For Singleton and Multiples

OMB #: 0915-0338

Expiration Date: XX/XX/XXXX

Name: _____

Completed by: _____ Date of Administration: _____

This tool includes questions about the new mother and should be completed for women in postpartum period. This phase refers to the time period from birth to six months after her baby is born. During this phase, Healthy Start works with mothers, infants and families to optimize maternal and newborn health. The optimal time to administer this tool is 4-6 weeks postpartum.

Some key aims during this phase:

- Ensure quality of care for newborns
- Ensure access to quality postpartum care
- Assess for and manage mood disorders/screen for postpartum depression
- Facilitate reproductive life planning
- Provide lactation counseling and support
- Promote safe sleep

The questions and answer choices were selected based on factors that may impact a woman's health or pregnancy outcomes. The information provided by the participant through this screening tool will help Healthy Start identify each participant's unique needs and ensure that she is connected to the appropriate support services.

Please read the questions to the participant. Only read the responses to the participant if the instructions for any question tell you to do so.

When there is more than one baby born at a single birth (twins, triplets, etc.), the mother should answer about each child. Please remember that Child 1 should be the child that was born 1st. Child 2 should be the child that was born 2nd. Child 3 should be the child that was born 3rd. And Child 4 should be the child that was born 4th. This applies to all questions regarding the children.

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0915-0338. Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N39, Rockville, MD 20857.

Please read the following statement to the participant: Thank you for taking time to complete this interview. Any information you provide will be kept confidential to the extent allowed by law. You do not have to answer any question you do not want to, and you can end the interview at any time.

Pregnancy Outcome

First, we'll start with questions about your pregnancy.

1. Please tell me the outcome of your pregnancy.

Select one only.

- Live birth - single baby (Go to question 1.1)
- Live birth - multiples (twins, triplets, etc.) Please indicate _____ (Go to question 1.1)
- Miscarriage (Go to question 14)
- Ectopic or tubal pregnancy (Go to question 14)
- Abortion (Go to question 14)
- Fetal death/stillbirth (Go to question 1.1)
- Declined to answer (Go to question 14)

If the outcome of the pregnancy was a miscarriage, tubal or ectopic pregnancy, abortion, or fetal death or stillbirth, staff need to be cognizant of the sensitivity of the mother, and potentially delay completing this screening tool until a more appropriate time.

The next few questions ask about your baby/babies. Please answer for each baby, in the order that they were born. Baby 1 should be the baby that was born 1st. Baby 2 should be the baby that was born 2nd, and so forth.

Substance Use

If it's okay with you, I'd like to ask you a few questions that will help me give you better care. The questions relate to your experience with alcohol, cigarettes, and other drugs. Some of the substances we'll talk about are prescribed by a doctor (like pain medications). But I will only record those if you have taken them for reasons or in doses other than prescribed. I'll also ask you about illicit or illegal drug use.

41. In the past 12 months, how often have you used the following?

STAFF: Read substances and answers to participant and enter one response for each substance.

Substance	Never	Once or Twice Monthly	Weekly	Daily or Almost Daily	Declined to answer
Alcohol (4 or more drinks per day)

Stress and Discrimination

Stress is something we've all felt, and is often part of our daily lives. If you experience stress over a prolonged period of time however, it can be harmful to both your mind and body. Stress influences our moods, sense of well-being, behavior and overall health. We ask the following questions to learn what stressors you have in your life and to better understand how to help reduce the stress in your life.

46. This question is about things that may have happened during the past twelve months. For each item, tell me "no" if it did not happen or "yes" if it did. (It may help to look at the calendar when you answer these questions).

STAFF: Read each event to participant and enter one response for each event.

Q#	Event	Yes	No
46.1	A close family member was very sick and had to go into the hospital		
46.2	I got separated or divorced from my husband or partner		
46.3	I moved to a new address		
46.4	I was homeless or had to sleep outside, in a car, or in a shelter		
46.5	My husband or partner / parent or guardian lost his or her job		
46.6	I lost my job even though I wanted to go on working		
46.7	My husband, partner, parent, guardian or I had a cut in work hours or pay.		
46.8	I was apart from my husband or partner / parent or guardian due to military deployment or extended work-related travel		
46.9	I argued with my husband or partner / parent or guardian more than usual		
46.10	My husband or partner / parent or guardian said he or she didn't want me to be pregnant		
46.11	I had problems paying the rent, mortgage, or other bills		
46.12	My husband, partner, parent, guardian or I went to jail		
46.13	Someone very close to me had a problem with drinking or drugs
