
LOST SALES AND LOST REVENUE SURVEY

LOW MELT POLYESTER STAPLE FIBER FROM KOREA AND TAIWAN

This survey must be received by the Commission by **July 11, 2017**
See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping duty investigations concerning low melt polyester staple fiber (PSF) from Korea and Taiwan (Inv. Nos. 731-TA-1378 and 1379 (Preliminary)). The information requested in the survey is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)). Further information on this survey can be obtained from Nabil Abbyad (202-708-1446, nabil.abbyad@usitc.gov).

CERTIFICATION

I certify that the information herein supplied in this survey is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By submitting this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this survey and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.

I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this investigation or other proceeding may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.

GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on June 27, 2017, by Nan Ya Plastics Corporation, Livingston, New Jersey. Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of dumping. U.S. producers of low melt PSF have provided the USITC with allegations about sales or revenue that they have lost due to competition from imports of low melt PSF from Korea and Taiwan. One or more domestic producer(s) have named your firm in such an allegation.

Low melt polyester staple fiber covered by these investigations is synthetic staple fibers, not carded or combed, specifically bi-component polyester fibers having a polyester fiber component that melts at a lower temperature than the other polyester fiber component, used for bonding fibers together ("low melt PSF"). The scope includes bi-component polyester staple fibers of any denier or cut length. The subject merchandise may be coated, usually with a finish or dye, or not coated.

The following merchandise is excluded from the scope: (1) polyester staple fiber equal to or greater than 3.3 decitex (greater than 3 denier, inclusive) that are not bi-component fiber, currently classifiable in the Harmonized Tariff Schedule of the United States at statistical reporting numbers 5503.20.0045 and 5503.20.0065; (2) polyester staple fiber of less than 3.3 decitex (less than 3 denier) that are not bi-component fiber, currently classifiable in the Harmonized Tariff Schedule of the United States at subheadings 5503.20.0025.

Low melt polyester staple fiber is classifiable under statistical reporting number 5503.20.0015 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

Confidentiality.--The data furnished in response to this survey that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (*see* 19 U.S.C. 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Release of information.--The information provided by your firm in response to this survey, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar

merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. Please also retain a copy of the final document that you submit.

Contact information.--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in this survey. This may or may not be the person whose signature is at the bottom of page 1.

6. **Method of purchase**--Please provide a general description of your firm’s method(s) of purchase (e.g., individual purchase, contract, bids, Internet purchases, etc.) for low melt PSF.

7. **Other explanations**--Please provide any additional comments in this box.

OMB INFORMATION

8. **OMB statistics.**--Please report the actual number of hours required and the cost to your firm of completing this survey.

Hours	Dollars

The questions in this survey have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this survey is estimated to average 4 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the survey.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this survey. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

HOW TO FILE YOUR SURVEY RESPONSE

Please do not attempt to modify the format or permissions of the survey document.

Please submit the completed survey using one of the methods noted below. If your firm is unable to complete the MS Word survey or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word survey along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

- **Web address:** <https://dropbox.usitc.gov/oinv/>
- **Enter Investigation:** Select “**Low Melt Polyester Staple Fiber**” in the drop down menu
- **Pin:** **LMPSF**

- **E-mail.**—E-mail the MS Word survey to nabil.abyad@usitc.gov; include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

If your firm did not purchase this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.
