

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Public reporting burden for this collection of information is estimated to average 18 minutes per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Capacity Survey – Center for States

Below are skills and approaches that people sometimes use and develop when working on solving problems, or developing strategies to make improvements to their services or agency’s functioning. **No group is expected to have, or develop, all of these skills.**

Administration One:

Please think about the group of people from your child welfare agency who are currently working with the Center for States on (prefill name of component from CapTRACK) and describe the group’s **current knowledge** for each task listed. Then please give us your opinion of the group’s knowledge **before your work with Center for States** (First administration: prefill date work plan began from CapTRACK).

Administration Two and Three:

Please think about the group of people from your child welfare agency who are currently working with Center for States on (prefill name of component from CapTRACK) and describe the group’s **current knowledge** for each task listed. Then please give us your opinion of the group’s knowledge **one year ago** (prefill date of last survey administration from CapTRACK).

When we want to explore a problem, or make an improvement in our services, we know how to:											
Engage Partners (Step 2,3,4,5)	1. Identify who in in our agency we should involve, and why	1	2	3	4	5	1	2	3	4	5
Engage Partners (Step 2,3,4,5)	2. Identify which of our external partners/community members we should involve, and why	1	2	3	4	5	1	2	3	4	5
Seek Data (Steps 1,3,4)	3. Identify a variety of data sources and types of information that we have, or that we can collect, to explore an issue that we are concerned about	1	2	3	4	5	1	2	3	4	5

Analyze data (Steps 1,3,4,10,11)	4. Assess how widespread or prevalent an issue is	1	2	3	4	5	1	2	3	4	5
	5. Identify the groups that are most and least impacted by the issue we are exploring	1	2	3	4	5	1	2	3	4	5
	6. Generate theories and ideas based on our data and information about what causes or contributes to the issue	1	2	3	4	5	1	2	3	4	5
When considering ways that we might make improvements to our services, we know how to:											
Use Research (Steps 4,5,6)	7. Find research, and/or peers with expertise, to help us think about how we might make improvements	1	2	3	4	5	1	2	3	4	5
Assess Capacity (Step 1, 5, 7, 8, 12)	8. Consider whether strategies fit our agency's values and needs	1	2	3	4	5	1	2	3	4	5
Assess Capacity (Step 1,5,7,8,12)	9. Assess our current capacity, and determine whether it is feasible for us to implement a strategy that will lead to improvements	1	2	3	4	5	1	2	3	4	5
When we select, or design strategies, programs, or interventions) to make improvements, we know how to:											
Design Innovation (5,6)	10. Identify the core activities that make up our strategy and how these activities must be performed in order for our strategy to work	1	2	3	4	5	1	2	3	4	5
	11. Identify specific behaviors that will let us know whether our strategy is being performed as intended	1	2	3	4	5	1	2	3	4	5
When we are planning on implementing a strategy, program or intervention, we know how to:											
Build Capacity (Steps 7,8)	12. Develop capacities that will need to be in place, so that we can successfully implement what we intend	1	2	3	4	5	1	2	3	4	5
Implement-ation (Step 9)	13. Consider whether to pilot, or to conduct a phased implementation of our strategy	1	2	3	4	5	1	2	3	4	5

Implement- ation (Steps (7,9,10,11,12)	14. Monitor implementation of our strategy and identify and solve problems as they arise	1	2	3	4	5	1	2	3	4	5
When we want to evaluate the improvements we are trying to make, we know how to:											
Design Evaluation (4,6)	15. Develop indicators and outcomes that let us know whether the core activities of our strategy are being implemented as intended	1	2	3	4	5	1	2	3	4	5
Design Evaluation (4,6)	16. Develop indicators and outcomes that let us know whether the problem or issue we are working on is improving	1	2	3	4	5	1	2	3	4	5

Some jurisdictions may be working with the Capacity Building Center for States on more than one issue. For this survey, please think about your current work on (prefill name of component from CapTRACK) and choose the response that best reflects your **current** opinion.

Please then provide us with your opinion as it was **(before working with Center for States/one year ago)** *(First administration: prefill date work plan began from CapTRACK)/second administration: prefill date of last survey administered one year ago).*
