U.S. IMPORTERS' QUESTIONNAIRE

Small Diameter Graphite Electrodes from China

This questionnaire must be received by the Commission by November 8, 2019

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its review of the antidumping duty order concerning small diameter graphite electrodes from China (inv. No. 731-TA-1143 (Second Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

CERTIFICATION

I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury investigations or reviews conducted by the Commission on the same or similar merchandise.

I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceedings may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.

Name of Authorized Official	Title of Authorized Official	Date	

PART I. — GENERAL INFORMATION

Background.--On February 26, 2009, the Department of Commerce ("Commerce") issued an antidumping duty order on imports of small diameter graphite electrodes from China. On May 1, 2019, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make an affirmative determination, the order will remain in place. If either the Commission or Commerce makes a negative determination, Commerce will revoke the order. Questionnaires and other information pertinent to this proceeding are available at https://www.usitc.gov/investigations/701731/2019/small_diameter_graphite_electrodes_china/second_review_full.htm.

Small diameter graphite electrodes covered by this review are: (A)II small diameter graphite electrodes of any length, whether or not finished, of a kind used in furnaces, with a nominal or actual diameter of 400 millimeters (16 inches) or less, and whether or not attached to a graphite pin joining system or any other type of joining system or hardware. The merchandise covered by the order also includes graphite pin joining systems for small diameter graphite electrodes, of any length, whether or not finished, of a kind used in furnaces, and whether or not the graphite pin joining system is attached to, sold with, or sold separately from, the small diameter graphite electrodes. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes are most commonly used in primary melting, ladle metallurgy, and specialty furnace applications in industries including foundries, smelters, and steel refining operations. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) 8545.11.0010, 3801.10, and 8545.11.0020. The HTS statistical reporting numbers are provided for convenience and customs purposes, but

Reporting of information.--If information is not readily available from your records in exactly the form requested, furnish carefully prepared estimates. If your firm is completing more than one questionnaire in connection with this proceeding (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions in the questionnaires.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

<u>Release of information</u>.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the

Page 3

Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

<u>Valid number error messages.</u>--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Nitin Joshi (202-708-1669, nitin.joshi@usitc.gov).

D-GRIDS tool.--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macro-enabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is <u>optional</u>. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 40 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2a. <u>Establishments covered</u>.--Provide the name and address of establishment(s) covered by this questionnaire.

"<u>Establishment</u>"--Each facility of a firm involved in the <u>importation</u> of small diameter graphite electrodes, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

- I-2b. <u>Stock symbol information.</u>-- If your firm or parent firm is publicly traded, please specify the stock exchange and trading symbol: _____.
- I-2c. **External counsel.**-- If your firm or parent firm is represented by external counsel in relation to this proceeding, please specify the name of the law firm and the lead attorney(s).

Law firm: _____. Lead attorney(s): _____.

I-3. **Ownership.--**Is your firm owned, in whole or in part, by any other firm?

No

Yes--List the following information.

Firm name	Address	Extent of ownership (percent)

I-4. **<u>Related importers/exporters.</u>--**Does your firm have any related firms, either domestic or foreign, that are engaged in importing small diameter graphite electrodes into the United States or that are engaged in exporting small diameter graphite electrodes to the United States?

🗌 No

Yes--List the following information.

Firm name	Country	Affiliation

- I-5. **<u>Related producers.--</u>**Does your firm have any related firms, either domestic or foreign, that are engaged in the production of small diameter graphite electrodes?
 - No Yes--List the following information.

Firm name	Country	Affiliation

I-6. **Importing operations.--**Please indicate the nature of your firm's importing operations on small diameter graphite electrodes. More than one answer may be applicable.

Importer of record	Takes title to the	Consignee of the	Customs broker or
	imported product(s)	imported products(s)	freight forwarder

I-7. **Consignees.-**-If your firm is an importer of record of small diameter graphite electrodes but is not the consignee, please list the consignees below (firm name, address, telephone number, and individual to contact).

Firm name	Address	Contact person and phone number

I-8. **FTZ, TIB, or bonded warehouses**.--Please indicate whether your firm enters small diameter graphite electrodes into, or withdraws such merchandise from, foreign trade zones or bonded warehouses. Also indicate whether your firm imports small diameter graphite electrodes under the TIB (temporary importation under bond) program.

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise, as well as other savings. A foreign trade zone must be designated as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

"Bonded warehouse" is a secured facility supervised by U.S. customs, where dutiable landed imports are stored pending their re-export, or release after payment of import duties, taxes, and other charges. A bonded warehouse must be designed as such pursuant to the rules and procedures set forth in 19 U.S.C. § 1555.

"Temporary Importation under Bond ("TIB") program" is a procedure whereby, imported merchandise may be entered under certain conditions for a limited time into the United States free of duty. Under the program, an importer posts a bond for twice the amount of duty, taxes, etc. that would otherwise be owed on the importation and agrees to export or destroy the merchandise within a specified time or pay liquidated damages. This program is restricted to certain categories of merchandise listed in subheadings 9813.00.05 through 9813.00.75 of the Harmonized Tariff Schedule (HTS).

Item	No	Yes
Foreign trade zones		
Bonded warehouses		
Temporary importation under bond		

I-9. <u>Business plan</u>.--In Parts II and III of this questionnaire we request a copy of your company's business plan. Does your company or any related firm have a business plan or any internal documents that describe, discuss, or analyze expected market conditions for small diameter graphite electrodes?

No	Yes	If yes, please provide the requested documents. If you are not providing the requested documents, please explain why not.

I-10. <u>Other trade actions</u>.--To your knowledge, have the products subject to this proceeding been the subject of any other import relief proceedings in the United States or in any other countries?

No	Yes	If yes, please specify.

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Nitin Joshi (202-708-1669, nitin.joshi@usitc.gov). **Supply all data requested on a** <u>calendar-year</u> basis.

II-1. <u>Contact information</u>.--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in part II.

Name	
Title	
Email	
Telephone	

II-2a. <u>Changes in operations</u>.--Please indicate whether your firm has experienced any of the following changes in relation to the importation of small diameter graphite electrodes since January 1, 2014.

Chec	k as many as appropriate.	If checked, please describe; leave blank if not applicable.
	Office/warehouse openings	
	Office/warehouse closings	
	Relocations	
	Expansions	
	Acquisitions	
	Consolidations	
	Prolonged shutdowns or importation curtailments	
	Revised labor agreements	
	Other (e.g., technology)	

II -2b <u>Anticipated changes in operations</u>.—Does your firm anticipate any changes in in the character of its operations or organization relating to the importation of small diameter graphite electrodes in the future?

No	Yes	If yes, supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentations that address this issue.

II-3. <u>Arranged imports</u>.--Has your firm imported or arranged for the importation of small diameter graphite electrodes for delivery after September 30, 2019?

"Arranged imports" are imports for which your firm has placed an order with a foreign supplier for subject merchandise, but delivery of those imports is not scheduled to occur until after the date listed above.

No Yes–Fill out the table below.

Quantity (in metric tons)								
Period/Source Oct-Dec 2019 Jan-Mar 2020 Apr-Jun 2020 Jul-Sept 2020								
China								
All other sources								

II-4. <u>**Reasons for importing if producer.--**If your firm also produces small diameter graphite electrodes in the United States, please indicate the reasons for importing this product. If your firm's reasons differ by source, please elaborate.</u>

Definitions

"Imports" –Those products identified for Customs purposes as imports for consumption for which your firm was the importer of record (i.e., was responsible for paying any import duty) or consignee (i.e., to which the merchandise was first delivered).

"Import quantities" -Quantities reported should be net of returns.

"Import values"—Values reported should be landed, duty-paid values at the U.S. port of entry, including ocean freight and insurance costs, brokerage charges, and import duties (i.e., all charges except inland freight in the United States).

"U.S. commercial shipments"— Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.

"Internal consumption" – Product consumed internally by your firm. Such transactions are valued at fair market value.

"Transfers to related firms" –Shipments made to related firms. Such transactions are valued at fair market value.

"Related firm" –A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

"Export shipments"— Shipments to destinations outside the United States, including shipments to related firms.

"Inventories" -- Finished goods inventory, not raw materials or work in progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-5a. <u>Imports: China</u>.--Report your firm's imports and your firm's shipments and inventories of small diameter graphite electrodes imported from China during the specified periods.

CHINA

- II-7. <u>Effect of order</u>.--Describe the significance of the existing antidumping duty order covering imports of small diameter graphite electrodes from China in terms of its effect on your firm's imports, U.S. shipments of imports, and inventories. You may wish to compare your firm's operations before and after the imposition of the order.
- II-8. <u>Likely impact of revocation</u>. --Would your firm anticipate any changes in the character of its operations or organization, including its imports, U.S. shipments of imports, or inventories of small diameter graphite electrodes in the future if the antidumping duty order on small diameter graphite electrodes from China were to be revoked?

No	If yes, supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentations that address this issue.

- II-9. **Transfers to related firms.-**-If your firm reported transfers to related firms in any of the data tables in part II, please identify the firm(s) and indicate the nature of the relationship between your firm and the related firms (e.g., joint venture, wholly owned subsidiary) and whether the transfers were priced at market value or by a non-market formula.
- II-10. <u>Other explanations</u>.--If your firm would like to further explain a response to a question in Part II for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

PART III.--PRICING AND MARKET FACTORS

Further information on this part of the questionnaire can be obtained from John Benedetto (202-205-3270, john.benedetto@usitc.gov).

III-1. <u>Contact information</u>.--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in Part III.

PRICE DATA

- III-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. <u>end user</u> customers of the following products your firm imported from China: (please do <u>not</u> report data for shipments to distributors)
 - **Product 1.**—RP graphite electrodes, 350 mm. (14 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.
 - **Product 2.--** UHP graphite electrodes, 350 mm. (14 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.
 - **Product 3.** UHP graphite electrodes, 400 mm. (16 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.

Please note that values should be <u>on a delivered basis</u> and should include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

(a) During January 2016 -September 2019, did your firm import from China and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data table as appropriate.
NoSkip to question III-3.

III-2b. **Price data (China).--**Report below the quarterly price data¹ for pricing products² imported from China and sold by your firm to end users.

China

Report data in *pounds* and *actual dollars* (not 1,000s).

		(Quantity in po	unds, value in do	llars)		
	Pro	duct 1	Prod	luct 2	Pro	duct 3

provide a description of the p	roduct. Also, pl	ease explain any	anomalies in you	r firm's reported	pricing data.	
Product 1:						
Product 2:						
Product 3:						

III-2c. **Price data checklist.-**-Please check that the pricing data in question III-2(b) has been correctly reported.

Are the price data reported above:	√ if Yes
In actual dollars (<i>not</i> \$1,000) and pounds?	
On a delivered basis (i.e., does include U.S. transport costs)?	
Net of all discounts and rebates?	
Have returns credited to the quarter in which the sale occurred?	
Less than or equal to reported commercial shipments in Part II in each year?	

III-2d. **Pricing data methodology.--**Please describe the method and the kinds of documents/records that were used to compile your price data.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the price data, as Commission staff may contact your firm regarding questions on the price data. The Commission may also request that your company submit copies of the supporting documents/records (such as sales journal, invoices, etc.) used to compile these data.

III-3. **Price setting.--**How does your firm determine the prices that it charges for sales of small diameter graphic electrodes (*check all that apply*)? If your firm issues price lists, please submit sample pages of a recent list.

Transaction by transaction	Contracts	Set price lists	Other	If other, describe

III-4. **Discount policy.--**Please indicate and describe your firm's discount policies (*check all that apply*).

Quantity discounts	Annual total volume discounts	No discount policy	Other	Describe

III-5. **Pricing terms.--**On what basis are your firm's prices of imported small diameter graphic electrodes from China usually quoted? *(check one)*

Delivered	F.o.b.	If f.o.b., specify point

- Page 24
- III-6. <u>Contract versus spot</u>.--Approximately what share of your firm's sales of small diameter graphic electrodes imported from China in 2018 was on a (1) short-term contract basis, (2) annual contract basis, (3) long-term contract basis, and (4) spot sales basis?

	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)	Spot sales (for a single delivery)	Tota l (shoul sum to 100.0%	d o
Share of your 2018 sales	%	%	%	%	0.0	%

III-7. <u>Contract provisions</u>.— Please fill out the table regarding your firm's typical sales contracts for small diameter graphic electrodes imported from China (or check "not applicable" if your firm does not sell on a short-term, annual and/or long-term contract basis).

Typical sales contract provisions	ltem	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)
Average contract duration	No. of days		365	
Price renegotiation	Yes			
(during contract period)	No			
	Quantity			
Fixed quantity and/or price	Price			
	Both			
Indexed to raw	Yes			
material costs ¹	No			
Not applicable				
¹ Please identify the indexes used:				

III-8. <u>Lead times</u>.--What is your firm's share of sales of small diameter graphic electrodes imported from China from inventory and produced to order and what is the typical lead time between a customer's order and the date of delivery for your firm's sales of small diameter graphic electrodes?

Source	Share of 2018 sales	Lead time (average number of days)
From inventory	%	
From foreign manufacturers' inventory	%	
Produced to order	%	
Total (should sum to 100.0%)	0.0 %	

III-9. Shipping information.--

- (a) What is the approximate percentage of the cost of small diameter graphic electrodes imported from China that is accounted for by U.S. inland transportation costs? _____%
- (b) Who generally arranges the transportation to your firm's customers' locations? Your firm Purchaser (check one)
- (c) When your firm sells small diameter graphic electrodes imported from China, from where is it shipped?
 Point of importation Storage facility (check one)
- (d) Indicate the approximate percentage of your sales of small diameter graphic electrodes imported from China that are delivered the following distances from your firm's U.S. point of shipment.

Distance from your firm's U.S. point of shipment	Share
Within 100 miles	%
101 to 1,000 miles	%
Over 1,000 miles	%
Total (should sum to 100.0%)	0.0 %

III-10. <u>Geographical shipments</u>.--In which U.S. geographic market area(s) has your firm sold small diameter graphic electrodes imported from China since January 1, 2014 (check all that apply)?

Geographic area	China
Northeast.–CT, ME, MA, NH, NJ, NY, PA, RI, and VT.	
Midwest.–IL, IN, IA, KS, MI, MN, MO, NE, ND, OH, SD, and WI.	
Southeast.–AL, DE, DC, FL, GA, KY, MD, MS, NC, SC, TN, VA, and WV.	
Central Southwest.–AR, LA, OK, and TX.	
Mountains.–AZ, CO, ID, MT, NV, NM, UT, and WY.	
Pacific Coast.–CA, OR, and WA.	
Other .–All other markets in the United States not previously listed, including AK, HI, PR, and VI.	

III-11. <u>End uses</u>.--Have there been any changes in the end uses of small diameter graphic electrodes since January 1, 2014? Do you anticipate any future changes?

Changes in end uses	No	Yes	Explain
Changes since January 1, 2014			
Anticipated changes			

III-12. **Substitutes.--**Have there been any changes in the number or types of products that can be substituted for small diameter graphic electrodes since January 1, 2014? Do you anticipate any future changes?

Changes in substitutes	No	Yes	Explain
Changes since January 1, 2014			
Anticipated changes			

III-13. **Availability of supply.--**Has the availability of small diameter graphic electrodes in the U.S. market changed since January 1, 2014? Do you anticipate any future changes?

Availability in the U.S. market	No	Yes	Please explain, noting the countries and reasons for the changes.		
Changes since January 1, 2	Changes since January 1, 2014:				
U.Sproduced product					
Imports from China					
Imports from all other countries					
Anticipated changes:					
U.Sproduced product					
Imports from China					
Imports from all other countries					

III-14. <u>Demand trends</u>.--Indicate how demand within the United States and outside of the United States (if known) for small diameter graphic electrodes has changed since January 1, 2014, and how you anticipate demand will change in the future. Explain any trends and describe the principal factors that have affected, and that you anticipate will affect, these changes in demand.

Market	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explanation and factors		
		C	emand sinc	e January 1, 2	014		
Within the United States							
Outside the United States							
	Anticipated future demand						
Within the United States							
Outside the United States							

III-15. **Product changes.--**Have there been any significant changes in the product range, product mix, or marketing of small diameter graphic electrodes since January 1, 2014? Do you anticipate any future changes?

Changes in product range, product mix, or marketing	No	Yes	Explain
Changes in customer preference for HP, UHP, and/or RHP small diameter graphic electrodes			
Other changes since January 1, 2014			
Anticipated changes			

III-16. Conditions of competition.--

(a) Is the small diameter graphic electrodes market subject to business cycles (other than general economy-wide conditions) and/or other conditions of competition distinctive to small diameter graphic electrodes?

Check all that apply.		Please describe.
	No	Skip to question III-17.
	Yes-Business cycles (e.g. seasonal business)	
	Yes-Other distinctive conditions of competition	

(b) If yes, have there been any changes in the business cycles or conditions of competition for small diameter graphic electrodes since January 1, 2014?

No	Yes	If yes, describe.

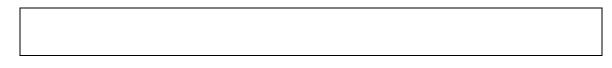

III-17. Supply constraints.--Has your firm refused, declined, or been unable to supply small diameter graphic electrodes since January 1, 2014 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, being unable to meet timely shipment commitments, etc.)?

No	Yes	If yes, please describe.

III-18. **<u>Raw materials.--</u>** Indicate how small diameter graphic electrodes raw material prices have changed since January 1, 2014, and how you expect they will change in the future.

Raw materials prices	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for small diameter graphic electrodes.
Changes since January 1, 2014					
Anticipated changes					

III-19. <u>Price comparisons</u>.--Please compare market prices of small diameter graphic electrodes in U.S. and non-U.S. markets if known. Provide information as to time periods and regions for any price comparisons.

III-20. <u>Market studies</u>.--Please provide as a separate attachment to this request any studies, surveys, etc. that you are aware of that quantify and/or otherwise discuss small diameter graphic electrodes supply (including production capacity and capacity utilization) and demand in (1) the United States, (2) each of the other major producing/consuming countries, including China, and (3) the world as a whole. Of particular interest is such data from 2014 to the present and forecasts for the future.

III-21. **Interchangeability.--**Is small diameter graphic electrodes produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

- A = the products from a specified country-pair are *always* interchangeable
- F = the products are *frequently* interchangeable
- S = the products are *sometimes* interchangeable
- N = the products are *never* interchangeable
- 0 = *no familiarity* with products from a specified country-pair

Country-pair	China	Other countries	
United States			
China			
China For any country-pair producing small diameter graphic electrodes which is <i>sometimes</i> or <i>never</i> interchangeable, please identify the country-pair and explain the factors that limit or preclude interchangeable use:			

III-22. Factors other than price.--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, etc.) between small diameter graphic electrodes produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

- A = such differences are *always* significant
- F = such differences are *frequently* significant
- S = such differences are *sometimes* significant
- N = such differences are *never* significant
- 0 = no familiarity with products from a specified country-pair

Country-pair	China	Other countries
United States		
China		
factor in your fi	•	e <i>always</i> or <i>frequently</i> are a significant hic electrodes, identify the country-pair I by such factors:

III-23. Impact of the section 232 investigation.-- Did the imposition of tariffs on imported steel products under section 232 have an impact on the small diameter graphic electrodes market in the United States?

Yes — Please indicate the impact in the table below.	No	Don't know

Item	Increase	No change	Decrease	Fluctuate with no clear trend	Explain, noting how the imposition of tariffs under section 232 affected each factor of the small diameter graphic electrodes market in the United States.
Overall demand for small diameter graphic electrodes in the U.S. market					
Prices for small diameter graphic electrodes in the U.S. market					

III-24. Impact of section 301 tariffs.--Did the imposition of tariffs on Chinese-origin products under to section 301 have an impact on the small diameter graphic electrodes market in the United States?

Yes — Please indicate the impact in the table below.	No	Don't know

Factor	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how the imposition of tariffs under section 301 affected each factor of the small diameter graphic electrodes market in the United States.
Supply of U.S produced small diameter graphic electrodes					
Supply of small diameter graphic electrodes imported from China					
Supply of small diameter graphic electrodes imported from other countries					
Prices for small diameter graphic electrodes					
Overall U.S. demand for small diameter graphic electrodes					
Raw material costs for small diameter graphic electrodes					

III-25. <u>Other explanations</u>.--If your firm would like to further explain a response to a question in Part III for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

Correcting Valid number error messages.--If you are completing a Commission questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The U.S. International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the questionnaire. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at: <u>https://www.usitc.gov/investigations/701731/2019/small_diameter_graphite_electrod</u> es_china/second_review_full.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: ELECT

• E-mail.—E-mail the MS Word questionnaire to nitin.joshi@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm <u>does not</u> import this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

Parties to this proceeding.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (*see* 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
