GENERAL INFORMATION

Background.--This proceeding was instituted in response to petitions filed on January 8, 2020, by the Coalition of American Millwork Producers. Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at https://www.usitc.gov/investigations/701731/2020/wood_mouldings_and_millwork_products_brazil_and/preliminary.htm.

Wood mouldings and millwork products covered by these investigations are made of wood (regardless of wood species), laminated veneer lumber (LVL), or of wood and composite materials (where the composite materials make up less than 50 percent of the total merchandise), and which are woodwork or building materials that are produced in a mill or otherwise undergo remanufacturing.

The covered products include, but are not limited to, the following: interior and exterior door frames or jambs (including split, flat, stop applied, single- or double-rabbeted), frame or jamb kits, packaged door frame trim or casing sets, mullions, mull posts, mouldings (crowns, beds, coves, quarter rounds, half rounds, base shoes, astragals, shelf edge/screen moulds, glass bead mouldings, base caps, brickmould, panel mouldings, drip caps, comer guards, shingle/panel mouldings, battens, closet rod, hand rails, rounds, squares, screen/"surfaced on 4 sides" (S4S) and/or "surface 1 side, 2 edges" (S1S2E) stock (also called boards) that are finger jointed and/or coated with any surface coating (including primed), lattice, dowels, picture moulding, wainscot/ply cap, back bands, chair rails, stops, sashes, base mouldings, casing, trim, panel strips, shelf cleats, chamfer strips, inside comers, window stools (flat/rabbeted), sills, door stiles, thresholds/saddles, decorative wood mouldings (embossed, dentil, carved rope moulding), rosettes, plinth blocks, interior siding, including nickel gap or shiplap, that is LVL or finger jointed and/or coated with any surface coating (including primed), and finger-jointed or edge-glued moulding or millwork blanks (whether or not resawn).

The covered products may be solid wood, laminated, finger-jointed, edge-glued, or otherwise joined in the production or remanufacturing process and are covered by the scope whether imported raw, coated (e.g., gesso, polymer, or plastic), primed, painted, stained, wrapped (paper or vinyl overlay), any combination of the aforementioned surface coatings, treated, or which incorporate rot-resistant elements (whether wood or composite). The covered products are covered by the scope whether or not any surface coating(s) or covers obscures the grain, textures, or markings of the wood, whether or not they are ready for use or require final machining (e.g. endwork/dado, hinge/strike machining, weatherstrip or application thereof, mitre) or packaging.

All wood mouldings and millwork products are included within the scope even if they are trimmed; cut-to-size; notched; punched; drilled; or have undergone other forms of minor processing. Subject merchandise also includes wood mouldings and millwork products that have been further processed in a third country, including but not limited to trimming, cutting, notching, punching, drilling, coating, or any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the in-scope product.

Excluded from the scope of these investigations are exterior fencing, exterior decking and exterior siding products, finished and unfinished doors, flooring, and parts of stair steps.

Excluded from the scope of these investigations are all products covered by the scope of the antidumping and countervailing duty orders on *Hardwood Plywood from the People's Republic of China*. See *Certain Hardwood Plywood Products from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order*, 83 FR 504 (January 4, 2018); *Certain Hardwood Plywood Products from the People's Republic of China: Countervailing Duty Order*, 83 FR 513 (January 4, 2018).
