GENERAL INFORMATION

Background.-- This proceeding was instituted in response to a petition filed on August 9, 2017, by North Pacific Paper Company ("NORPAC"), Longview, Washington. Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. U.S. producers of UGW paper have provided the USITC with allegations about sales or revenue that they have lost due to competition from imports of UGW paper from Canada. One or more domestic producer(s) have named your firm in such an allegation.

Uncoated ground wood paper covered by these investigations includes certain paper that has not been coated on either side and with 50 percent or more of the cellulose fiber content consisting of groundwood pulp, or deinked pulp made from recycled ONP (old newspapers), weighing not more than 90 grams per square meter. Groundwood pulp includes all forms of pulp produced from a mechanical process, such as thermo-mechanical process ("TMP"), chemi-thermo mechanical process ("CTMP"), or bleached chemi-thermo mechanical process ("BCTMP") or any other process other than the bleached Kraft process. The scope includes paper shipped in any form, including both rolls and sheets.

Certain uncoated groundwood paper includes but is not limited to standard newsprint, high bright newsprint, book publishing, directory, and printing and writing papers. The scope includes paper that is white, off-white, cream, or colored.

Specifically excluded from the scope are imports of paper printed with final content of printed text or graphic. Also excluded are papers that otherwise meet this definition, but which have undergone a supercalendering process.

UGW paper is currently imported under statistical reporting numbers 4801.00.0120, 4801.00.0140, 4802.61.1000, 4802.61.2000, 4802.61.3010, 4802.61.3110, 4802.61.3191, 4802.61.6040, 4802.62.1000, 4802.62.2000, 4802.62.3000, 4802.62.6140, 4802.69.1000, 4802.69.2000, and 4802.69.3000¹ of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.
