### **U.S. IMPORTERS' QUESTIONNAIRE**

### RUBBER BANDS FROM CHINA, SRI LANKA, AND THAILAND

This questionnaire must be received by the Commission by February 13, 2018

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping and countervailing duty investigations concerning rubber bands from China, Sri Lanka, and Thailand (Inv. Nos. 701-TA-598-600 and 731-TA-1408-1410 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

I understa

#### PART I.—GENERAL INFORMATION

**Background.**--This proceeding was instituted in response to a petition filed on January 30, 2018 by Alliance Rubber Co., Hot Springs, Arkansas. Antidumping and countervailing duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of dumping and subsidization. Questionnaires and other information pertinent to this proceeding are available at <a href="https://www.usitc.gov/investigations/701731/2018/rubber\_bands\_china\_sri\_lanka\_and\_thailand/preliminary.htm">https://www.usitc.gov/investigations/701731/2018/rubber\_bands\_china\_sri\_lanka\_and\_thailand/preliminary.htm</a>.

<u>Rubber bands</u> covered by the scope of these investigations are defined as bands made of vulcanized rubber, with a flat length, as measured end-to-end by the band lying flat, no less than 1/2 inch and no greater than 10 inches; with a width, which measures the dimension perpendicular to the length, of at least 3/64 inch and no greater than 2 inches; and a wall thickness from 0.020 inch to 0.125 inch. Vulcanized rubber has been chemically processed into a more durable material by the addition of sulfur or other equivalent curatives or accelerators. Subject products are included regardless of color or inclusion of printed material. The scope includes vulcanized rubber bands which are contained or otherwise exist in various fowls and packages, such as, without limitation, vulcanized rubber bands included within a desk accessory set or other type of set or package, and vulcanized rubber band balls, but excludes Bedford Elastitags®, and bands that are being used at the time of import to fasten an imported product.

Rubber bands are currently imported under statistical reporting number 4016.99.3510 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

<u>Select excluded (or out-of-scope) rubber band products</u> are as follows: (1) Vulcanized rubber bands with a flat length less than 1/2 inches or greater than 10 inches, a width less than 3/64 inches or greater than 2 inches, or a wall thickness less than 0.020 inches or greater than 0.125 inches ("Excluded vulcanized rubber bands"); (2) Bedford Elastitags®; and (3) Non-latex rubber bands.

<u>Importer</u>.--Any person or firm engaged, either directly or through a parent company or subsidiary, in importing rubber bands (as defined above) into the United States from a foreign manufacturer or through its selling agent.

<u>Reporting of information</u>.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information**.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

<u>Valid number error messages.</u>--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Amanda Lawrence (202-205-3185, amanda.lawrence@usitc.gov).

I-1. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars		

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 40 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-8. <u>FTZ, TIB, or bonded warehouses</u>.--Please indicate whether your firm enters rubber bands into, or withdraws such merchandise from, foreign trade zones or bonded warehouses. Also indicate whether your firm imports rubber bands under the TIB (temporary importation under bond) program.

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise, as well as other savings. A foreign trade zone must be designed as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

"Bonded warehouse" is a secured facility supervised by U.S. customs, where dutiable landed imports are stored pending their re-export, or release after payment of import duties, taxes, and other charges. A bonded warehouse must be designed as such pursuant to the rules and procedures set forth in 19 U.S.C. § 1555.

"Temporary Importation under Bond ("TIB") program" is a procedure whereby imported merchandise may be entered under certain conditions for a limited time into the United States free of duty. Under the program, an importer posts a bond for twice the amount of duty, taxes, etc. that would otherwise be owed on the importation and agrees to export or destroy the merchandise within a specified time or pay liquidated damages. This program is restricted to certain categories of merchandise listed in subheadings 9813.00.05 through 9813.00.75 of the Harmonized Tariff Schedule of the United States (HTS).

### **Definitions**

"Imports" –Those products identified for Customs purposes as imports for consumption for which your firm was the importer of record (i.e., was responsible for paying any import duty) or consignee (i.e., to which the merchandise was first delivered).

"Import quantities" –Quantities reported should be net of returns.

"Import values" — Values reported should be landed, duty-paid values at the U.S. port of entry, including ocean freight and insurance costs, brokerage charges, and import duties (i.e., all charges except inland freight in the United States).

"Bulk commercial U.S. shipments" – Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report <u>net values</u> (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment. For the purposes of this questionnaire, bulk commercial U.S. shipments should include sales to distributors, to end users, and to retail establishments, whether or not already packaged for retail sale, but should not include sales made at the retail level of trade to individual customers (including to other businesses).

"Internal consumption / including for retail sale" -- Product consumed internally by your firm and product that is destined for sale by your firm at a retail level to individual consumers. Such transactions should be valued at fair market value of the bulk rubber bands (i.e., not the retail price).

"Transfers to related firms" – Shipments made to related domestic firms. Such transactions are valued at fair market value.

"Related firm" – A firm that your firm solely or jointly owns, manages, or otherwise controls.

**"Export shipments"**— Shipments to destinations outside the United States, including shipments to related firms.

"Inventories" -- Finished goods inventory, not raw materials or work in progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-5a. <u>U.S. imports from China</u>.—Report your firm's imports and your firm's shipments and inventories of in-scope rubber bands imported from China by your firm during the specified periods.

### **PRICE DATA**

- III-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2015 of the following products your firm imported from China, Sri Lanka, and/or Thailand:
  - **Product 1.--** Size #32 rubber bands (3" x 1/8"), natural/latex, sold in 1 lb. poly bags
  - Product 2.-- Size #33 rubber bands (3 1/2" x 1/8"), natural/latex, sold in 1 lb. poly bags
  - Product 3.-- Size #64 rubber bands (3 1/2" x 1/4"), natural/latex, sold in 1 lb. poly bags
  - <u>Product 4.--</u> Size #18 rubber bands (3" x 1/16"), newspaper size, natural/latex, sold in 1 lb. poly bags
  - **Product 5.--** Size #14 rubber bands (2" x 1/16"), agricultural size, natural/latex, sold in 1 lb. poly bags
  - **Product 6.--** Size #16, rubber bands (2 1/2" x 1/16"), agricultural size, natural /latex, sold in 1 lb. poly bags

Please note that values should be <u>f.o.b.</u>, <u>U.S.</u> <u>point of shipment</u> and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

During January 2015-December 2017, did your firm import from China, Sri Lanka, and Thailand and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data table(s) as appropriate.
NoSkip to question III-3.

III-2(a). <u>Price data</u>.--Report below the quarterly price data<sup>1</sup> for pricing products<sup>2</sup> imported from China and sold by your firm.

U.S. Importers'	'Questionnaire - Rubber Band	(Preliminary
-----------------	------------------------------	--------------

III-2 (d). <u>Price data checklist.</u>--Please check that the pricing data in question III-2(a) has been correctly reported.

Is the price data reported above:	√ if Yes
In actual dollars ( <i>not</i> \$1,000) and pounds?	
F.o.b. U.S. point of shipment (i.e., does not include U.S. transport costs)?	
Net of all discounts and rebates?	
Have returns credited to the quarter in which the sale occurred?	
Less than reported commercial shipments in Part II in each year?	
Pricing data methodologyPlease describe the method and the kinds of docuthat were used to compile your price data.	ments/records

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the price data, as Commission staff may contact your firm regarding questions on the price data. The Commission may also request that your company submit copies of the supporting documents/records (such as sales journal, invoices, etc.) used to compile these data.

III-3.	Imports for internal use or retail sale Did your firm import any of the pricing products
	identified above (III-2) for internal consumption or use for sales in your firm's retail locations
	since January 1, 2015?

□ No	YesPlease fill out the table.	
1 111()	i yesPiease iiii out the table.	

	Share of imports	Share of imports for internal consumption or retail sales in 2017 (percent)				
	China (share of internal consumption reported in II-5a)	Sri Lanka (share of internal consumption reported in II-6a)	Thailand (share of internal consumption reported in II-7a)

III-16.	<b>Conditions o</b>	f com	petition.—

(a)	Is the rubber bands market subject to business cycles (other than general economy-wide
	conditions) and/or other conditions of competition distinctive to rubber bands?

Check all	that apply.		Please describe.			
	No		Skip to question III-16.			
	Yes-Business cycles (e.g. seasonal business)					
	Yes-Other distinctive conditions of competition					
	(b) If yes, have there been any changes in the business cycles or conditions of competition for rubber bands since January 1, 2015?					
No	Yes	If yes, describe	e.			

III-17. **Supply constraints.--**Has your firm refused, declined, or been unable to supply rubber bands since January 1, 2015 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, being unable to meet timely shipment commitments, etc.)?

No	Yes	If yes, please describe.

III-18. Raw materials.--How have rubber bands raw material prices changed since January 1, 2015?

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for rubber bands.

III-19. **Bundling sales.--**Does your firm bundle sales of rubber bands with other products?

No	Yes	Estimate share of your rubber band sales that were sold in a bundle in 2017	Describe other product(s) that are typically in bundled sales

III-20. Interchangeability.—Are rubber bands produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

- A = the products from a specified country-pair are *always* interchangeable
- F = the products are *frequently* interchangeable
- S = the products are *sometimes* interchangeable
- N = the products are *never* interchangeable
- 0 = no familiarity with products from a specified country-pair

United States				
China				
Sri Lanka				
Thailand				
	y-pair producing rubl untry-pair and explai			- ·

III-21. <u>Factors other than price</u>.--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, *etc.*) between rubber bands produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = no familiarity with products from a specified country-pair

Country-pair	China	Sri Lanka	Thailand	Other countries
United States				
China				
Sri Lanka				
Thailand				

For any country-pair for which factors other than price *always* or *frequently* are a significant factor in your firm's sales of rubber bands, identify the country-pair and report the advantages or disadvantages imparted by such factors:

#### PART IV.-- ALTERNATIVE PRODUCTS

Further information on this part of the questionnaire can be obtained from Amanda Lawrence (202-205-3185, amanda.lawrence@usitc.gov).

IV-1. <u>Comparability of rubber band products.</u>--For each of the following product pairs indicate whether in-scope rubber bands produced in the United States are:

F: fully comparable or the same, i.e., have no differentiation between them;

M: mostly comparable or similar;

S: somewhat comparable or similar;

N: never or not-at-all comparable or similar; or

0: no familiarity with products.

Note.--Excluded vulcanized rubber bands, as defined on page 2, include bands made of vulcanized rubber with a flat length less than 1/2" or greater than 10", a width less than 3/64" or greater than 2", and a wall thickness less than 0.020" or greater than 0.125".

(a) <u>Physical Characteristics and Uses</u>.--The differences and similarities in the physical characteristics and uses.

Product-pair	Excluded vulcanized rubber bands	Bedford Elastitags®	Non-latex rubber bands
In-scope rubber bands			

For any product-pair for which you indicated "S" or "N", please provide a narrative discussion for the comparability ratings you provided in terms of their *physical characteristics and uses*:

(b) Interchangeability.--The ability to substitute the products in the same application.

Product-pair	Excluded vulcanized rubber bands	Bedford Elastitags®	Non-latex rubber bands
In-scope rubber bands			

For any product-pair for which you indicated "S" or "N", please provide a narrative discussion for the comparability ratings you provided in terms of their *interchangeability*:

#### IV-1. Comparability of rubber band products.--Continued

(c) <u>Common manufacturing facilities, production processes, and production</u>
<u>employees</u>.--Whether manufactured in the same facilities, from the same inputs, on the same machinery and equipment, and using the same employees.

Product-pair	Excluded vulcanized rubber bands	Bedford Elastitags®	Non-latex rubber bands
In-scope rubber bands			

For any product-pair for which you indicated "S" or "N", please provide a narrative discussion for the comparability ratings you provided in terms of their <u>common manufacturing facilities, production processes, and production employees</u>:

(d) <u>Channels of distribution</u>.--Channels of distribution/market situation through which the products are sold (i.e., sold direct to end users, through wholesalers/distributors, etc.).

Product-pair	Excluded vulcanized rubber bands	Bedford Elastitags®	Non-latex rubber bands
In-scope rubber bands			

For any product-pair for which you indicated "S" or "N", please provide a narrative discussion for the comparability ratings you provided in terms of their <u>channels of distribution</u>:

(e) <u>Consumer and producer perceptions</u>.--Perceptions as to the differences and/or similarities.

Product-pair	Excluded vulcanized rubber bands	Bedford Elastitags®	Non-latex rubber bands
In-scope rubber bands			

For any product-pair for which you indicated "S" or "N", please provide a narrative discussion for the comparability ratings you provided in terms of their <u>consumer and producer perceptions</u>:

#### IV-1. Comparability of rubber band products.--Continued

(f) **Price**.--Whether prices are comparable or differ between products.

Product-pair	Excluded vulcanized rubber bands	Bedford Elastitags®	Non-latex rubber bands
In-scope rubber bands			

For any product-pair for which you indicated "S" or "N", please provide a narrative discussion for the comparability ratings you provided in terms of their <u>price</u>:

IV-2. Out-of-scope rubber band imports.--Report your firm's imports of out-of-scope rubber band products (i.e. excluded vulcanized rubber bands, as defined on page 2, Bedford Elastitags®, and non-latex rubber bands) from China, Sri Lanka, Thailand, and all other sources. Data reported below should not be included in data reported in part II.

### (a) **Imports from China**

IV-3. Other explanationsIf your fithat did not provide a narrative explanation in the space provifirm had in providing the data the MS Word questionnaire.	re response box, please no ided below. Please also us	ote the question num se this space to highlig	ber and the ght any issues your	

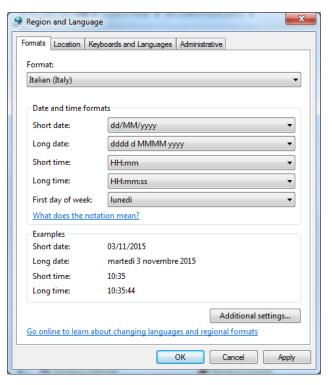

Correcting Valid number error messages.—If you are completing a Commission questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The US International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

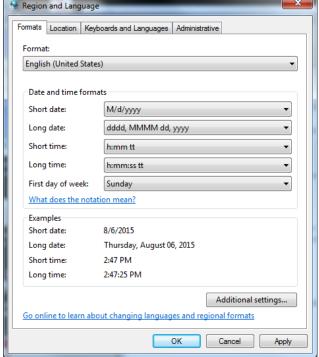

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the questionnaire. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

# **HOW TO FILE YOUR QUESTIONNAIRE RESPONSE**

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2018/rubber bands china sri lanka and thailand/preliminary.htm.

**Please do not attempt to modify the format or permissions of the questionnaire document**. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: <a href="https://dropbox.usitc.gov/oinv/">https://dropbox.usitc.gov/oinv/</a> Pin: BAND

• E-mail.—E-mail the MS Word questionnaire to amanda.lawrence@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

**If your firm** did not import this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
