GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on April 17 2018, by Cambria Company LLC, Eden Prairie, Minnesota. Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce (“Commerce”) makes an affirmative determination of subsidization and/or dumping. U.S. producers of quartz surface products have provided the USITC with allegations about sales or revenue that they have lost due to competition from imports of quartz surface products from China. One or more domestic producer(s) have named your firm in such an allegation.

Quartz surface products covered by the investigations are products consisting of slabs and other surfaces created from a mixture of materials that includes predominately silica (e.g., quartz, quartz powder, cristobalite) as well as a resin binder (e.g., an unsaturated polyester). The incorporation of other materials, including but not limited to pigments, cement or other additives, does not remove the merchandise from the scope of the investigations. Quartz surface products are typically sold as slabs with a total surface area of approximately 45 to 60 square feet and a nominal thickness of 1 centimeter, 2 centimeters, or 3 centimeters. However, the scope of these investigations includes products of all sizes, thicknesses, and shapes. Quartz surface products are covered by the investigations whether polished or unpolished, cut or uncut, fabricated or not fabricated, cured or uncured, edged or not edged, finished or unfinished, thermoformed or not thermoformed, further processed or not further processed, packaged or unpackaged, and regardless of the type of surface finish.

In addition, quartz surface products are covered by the investigations whether or not they are imported attached to or in conjunction with non-subject merchandise such as sinks, sink bowls, vanities, cabinets, and furniture. If quartz surface products are imported attached to or in conjunction with such non-subject merchandise, only the quartz surface product is covered by the scope.

Excluded from the scope of the investigations are quarried stone slabs such as granite, marble, soapstone, or quartzite.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise fabricated or further processed in a third country, including by cutting, polishing, curing, edging, thermoforming, attaching to or packaging with another product, or any other finishing, packaging, fabrication, or further processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the quartz surface products.

The products subject to the scope are currently classified in the Harmonized Tariff Schedule of the United States (“HTSUS”) under subheading 6810.99.00 and are reported under statistical reporting number 6810.99.0010. Goods of a type described in Commerce’s scope may also be imported under subheadings 6802.91 or 6802.93 or statistical reporting numbers 6810.11.0010, 6810.11.0070, 6810.19.1200, 6810.19.1400, 6810.19.5000, 6810.91.0000, 6810.99.0010, 6810.99.0080, 6815.91.0070, 2506.10.0010, 2506.10.0050, 2506.20.0010, 2506.20.0080, 2515.11.0000, 2515.12.1000, 2515.12.2000, 2516.11.0000, 2516.20.1000, 2517.41.0000, and 2529.10.0000. The HTSUS subheadings and statistical reporting numbers set forth above are provided for convenience and administrative purposes only. The written description of the scope is dispositive.

Reporting of information.--If information is not readily available from your records, provide carefully prepared estimates.

Confidentiality.--The data furnished in response to this survey that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Release of information.--The information provided by your firm in response to this survey, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. Please also retain a copy of the final document that you submit.

Contact information.--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in this survey. This may or may not be the person whose signature is at the bottom of page 1.

Hours	Dollars

The questions in this survey have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this survey is estimated to average 4 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the survey.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this survey. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

HOW TO FILE YOUR SURVEY RESPONSE

Please do not attempt to modify the format or permissions of the survey document.

Please submit the completed survey using one of the methods noted below. If your firm is unable to complete the MS Word survey or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word survey along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:
