Nonsubstantive Change Request

October 9, 2019

This request for nonsubstantive change supplements the one submitted on September 20, 2019 and approved by OMB on October 7, 2019. That change requested authorization for Spanish versions of two forms and two documents in the information collection. The Spanish versions of the two forms were added to ROCIS.

This request adds the two Spanish documents -- Presurvey Letter Spanish, and NAHMS 2019 Goat Study Timeline and Free Biological Testing Benefits Spanish.
