### **U.S. IMPORTERS' QUESTIONNAIRE**

# LARGE DIAMETER WELDED PIPE (LDWP) FROM CANADA, CHINA, GREECE, INDIA, KOREA, AND TURKEY

This questionnaire must be received by the Commission by <u>January 31, 2018</u>

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing duty and antidumping duty investigations concerning large diameter welded pipe (LDWP) from Canada, China, Greece, India, Korea, and Turkey (Inv. Nos. 701-TA-593-596 and 731-TA-1401-1406 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

#### PART I.—GENERAL INFORMATION

**Background.**-- This proceeding was instituted in response to a petition filed on January 17, 2018, by American Cast Iron Pipe Company (Birmingham, Alabama), Berg Steel Pipe Corp. (Panama City, Florida), Berg Spiral Pipe Corp. (Mobile, Alabama), Dura-Bond Industries, Inc. (Export, Pennsylvania), Skyline Steel (Newington, Virginia), and Stupp Corporation (Baton Rouge, Louisiana). Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at <a href="https://usitc.gov/investigations/701731/2018/large\_diameter\_pipe\_canada\_china\_greece\_india/preliminary.htm">https://usitc.gov/investigations/701731/2018/large\_diameter\_pipe\_canada\_china\_greece\_india/preliminary.htm</a>.

<u>LDWP</u> covered by these investigations is welded carbon and alloy steel pipe, more than 406.4 mm (16 inches) in nominal diameter (large diameter welded pipe), regardless of wall thickness, length, surface finish, grade, end finish, or stenciling. Large diameter welded pipe may be used to transport oil, gas, steam, slurry, or other liquids. It may also be used for structural purposes, including piling. Specifically not included is large diameter welded pipe produced only to specifications of the American Water Works Association ("AWWA") for water and sewage pipe.

Large diameter welded pipe used to transport oil, gas, or natural gas liquids is normally produced to the American Petroleum Institute ("API") specification 5L. Large diameter welded pipe may also be produced to American Society for Testing and Materials ("ASTM") standards A500, A252, or A53. Large diameter welded pipe can be produced to comparable foreign specifications or to proprietary grades, or can be non-graded material. All pipe meeting the physical description set forth above is covered by the scope of these investigations, whether or not produced according to a particular standard.

Subject merchandise also includes large diameter welded pipe that has been further processed in a third country, including but not limited to coating, painting, notching, beveling, cutting, punching, welding, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope large diameter welded pipe.

The large diameter welded pipe that is subject to these investigations is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060, 7305.12.5000, 7305.19.1030, 7305.19.1060, 7305.19.5000, 7305.31.4000, 7305.31.6090, 7305.39.1000, and 7305.39.5000. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

<u>Importer</u>.--Any person or firm engaged, either directly or through a parent company or subsidiary, in importing LDWP (as defined above) into the United States from a foreign manufacturer or through its selling agent.

**Reporting of information**.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may

be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.-- The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information**.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

<u>Valid number error messages.</u>—If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Abu B. Kanu (202-205-2597, <a href="mailto:abu.kanu@usitc.gov">abu.kanu@usitc.gov</a>).

l-1.	<u>OMB statistics</u> Please report below the actual number of hours required and the cost to firm of completing this questionnaire.		
	Hours	Dollars	

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 40 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-8. <u>FTZ, TIB, or bonded warehouses</u>.--Please indicate whether your firm enters LDWP into, or withdraws such merchandise from, foreign trade zones or bonded warehouses. Also indicate whether your firm imports LDWP under the TIB (temporary importation under bond) program.

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise, as well as other savings. A foreign trade zone must be designed as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

"Bonded warehouse" is a secured facility supervised by U.S. customs, where dutiable landed imports are stored pending their re-export, or release after payment of import duties, taxes, and other charges. A bonded warehouse must be designed as such pursuant to the rules and procedures set forth in 19 U.S.C. § 1555.

"Temporary Importation under Bond ("TIB") program" is a procedure whereby imported merchandise may be entered under certain conditions for a limited time into the United States free of duty. Under the program, an importer posts a bond for twice the amount of duty, taxes, etc. that would otherwise be owed on the importation and agrees to export or destroy the merchandise within a specified time or pay liquidated damages. This program is restricted to certain categories of merchandise listed in subheadings 9813.00.05 through 9813.00.75 of the Harmonized Tariff Schedule of the United States (HTS).

#### **Definitions**

"Imports" –Those products identified for Customs purposes as imports for consumption for which your firm was the importer of record (i.e., was responsible for paying any import duty) or consignee (i.e., to which the merchandise was first delivered).

"Import quantities" –Quantities reported should be net of returns.

"Import values" — Values reported should be landed, duty-paid values at the U.S. port of entry, including ocean freight and insurance costs, brokerage charges, and import duties (i.e., all charges except inland freight in the United States).

"Commercial U.S. shipments"— Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.

"Internal consumption" – Product consumed internally by your firm. Such transactions are valued at fair market value.

"Transfers to related firms" – Shipments made to related domestic firms. Such transactions are valued at fair market value.

"Related firm" – A firm that your firm solely or jointly owns, manages, or otherwise controls.

**"Export shipments"**— Shipments to destinations outside the United States, including shipments to related firms.

"Inventories" -- Finished goods inventory, not raw materials or work in progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-5a. <u>Imports from Canada</u>.—Report your firm's imports and your firm's shipments and inventories of LDWP imported from Canada by your firm during the specified periods.

#### **PRICE DATA**

III-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2015 of the following products your firm imported from Canada, China, Greece, India, Korea, and Turkey:

Product 1.—Line pipe, 42" OD, 0.600"- 1.000" wall, API 5L X52-X70, regardless of length

Product 2.—Line pipe, 32"- 36" OD, 0.350"- 0.800" wall, API 5L X52-X70, regardless of length

<u>Product 3.</u>—Line pipe, 26"- 30" OD, 0.350"- 0.800" wall, API 5L X52-X70, regardless of length

<u>Product 4</u>.—Structural pipe, 18"- 24" OD, 0.375"- 0.750" wall, ASTM A252, A1035, or similar, regardless of length

<u>Product 5</u>.—Structural pipe, >24"- 32" OD, 0.500"- 1.000" wall, ASTM A252, A1035, or similar, regardless of length

Product 6.—Line pipe, 20"- 24" OD, 0.300"- 0.500" wall, API 5L X60-X70, regardless of length

Please note that values should be <u>f.o.b.</u>, <u>U.S.</u> <u>point of shipment</u> and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

During January 2015-December 2017, did your firm import from Canada, China, Greece, India, Korea, and Turkey and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data tables as appropriate.
NoSkip to question III-3.

III-10. <u>Geographical shipments.</u>--In which U.S. geographic market area(s) has your firm sold LDWP imported from subject countries since January 1, 2015 (check all that apply)?

**Total** (should sum to 100.0%)

Geographic area	Canada	China	Greece	India	Korea	Turkey
NortheastCT, ME, MA, NH, NJ, NY, PA, RI, and VT.						
Midwest.–IL, IN, IA, KS, MI, MN, MO, NE, ND, OH, SD, and WI.						
Southeast.—AL, DE, DC, FL, GA, KY, MD, MS, NC, SC, TN, VA, and WV.						
Central Southwest.—AR, LA, OK, and TX.						
<b>Mountains</b> .–AZ, CO, ID, MT, NV, NM, UT, and WY.						
Pacific Coast.–CA, OR, and WA.						
Other.—All other markets in the United States not previously listed, including AK, HI, PR, and VI.						

III-11. **End uses.--**List the end uses of the LDWP that your firm imports. For each end-use product, what percentage of the <u>total cost</u> is accounted for by LDWP and other inputs?

	Share of total cost	Total	
			(should sum to
End use product	LDWP	Other inputs	100.0% across)
	%	%	0.0 %
	%	%	0.0 %
	%	%	0.0 %

	No	Yes	If yes, describe	е.
III-16.	January 1, declining t	2015 (exa to accept n	mples include pla new customers or	used, declined, or been unable to supply LDWP since cing customers on allocation or "controlled order entry," renew existing customers, delivering less than the eet timely shipment commitments, etc.)?
	No	Yes	If yes, please des	cribe.

III-17. Raw materials.--How have LDWP raw material prices changed since January 1, 2015?

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for LDWP.

III-18. <u>Interchangeability.--</u>Is LDWP produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

0 = *no familiarity* with products from a specified country-pair

Country-pair	Canada	China	Greece	India	Korea	Turkey	Other countries
United States							
Canada							
China							
Greece			$\times$				
India				$\rightarrow$			
Korea					$\rightarrow$		
Turkey						$\times$	
For any country-pair producing LDWP that is <i>sometimes</i> or <i>never</i> interchangeable, identify the country-							

For any country-pair producing LDWP that is *sometimes* or *never* interchangeable, identify the country-pair and explain the factors that limit or preclude interchangeable use:

III-19. <u>Factors other than price</u>.--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, *etc*.) between LDWP produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = no familiarity with products from a specified country-pair

Country-pair	Canada	China	Greece	India	Korea	Turkey	Other countries
United States							
Canada							
China		$\times$					
Greece			$\times$				
India			$\times$	><			
Korea		$\times$	$\times$		$\times$		
Turkey			>	><	>	$\times$	

For any country-pair for which factors other than price *always* or *frequently* are a significant factor in your firm's sales of LDWP, identify the country-pair and report the advantages or disadvantages imparted by such factors:

III-20. <u>Customer identification</u>.--List the names and contact information for your firm's 10 largest U.S. customers for LDWP since January 1, 2015. Indicate the share of the quantity of your firm's total shipments of LDWP that each of these customers accounted for in 2017.

	Customer's name	Contact person	Email	Telephone	City	State	Share of 2017 sales (%)

III-21.	Other explanationsIf your firm would like to further explain a response to a question in Part III that did not provide a narrative response box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

Correcting Valid number error messages.——If you are completing a Commission questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The US International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the questionnaire. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

### **HOW TO FILE YOUR QUESTIONNAIRE RESPONSE**

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://usitc.gov/investigations/701731/2018/large\_diameter\_pipe\_canada\_china\_gree ce\_india/preliminary.htm.

**Please do not attempt to modify the format or permissions of the questionnaire document**. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: <a href="https://dropbox.usitc.gov/oinv/">https://dropbox.usitc.gov/oinv/</a> Pin: PIPE

• E-mail.—E-mail the MS Word questionnaire to <a href="mailto:abu.kanu@usitc.gov">abu.kanu@usitc.gov</a>; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

**If your firm** did not import this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
