in terms of its effect on your firm's production capacity, production,
	ket shipments, exports to the United States and other markets, and inventories. You to compare your firm's operations before and after the imposition of the order.

II-11. Anticipated changes in operations.--Would your firm anticipate any changes in in the character of its operations or organization, including its production capacity, production, U.S. shipments, inventories, purchases, employment, revenues, costs, profits, cash flow, capital expenditures, research and development expenditures, or asset values relating to the production of CTL plate in the future? Please consider both anticipated changes if the countervailing duty and antidumping duty orders on CTL plate from India, Indonesia, and Korea were to be revoked. Please also note that imports from Korean firm POSCO are not subject to the orders and should not be considered as a part of your response if the orders were revoked.

	No	Yes	If yes, supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentations that address this issue. Include in your response a specific projection of your firm's capacity to produce CTL plate (in short tons) for 2017 and 2018.
If orders remain in place			
If orders are revoked			

II-12. <u>Trade data</u>.--Report your firm's production capacity, production, shipments, and inventories related to the production of CTL plate in your establishment(s) in India, Indonesia, and/or Korea during the specified periods. Do not include resales of CTL plate that your firm did not produce in this question; those data to the degree they are exported to the United States should only be reported in question II-12.

<u>Do not submit data by manufacturing facility if they are in the same country.</u> If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

<u>Do not submit data on multiple countries combined</u>. The establishments reported here should all be located in the country of the firm's address reported on the certification page. Multinational companies with production in multiple subject countries should submit separate foreign producer questionnaire responses for each subject country.

"Average production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

"Production" – All production in your establishment(s) in India, Indonesia, and/or Korea, including production consumed internally within your firm.

"Shipments" – Shipments of products produced in your establishment(s) in India, Indonesia, and/or Korea. Quantities reported should be net of returns. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment in India, Indonesia, and/or Korea.

"Home market commercial shipments" – Shipments, other than internal consumption and transfers to related firms, within India, Indonesia, and/or Korea.

"Home market internal consumption/transfers to related firms" – Shipments made to related firms in India, Indonesia, and/or Korea, including product consumed internally by your firm.

"Export shipments" – Shipments to destinations outside India, Indonesia, and/or Korea, including shipments to related firms.

"Inventories" – Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-12. <u>Trade data</u>.--*Continued*.

RECONCILIATION OF SHIPMENTS, PRODUCTION, AND INVENTORY.--Generally, the data reported for the end-of-period inventories (i.e., line R) should be equal to the beginning-of-period inventories (i.e., line B), plus production (i.e., line C), less total shipments (i.e., lines D, F, H, J, L, and N). Please ensure that any differences are not due to data entry errors in completing this form, but rather actually reflect your firm's records; and also provide any likely explanations for any differences (e.g., theft, loss, damage, record systems issues, etc.) if they exist.

II-14.	Other explanations.—If your firm would like to further explain a response to a question in Part II that did not provide a narrative box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

PART III.--MARKET FACTORS

Further information on this part of the questionnaire can be obtained from **Fernando Gracia (202-205-2747, Fernando.Gracia@usitc.gov)**.

III-1. <u>Contact information.</u>--Please identify the responsible individual and how Commission staff may contact the individual regarding the confidential information submitted in part III.

Name	
Title	
Email	
Telephone	
Fax	

III-2. <u>Contract versus spot</u>.--Approximately what share of your firm's sales of CTL plate to U.S. customers in 2016 was on a (1) long-term contract basis, (2) annual contract basis, (3) short-term contract basis, and (4) spot sales basis?

	Type of sale					
	Long-term contracts (multiple deliveries for more than 12 months)	Annual contracts (multiple deliveries for 12 months)	Short-term contracts (multiple deliveries for less than 12 months)	Spot sales (for a single delivery)	Total (should sum to 100.0%	d o
Share of your 2016 sales	%	%	%	%	0.0	%

III-3. <u>Contract provisions</u>.--Please fill out the table regarding your firm's typical sales contracts with U.S. customers for CTL plate (or check "not applicable" if your firm does not sell on a long-term, short-term and/or annual contract basis).

Typical sales contract provisions	Item	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)
Average contract duration	No. of days		365	
Price renegotiation	Yes			
(during contract period)	No			
	Quantity			
Fixed quantity and/or price	Price			
ana, or price	Both			
Meet or release	Yes			
provision	No			
Not applicable				

III-4. <u>Lead times</u>.--What is your firm's share of sales from inventory and produced to order and what is the typical lead time between a customer's order and the date of delivery for your firm's sales of CTL plate?

Source	Share of 2016 sales	Lead time (average number of days)
From inventory	%	
Produced to order	%	
Total (should sum to 100.0%)	0.0 %	

III-5.	Raw materialsIndicate how CTL plate raw materials prices have changed since January 1,
	2011, and how you expect they will change in the future.

Raw materials prices	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for CTL plate.
Changes since January 1, 2011					
Anticipated changes					

Changes in factors affecting supplyHave any changes occurred in any other factors affecting
supply (e.g., changes in availability or prices of energy or labor; transportation conditions;
production capacity and/or methods of production; technology; export markets; or alternative
production opportunities) that affected the availability of India, Indonesia, and/or Korea-
produced CTL plate in the U.S. market since January 1, 2011?

No	Yes	If yes, please describe.

III-7. **Availability of SUBJECT import supply**.--Do you anticipate any changes in terms of the availability of India, Indonesia, and/or Korea-produced CTL plate in the U.S. market in the future?

Increase	No change	If you anticipate changes in supply, please identify the changes, including the time period and the impact of such changes on shipment volumes and prices.

III-8.	market a other sal as tariffs	nd altern es arrang , quotas,	hiftingDescribe how easily your firm can shift its sales of CTL plate between the U.S. and alternative country markets. In your discussion, please describe any contracts, as arrangements, or other constraints (including any third-country trade barriers such quotas, or other non-tariff barriers) that would prevent or retard your firm from TL plate between the U.S. and alternative country markets within a 12-month period.					
III-9.		lifferent f		•	act range, product mix, or marketing of CTL plate in your firm's home of CTL plate for export to the United States or to third-country

III-15.	<u>Price differences</u> Please compare market prices of CTL plate in your firm's home market, the United States, and third-country markets.					
III-16.			me market Describe briefly your firm's home market for CTL plate, including d competition between, producers.			
III-17.	Import competitionDoes your firm face competition from imports of CTL plate in your firm's home market?					
	No	Yes	If yes, please identify the country sources of these imports.			
III-18.	etc. that production the other (3) the w	you are a on capaci r major pi	Please provide as a separate attachment to this request any studies, surveys, ware of that quantify and/or otherwise discuss CTL plate supply (including ty and capacity utilization) and demand in (1) the United States, (2) each of roducing/consuming countries, including India, Indonesia, and/or Korea, and whole. Of particular interest is such data from 2011 to the present and uture.			
III-19.	Other explanationsIf your firm would like to further explain a response to a question in Part III that did not provide a narrative response box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.					

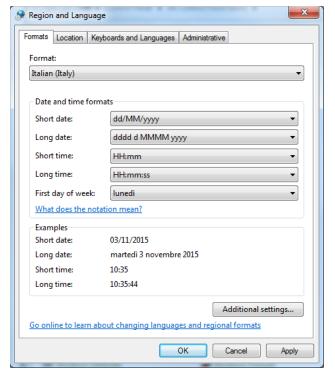

Correcting Valid number error messages.--If you are completing a Commission questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The US International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

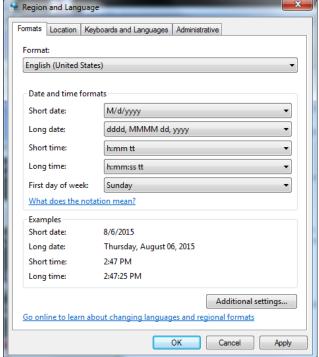

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the USITC foreign producer questionnaire form. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2016/cut to length carbon quality stee l plate india/third review full.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.--Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: CTLP

• E-mail.—E-mail the MS Word questionnaire to Carolyn.Carlson@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm did not produce or export this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

Parties to this proceeding.--If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
