

**Justification for Change**

3137-0098 Native American Basic Performance Reporting Form

IMLS is requesting a change to a previously approved clearance in order to make non-substantive changes for the grant program Native American Library Basic Grant Program. We are requesting the same expiration date of 06/30/2021.

**Request abstract:**

The information collections in this package include the guidelines and instructions to complete the performance reporting for the IMLS Native American Library Basic Grant Program.

**Justification for Accelerating Promising Practices for Small Libraries (APP)**

The attached draft also contains a few minor language clarifications to reduce applicant confusion in several sections of the form; removes a few errors introduced during the agency standardization of NOFOs; and responds to requests from both internal staff as well as the applicant community, to better align the Native American Basic grant program language with other library grant programs. The form contains fewer questions and may result in a burden decrease. It also contains new instructions for the form to be submitted electronically through the new IMLS grants management system, eGMS REACH.
