PIRLS 2021 Main Study Sample Notification Letter

(yellow highlight for mail merge; red for customization)

SCHOOL LETTERHEAD

[Date]

Dear Parent or Guardian,

This letter is to inform you about an important international study of student learning being conducted in our school this spring. The Progress in International Reading Literacy Study (PIRLS) provides important information for benchmarking student performance in reading in the United States against countries around the world. Since 2001, PIRLS has measured worldwide trends in students' reading skills at grade 4. The next PIRLS assessment will be in the spring of 2021.

Our school has accepted an invitation from the National Center for Education Statistics (NCES), part of the U.S. Department of Education, to participate in PIRLS 2021. {Insert number} of our 4th grade classes will take part. {This/One of these} is your child's class. The enclosed summary sheet provides background information about PIRLS, explains what is involved for each selected student to participate in the study, and gives a contact phone number and email address where you can find answers to any questions you might have.

To have an accurate picture of what U.S. 4th graders can do in reading, it is important for each selected student to take part in the study. In addition to answering reading questions, students will be asked to complete a brief questionnaire about themselves. For the first time, PIRLS 2021 will be completely electronic, and administered on a tablet with a keyboard. I urge you to support this effort by encouraging your child to take part; however, participation in this study is entirely voluntary. Previous experience suggests that students enjoy taking part, and participating students will receive a small gift, which we think they will also like.

All of the information collected is protected as required by law. NCES is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35). All of the information provided by schools, staff, and students may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Students and schools are never identified in any reports. All reported statistics refer to the United States as a whole.

Thank you for taking the time to learn about this important study.

Sincerely,

[School Official]

Enclosures: Facts for Parents about PIRLS 2021

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information provided by school staff and students may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

Progress in International Reading Literacy Study (PIRLS)

Main Study

Parent/Guardian Consent Form

Your child has been asked to participate in a main study of an international study of student learning called the Progress in International Reading Literacy Study (PIRLS). Approximately 250 schools across the United States will participate in PIRLS 2021, and your child's fourth grade class was one of the classes selected to represent the U.S. For the first time, PIRLS will be completely electronic and administered on a tablet with a keyboard. Each student who participates will receive a small gift.

The student assessment will be administered by a team of researchers from Westat on behalf of the National Center for Education Statistics (NCES), with the U. S. Department of Education.

If you grant permission for your child to participate in PIRLS 2021, you do not need to return this form.

If you do not consent to your child's participation in PIRLS 2021, please return this form to your child's school as soon as possible.

I do not grant permission for my child, _____, to participate in the Progress in International Reading Literacy Study.

PIRLS 2021 Main Study Sample Notification Letter - Spanish

(yellow highlight for mail merge; red for customization)

SCHOOL LETTERHEAD

[Date]

Estimado padre/madre o tutor,

Por medio de la presente queremos informarle acerca de un importante estudio internacional que se realizará en nuestra escuela esta primavera acerca del aprendizaje de los estudiantes. El Estudio Internacional Sobre el Progreso en el Aprendizaje de la Lectura (PIRLS, por sus siglas en inglés) proporciona información importante para evaluar el rendimiento de los estudiantes en Estados Unidos en lectura en comparación con otros países del mundo. Desde 2001, PIRLS ha medido las tendencias a nivel mundial en el aprendizaje de los estudiantes de cuarto grado en lectura. La próxima evaluación PIRLS será en la primavera de 2021.

Nuestra escuela ha aceptado una invitación del Centro Nacional de Estadísticas de la Educación (NCES, por sus siglas en inglés), parte del Departamento de Educación de Estados Unidos, para participar en el estudio principal del PIRLS. Participarán **{Insert number}** de nuestras clases de 4° grado. **{Esta/Una de estas}** es la clase de su hijo. El resumen adjunto ofrece información de trasfondo de PIRLS, explica lo que implica la participación en el estudio para cada estudiante seleccionado e incluye un número de teléfono y un correo electrónico de contacto donde usted podrá encontrar respuestas a cualquier pregunta que tenga.

Para tener una imagen precisa de lo que los estudiantes de cuarto grado en Estados Unidos pueden hacer en lectura, es importante que cada estudiante seleccionado participe en el estudio. Además de contestar las preguntas de lectura, a los estudiantes se les pedirá que contesten un cuestionario corto acerca de ellos mismos. Por primera vez, PIRLS se administrará de manera totalmente electrónica en una tableta con teclado. Quisiéramos pedirle que apoye esta iniciativa animando a su hijo(a) a participar; sin embargo, la participación en este estudio es completamente voluntaria. Las experiencias anteriores sugieren que los estudiantes disfrutaban de la participación. Además, los estudiantes que participen recibirán un pequeño regalo que creemos también les gustará.

Toda la información que se reúna está protegida, como lo exige la ley. El NCES está autorizado a realizar este estudio de acuerdo con la Ley de reforma de ciencias de la educación de 2002 (ESRA, 2002), Código de Estados Unidos, Título 20, Sección 9543.). Toda la información proporcionada por las escuelas, el personal y los estudiantes únicamente se puede usar con fines estadísticos y no se puede dar a conocer ni usar de alguna manera que pueda identificar a los participantes para ningún otro fin, excepto cuando lo exige la ley (20 U.S.C., § 9573 y 6 U.S.C. §151). En los informes nunca se

identifica ni a los estudiantes ni a las escuelas. Todas las estadísticas publicadas se refieren a Estados Unidos en conjunto.

Gracias por tomarse el tiempo de informarse acerca de este importante estudio.

Atentamente,

[School Official]

Se adjuntan los siguientes documentos: Información para los padres acerca del estudio piloto de PIRLS:

El NCES está autorizado a realizar este estudio de acuerdo con la Ley de reforma de ciencias de la educación de 2002 (ESRA, 2002), Código de Estados Unidos, Título 20, Sección 9543.). Toda la información proporcionada por las escuelas, el personal y los estudiantes únicamente se puede usar con fines estadísticos y no se puede dar a conocer ni usar de alguna manera que pueda identificar a los participantes para ningún otro fin, excepto cuando lo exige la ley (20 U.S.C., § 9573 y 6 U.S.C. §151). En Estados Unidos, el Centro Nacional de Estadísticas de la Educación (NCES, por sus siglas en inglés), el cual forma parte del Departamento de Educación de Estados Unidos, realiza el estudio PIRLS y Westat reúne los datos. La Oficina de administración y presupuesto de Estados Unidos ha aprobado la obtención de estos datos bajo el número OMB # 1850-0645.

Facts for Parents about PIRLS 2021

Between March and June of 2021, your child's school will be one of about 250 nationwide taking part in PIRLS 2021. Within each school, 4th grade classrooms were selected randomly to represent the nation's 4th graders. All students from selected classrooms are invited to participate, and your child was among those students selected to take part in PIRLS 2021.

What is PIRLS?

PIRLS (Progress in International Reading Literacy Study) is an international assessment that measures student learning in reading. Every five years since 2001, PIRLS documents worldwide trends in the reading knowledge of 4th graders. The National Center for Education Statistics (NCES) within the U.S. Department of Education conducts U.S. participation in PIRLS. Along with more than 50 other nations, the U.S. will take part in the 2021 PIRLS cycle as we did in 2001, 2006, 2011, and 2016. For the first time, PIRLS will be completely electronic and administered on a tablet with a keyboard.

What is involved?

PIRLS staff will visit the school and administer the study. The main assessment will take approximately 2.5 hours and will include an online questionnaire that asks students about themselves and their educational experience.

What are the benefits?

The nation as a whole benefits from PIRLS by having a greater understanding of how the reading knowledge and skills of U.S. 4th graders compare with 4th graders from other countries. Schools that participate in PIRLS will receive \$200, and each student who participates will receive a small gift.

Who administers PIRLS?

The entire assessment is administered by trained staff from Westat, a research organization under contract to the U.S. Department of Education's National Center for Education Statistics.

All of the information collected is protected as required by law. NCES is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35). All of the information provided by schools, staff, and students may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Students and schools are never identified in any reports. All reported statistics refer to the United States as a whole.

Where can I find out more about PIRLS?

More information about PIRLS is available at the PIRLS website at <http://nces.ed.gov/surveys/PIRLS> or the PIRLS International Study Center website at <http://pirls.org>. Or if you would like to contact a PIRLS staff member directly, please feel free to call the PIRLS Help Desk at 1-855-951-1215 or email us at PIRLS@westat.com.

Facts for Parents about PIRLS 2021 – Spanish

Información para los padres acerca del estudio principal de PIRLS

Entre marzo y junio de 2021, la escuela de su hijo(a) será una de aproximadamente 250 escuelas en todo el país que participará en un estudio principal para PIRLS. Dentro de cada escuela, se seleccionaron al azar a clases de cuarto grado para representar a los estudiantes de cuarto grado del país. A todos los estudiantes de las clases seleccionadas se les ha invitado a participar y su hijo(a) está dentro de los estudiantes seleccionados para participar en el estudio principal de PIRLS.

¿Qué es PIRLS?

El Estudio Internacional Sobre el Progreso en el Aprendizaje de la Lectura o PIRLS por sus siglas en inglés, es una evaluación internacional que mide el aprendizaje de los estudiantes en lectura. Cada cinco años, desde el 2001, PIRLS documenta las tendencias mundiales en el conocimiento de lectura de los estudiantes de cuarto grado. El Centro Nacional de Estadísticas de la Educación (NCES, por sus siglas en inglés) dentro del Departamento de Educación de Estados Unidos facilita la participación de Estados Unidos en PIRLS. Junto con más de 50 países, Estados Unidos participará en el ciclo de PIRLS para el 2021 así como lo hicimos en 2001, 2006, 2011 y 2016. Por primera vez, PIRLS se administrará de manera totalmente electrónica en una tableta con teclado.

¿Qué implica?

El personal de PIRLS visitará la escuela y administrará el estudio. La evaluación principal tomará aproximadamente 2 horas y media e incluirá un cuestionario por Internet en el que se les pregunta a los estudiantes sobre ellos mismos y sobre sus experiencias educativas.

¿Cuáles son los beneficios?

El país en conjunto se beneficia de PIRLS al contar con una mejor comprensión de cómo el conocimiento y las habilidades en lectura de los estudiantes de Estados Unidos de cuarto grado se comparan con los estudiantes de cuarto grado a nivel mundial. El país se beneficia del estudio piloto al garantizar que las preguntas que se usan en el estudio principal son justas y adecuadas para los estudiantes de Estados Unidos. Las escuelas que participen en PIRLS recibirán 200 dólares y cada estudiante que participe recibirá un pequeño regalo.

¿Quién administra PIRLS?

La totalidad de la evaluación la administra personal capacitado de Westat, una compañía de estudios de investigación que tiene un contrato con el Centro Nacional de Estadísticas de la Educación del Departamento de Educación de Estados Unidos.

Toda la información que se reúna está protegida, como lo exige la ley. El NCES está autorizado a realizar este estudio de acuerdo con la Ley de reforma de ciencias de la educación de 2002 (ESRA, 2002), Código de Estados Unidos, Título 20, Sección 9543.). Toda la información proporcionada por las escuelas, el personal y los estudiantes

únicamente se puede usar con fines estadísticos y no se puede dar a conocer ni usar de alguna manera que pueda identificar a los participantes para ningún otro fin, excepto cuando lo exige la ley (20 U.S.C., § 9573 y 6 U.S.C. §151). En los informes nunca se identifica ni a los estudiantes ni a las escuelas. Todas las estadísticas publicadas se refieren a Estados Unidos en conjunto.

¿Dónde puedo obtener más información sobre PIRLS?

Puede encontrar más información sobre PIRLS en la página web de PIRLS en <http://nces.ed.gov/surveys/PIRLS> o en la página web del Centro internacional del estudio PIRLS en <http://pirls.org>. Si prefiere comunicarse con un empleado de PIRLS directamente, no dude en llamar a la línea de información de PIRLS al 1-855-951-1215 o enviarnos un correo electrónico a PIRLS@westat.com.

[City], [State] [Zip code]

Dear [Title] [Name Last]:

The United States is participating in an important international study in 2021: the Progress in International Reading Literacy Study (PIRLS). Since 2001, PIRLS has measured trends in reading achievement at grade 4 in countries around the world, including the United States. Results from PIRLS are used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness. For the first time, PIRLS will be administered digitally. The digital version of PIRLS, now called *digital*PIRLS, will be on the same scale and comparable to the previous paper versions of PIRLS.

PIRLS is described in more detail in the enclosed materials. In the United States, PIRLS is conducted by the National Center for Education Statistics (NCES), part of the U.S. Department of Education. The U.S. Office of Management and Budget has approved the data collection under OMB#1850-0645. Study findings will not identify participating districts, schools, students, or individual staff. For information on the confidentiality of the data collected, please see the enclosed FAQ.

NCES is in contact with your state assessment director and NAEP State Coordinator to keep them informed about PIRLS and how it fits in with other NCES data collections, and to facilitate recruitment of sampled schools. While participation in this study is voluntary, your support of school participation in your state is invaluable so that the United States has a nationally representative sample of schools across the country.

If you have questions about the study, please do not hesitate to call Laura Egan at Westat at (301) 294-3840 or send an email to PIRLS@westat.com. Westat is under contract to NCES to collect the PIRLS data. You may also get more information about this study by contacting Dr. Sheila Thompson at NCES at (202) 245-8330 or sheila.thompson@ed.gov, or by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>.

Thank you for your time and support of this important international study.

Sincerely,

Peggy G. Carr, Ph.D.
Associate Commissioner, NCES

PIRLS 2021 Main Study School District Letter [First Tier/Second Tier]

(yellow highlight for mail merge; red for customization)

[Date]

[Title] [Superintendent First Name] [Superintendent Last Name]

[School District]

[Address 1]

[City], [State] [Zip code]

Dear [Title] [Superintendent Last Name]:

The United States is participating in an important international study in 2021: the Progress in International Reading Literacy Study (PIRLS). Since 2001, PIRLS has measured trends in reading achievement at grade 4 in countries around the world, including the United States. Results from PIRLS are used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness. For the first time, PIRLS will be administered digitally. The digital version of PIRLS, now called *digital*PIRLS, will be on the same scale and comparable to the previous paper versions of PIRLS.

I am writing to notify you that one or more schools in your district have been randomly selected to participate in PIRLS in the spring of 2021. [Selected schools are notified in advance so that principals can place the assessment date on their calendars and incorporate PIRLS into the planned school program. I ask for your support of the participation of those selected schools. Most selected students will take the PIRLS assessment on supplied tablets with keyboards. Some students will take a paper and pencil assessment in order to bridge *digital*PIRLS to the previous paper and pencil version of PIRLS. Participating schools will receive \$200, and each school's PIRLS school coordinator (the school staff person designated to work with PIRLS staff) will receive \$100 as a thank you for his or her time and effort. /Selected schools are notified so that principals can place the assessment date on their calendars. I ask for your support of the participation of those selected schools. We understand that we are asking schools to participate in PIRLS later in the school year when school calendars are set, <or> We understand that we are asking some schools to participate in PIRLS in addition to participating in the National Assessment of Educational Progress (NAEP), and therefore are offering each school <up to \$800> as a thank you for participation.] In addition, each school's PIRLS school coordinator (the school staff person designated to work with PIRLS staff) will receive \$100 as a thank you for his or her time and effort. A school administrator and selected teachers will each be asked to complete a questionnaire. Teachers will receive \$20 as a thank you for completing the questionnaire. Each student who participates will receive a small gift as a token of appreciation.

PIRLS is described in more detail in the enclosed materials. In the United States, PIRLS is conducted by the National Center for Education Statistics (NCES), part of the U.S. Department of Education, and its data collection is administered by Westat in Rockville, Maryland. The U.S. Office of Management and Budget has approved the data collection under OMB#1850-0645. For information on the confidentiality of the data collected, please see the enclosed FAQ. While participation in this study is voluntary, your support of school participation in your district is invaluable so that the United States has a nationally representative sample of schools across the country.

The list of selected schools in your district is attached, along with schools selected for NAEP 2021. Please include the PIRLS assessment window dates - [Assessment Window Dates] -

on your district test calendar. [NAEP State Coordinator], our NAEP State Coordinator, will contact your staff with additional information.

If you have any questions, please do not hesitate to contact [NAEP State Coordinator], call the PIRLS Help Desk at 1-855-951-1215, or send an email to PIRLS@westat.com. You may also get more information about this study by contacting Dr. Sheila Thompson at NCES at (202) 245-8330 or sheila.thompson@ed.gov, or by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>.

I know that I can count on you to help accomplish our goal of 100 percent participation. Thank you for your time and support of this important international study.

Sincerely,

[Name of Chief State School Officer]

PIRLS 2021 Main Study Private School District Letter [Late Sub]

(yellow highlight for mail merge; red for customization)

[Date]

[Title] [Superintendent First Name] [Superintendent Last Name]

[School District]

[Address 1]

[City], [State] [Zip code]

Dear [Title] [Superintendent Last Name]:

The United States is participating in an important international study in 2021: the Progress in International Reading Literacy Study (PIRLS). Since 2001, PIRLS has measured trends in reading achievement at grade 4 in countries around the world, including the United States. Results from PIRLS are used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness. For the first time, PIRLS will be administered digitally. The digital version of PIRLS, now called *digital*PIRLS, will be on the same scale and comparable to the previous paper versions of PIRLS.

In [DioceseParish], [School Name] has/have been randomly selected to participate in PIRLS 2021. I am writing to ask [DioceseParish] to support the participation of [School Name/s]. Private schools account for about 25 percent of U.S. schools and educate about 10 percent of U.S. schoolchildren. Thus, without private schools and their students participating in PIRLS, PIRLS data cannot accurately describe schooling in the United States or continue to measure U.S. trends.

Please include the PIRLS assessment window—[Assessment Window Dates]—on the [DioceseParish] test calendar. [Name of representative], a PIRLS representative, will contact your staff with additional information. Additionally, [the principal/principals] at [the] selected school[s] will be notified in the next two weeks to allow them to get the assessment date on their school calendars and incorporate PIRLS into the planned school program. Most selected students will take the PIRLS assessment on supplied tablets with keyboards. Some students will take a paper and pencil assessment in order to bridge *digital*PIRLS to the previous paper and pencil version of PIRLS.

[We understand that we are asking schools to participate in PIRLS later in the school year when school calendars are set, and therefore are offering a special indication of appreciation for their time.] As a token of appreciation for participating in PIRLS, schools will receive \$800. In addition, each school's PIRLS school coordinator (the school staff person designated to work with PIRLS staff) will receive \$100 as a thank you for his or her time and effort. A school administrator and selected teachers will each be asked to complete a questionnaire. Teachers will receive \$20 as a thank you for completing the questionnaire. Each student who participates will receive a small gift as a token of appreciation.

PIRLS is described in more detail in the enclosed materials. For information on the confidentiality of the data collected, please see the enclosed FAQ. While participation in this study is voluntary, your support of school participation in your district is invaluable so that the United States has a nationally representative sample of schools across the country.

If you have questions about PIRLS, please do not hesitate to call the PIRLS Help Desk at 1-855-951-1215 or send an email to PIRLS@westat.com. You may also get more information about

this study by contacting Dr. Sheila Thompson at NCES at (202) 245-8330 or sheila.thompson@ed.gov, or by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>.

I know that I can count on you to help accomplish our goal of 100 percent participation. Thank you for your time and support of this important international study.

Sincerely,

Peggy G. Carr, Ph.D.
Associate Commissioner, National Center for Education Statistics

Enclosures: PIRLS Folder

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). PIRLS 2021 Main Study School Letter [First Tier/Second Tier]

(yellow highlight for mail merge; red for customization)

[Date]

[Title] [Name First] [Name Last]

[School District]

[Address 1]

[City], [State] [Zip code]

Dear [Title] [Name Last]:

I am writing to inform you that [school name] has been randomly selected to represent schools across the United States by participating in an important international study in 2021: the Progress in International Reading Literacy Study (PIRLS). Since 2001, PIRLS has measured trends in reading achievement at grade 4 in countries around the world, including the United States. Results from PIRLS are used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness. For the first time, PIRLS will be administered digitally. The digital version of PIRLS, now called *digitalPIRLS*, will be on the same scale and comparable to the previous paper versions of PIRLS. Most selected students will take the PIRLS assessment on supplied tablets with keyboards. Some students will take a paper and pencil assessment in order to bridge *digitalPIRLS* to the previous paper and pencil version of PIRLS.

NCES recognizes the burden of assessments on schools and works to reduce that burden as much as possible both in terms of time and resources. PIRLS will sample two classes of fourth-graders in your school. A school administrator and teachers of the selected students will be asked to complete a questionnaire. [As a token of appreciation for participating in PIRLS, your school will receive \$200. / We understand that we are notifying your school after the school year has already begun and recognize that school calendars are set <or> We understand that your school has also been selected for the National Assessment of Education Progress (NAEP) <or> We understand that your school has also been selected for the National Assessment of Education Progress (NAEP) and that we are notifying your school after the school year has already begun and calendars are set and are offering a special indication of appreciation for your school's time. If you participate, we will provide your school a thank you of <up to \$800>.] Your school's PIRLS school coordinator (a staff person designated to work with PIRLS staff) will receive \$100 for his or her time and effort. Teachers of selected students will receive a \$20 Amazon gift card for completing a questionnaire. Students who participate in the test will receive a small token of appreciation.

PIRLS is described in more detail in the enclosed materials. In the United States, PIRLS is conducted by the National Center for Education Statistics (NCES), part of the U.S. Department of Education, and its data collection is administered by Westat in Rockville, Maryland. The U.S. Office of Management and Budget has approved the data collection under OMB#1850-0645. Study findings will not identify participating districts, schools, students, or individual staff. For information on the confidentiality of the data collected, please see the enclosed FAQ. While participation in this study is voluntary, your school's participation is invaluable in ensuring that the United States has a representative sample of schools across the country.

Your scheduled assessment date is [Assessment date]. Within the next few days, I will contact you to discuss your participation. <or> Within the next few days, [Name of representative], a representative from PIRLS, will contact you to discuss your participation. If you have any questions, please do not hesitate to call the PIRLS Help Desk at 1-855-951-

1215, or send an email to PIRLS@westat.com. You may also get more information about this study by contacting Dr. Sheila Thompson at NCES at (202) 245-8330 or sheila.thompson@ed.gov, or by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>.

Your participation in PIRLS 2021 is very important to its success. We need to ensure that students in schools like yours are represented in our evaluation of assessment items and questionnaires. Thank you for your time and for supporting this important international study.

Sincerely,

[Name of Coordinator] <or> Peggy G. Carr, Ph.D
NAEP State Coordinator <or> Associate Commissioner, National Center for Education Statistics

PIRLS 2021 Main Study Private School Letter [Late Sub or NAEP Overlap]

(yellow highlight for mail merge; red for customization)

[Date]

[Title] [Name First] [Name Last]

[School District]

[Address 1]

[City], [State] [Zip code]

Dear [Title] [Name Last]:

I am writing to inform you that [school name] has been randomly selected to represent schools across the United States by participating in an important international study in 2021: the Progress in International Reading Literacy Study (PIRLS). Since 2001, PIRLS has measured trends in reading achievement at grade 4 in countries around the world, including the United States. Results from PIRLS are used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness.

Private schools account for about 25 percent of U.S. schools and educate about 10 percent of U.S. schoolchildren. Thus, without private schools and their students participating in PIRLS, PIRLS data cannot accurately describe schooling in the United States or continue to measure U.S. trends.

NCES recognizes the burden of assessments on schools and works to reduce that burden as much as possible both in terms of time and resources. PIRLS will sample two classes of fourth-graders in your school. A school administrator and teachers of the selected students will be asked to complete a questionnaire. [We understand that your school has also been selected for the National Assessment of Education Progress (NAEP), <or> We understand that we are notifying your school after the school year has already begun and calendars are set, and therefore are offering a special indication of appreciation for your school's time.] As a token of appreciation for participating in PIRLS, your school will receive \$800. Your school's PIRLS school coordinator (a staff person designated to work with PIRLS staff) will receive \$100 for his or her time and effort. Teachers of selected students will receive a \$20 Amazon gift card for completing a questionnaire. Students who participate in the test will receive a small token of appreciation.

PIRLS is described in more detail in the enclosed materials. Study findings will not identify participating schools, students, or individual staff. For information on the confidentiality of the data collected, please see the enclosed FAQ. While participation in this study is voluntary, your school's participation is invaluable in ensuring that the United States has a representative sample of schools across the country.

Your scheduled assessment date is [Assessment date]. [Name of representative], a representative from PIRLS, will contact you within the next few weeks to discuss your participation. If you have any questions, please do not hesitate to call the PIRLS Help Desk at 1-855-951-1215, or send an email to PIRLS@westat.com. You may also get more information about this study by contacting Dr. Sheila Thompson at NCES at (202) 245-8330 or sheila.thompson@ed.gov, or by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>.

Your participation in PIRLS 2021 is very important to its success. Thank you for your time and for supporting this important international study.

Sincerely,

Peggy G. Carr, Ph.D.
Associate Commissioner, National Center for Education Statistics

Enclosures: PIRLS Folder

PIRLS 2021 Main Study Email to School Coordinator (SC)

(yellow highlight for mail merge; red for customization)

[DATE]

[School Name]

[School Address]

[School City], [State] [Zip Code]

Dear [School Coordinator],

We are looking forward to working with you and your school this school year on the Progress in International Reading Literacy Study (PIRLS). As the designated school coordinator for PIRLS you play a critical role in assisting us with study preparations. We appreciate your assistance, particularly given the many demands on your time.

The attached document, PIRLS School Coordinator Responsibilities, will provide you with an overview of PIRLS, as well as a list of tasks and timeline needed to prepare for PIRLS data collection. The first step is to provide a list of the 4th grade classes in your school, so that we may select the classes and students who will be invited to participate. This step is critically important, and we would appreciate your help in completing this task within one week of returning from winter break.

A PIRLS study representative will contact you shortly to answer questions you may have and to begin discussing data collection logistics. In-school data collection is scheduled to take place during April and May of 2021. The student data collection will include a reading assessment and background questionnaire. For the first time, PIRLS will be completely electronic, and administered on a tablet with a keyboard that we provide.

Westat will provide a trained test administrator (TA) to conduct the student sessions and to assist with the parental permission form process. A school administrator and the teachers of selected classes will also be asked to complete a questionnaire. They will be contacted separately, and their responses will be collected through a web-based application or hard-copy survey. The data collected will be used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness.

We sincerely appreciate your help in preparing for the session at [School Name] and in ensuring that PIRLS is a success. Each school's participation is critical to the success of the study, and reports will not identify participating districts, schools, students, or individual staff.

If you have any questions, please contact us at 1-855-951-1215 or by email at PIRLS@westat.com. Thank you for your support of education through participating in PIRLS.

Sincerely,

[NAEP State Coordinator]

Enclosures

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

PIRLS School Coordinator Responsibilities

As the PIRLS school coordinator (SC), you play an important role in the success of the study. Westat will provide a trained test administrator (TA) to conduct the student sessions and to assist you as much as possible. But we will need to rely on you to complete certain tasks so that data collection will be successful.

Study Details

PIRLS 2021 consists of the following:

Student Reading Assessment and Questionnaire –

Students in selected classrooms will be administered a reading assessment and background questionnaire. For the first time PIRLS will be completely electronic, and administered on a tablet with a keyboard. This new format for the assessment is called digitalPIRLS. Some students will take a paper and pencil assessment in order to bridge *digitalPIRLS* to the previous paper and pencil version of PIRLS.

- TA from Westat will administer the student sessions at your school, and each participating student will receive a thank you gift.
- **School Administrator Questionnaire** - The school administrator or designee will complete a questionnaire about school characteristics, enrollment, resources, policies, and the learning environment. The questionnaire may be completed online or via hardcopy and will take about 40 minutes to complete. Westat will send login information to the principal who can complete the school administrator questionnaire or designate someone to complete it on their behalf.
- **School Teacher Questionnaire** - Teachers of selected classrooms will complete a questionnaire regarding their teaching experience, available resources, and instructional practices. The questionnaire may be completed online or via hardcopy and will take about 40 minutes to complete. Westat will send login information to the selected teachers.

For additional information, you may visit our website at: www.MyPIRLS.com.

Your Responsibilities

You have been asked to complete several tasks prior to the student data collection sessions that will take place in the spring of 2021. These include providing student information, working with Westat on the session logistics, assisting with parental consent form distribution and receipt, and helping to coordinate school staff surveys.

We will use the PIRLS secure website to exchange information, such as class and student lists. Please visit: www.MyPIRLS.com and log-in with the following information:

Study ID: #####

Password: #####

Table 1 shows the activities you will be asked to perform and a timeline for these activities.

Table 1. Activities Timeline

Provide information on 4 th grade classes using the Class Listing Form.	Within one week of returning from winter break
Complete Student List Form for selected class(es)	Within one week of selection of classes
Confirm session logistics (dates, times, locations, consent type)	Within 2 weeks of receipt of request
Notify teachers, selected students, and parents of the study and benefits of participating	At least 2 weeks prior to scheduled session
Distribute parental consent forms to all selected students	At least 2 weeks prior to scheduled session
Monitor return of consent forms; distribute reminder letters as needed. Collect returned, signed forms and submit to TA.	During the 2 weeks from distribution to data collection day
Notify/remind teachers and students about the data collection sessions	One week prior and one day prior to session
Assist the TA with getting the students to the sessions	On the day of the session
Coordinate completion of the administrator and teachers' questionnaires.	Two weeks prior to the student session

Providing Student Information

We will select one or two classes per school, depending on the number of classes available at grade 4. Please submit the Class List Form (CLF) (including all classes that account for each student in 4th grade). The CLF should be uploaded to the secure PIRLS website (www.MYPIRLS.com). The student sample will consist of all students in the selected classes.

We will then ask you to complete the Student List Form (SLF) for selected class(es) to provide information on the students in those classes (e.g., name, IEP/ELL status class, date of birth, gender). SLF should be uploaded to www.MYPIRLS.com.

Assisting with Student Session Logistics

In order to minimize disruption at the school on the day of the student data collection, it is crucial that arrangements be made in advance. These arrangements include:

- Confirm the dates for the assessment, and put it on the school calendar.
- Determine the location and time(s) of the student session(s): will the student sessions take place in the classrooms or will a separate room be reserved? If there are multiple classes sampled, will the administration be conducted together or separately?
- Determine parental permission type (implied/passive or written/active). Determine best method of distributing consent forms, tracking returned, signed forms, collecting returned forms, and submitting to the PIRLS TA.
- Work with the TA to identify students who need accommodations.
- Notify teachers and students in selected classrooms about PIRLS, the importance of participating, and explain test day activities.
- Contact parents to encourage them to return the signed consent form (if applicable).

Parental Permission

Parental permission materials will be supplied by Westat a few weeks before the scheduled session. We ask that you distribute the parental permission forms to the sampled students.

- Most schools use implied/passive permission (which means students only return a form if their parent denies permission to participate), as this option lessens the burden on school staff and results in higher participation rates. If you are using this permission type, please record parent refusals onto the student tracking form (STF) which will be provided with the permission forms.
- Some schools require written/active consent. If your school requires active consent, parents are asked to return signed permission forms to the school coordinator. Please keep track of the return

of these forms on the STF. Please make sure any returned forms have one "box" checked, a parent/guardian signature (not just a printed name) and the name of the student.

Your TA will be in contact with you to track the return of consent forms, as well as exclusion statuses for students. Reminder forms will be sent home as needed. The TA will check the permission forms on the day of the first session to make sure we do not include anyone whose parents have not granted permission. Please keep the returned parent permission forms in a locked or secure location. Your TA will mail a copy of the distributed letter and form to Westat for secure maintenance of records.

Assist on the Day of Student Sessions

The PIRLS TA will arrive at the school about an hour before the student session. In order to have valid results from the study, we need as many sampled students to participate as possible. We are depending on you to make certain the students and teachers are aware of the date, time, and location for their participation and to generate enthusiasm. This often makes the difference in high or low student participation rates. You may want to advertise PIRLS throughout the school and classrooms or make an announcement on the loud speaker about the study the day before and the day of the session to generate interest and encourage participation.

Token of Appreciation

As a token of our appreciation for your time and energy with PIRLS, you will receive a \$100 check after the student session has been completed.

THANK YOU for your help to make PIRLS a success! We greatly appreciate your time and assistance!

PIRLS 2021 Main Study School Questionnaire Letter

Dear [Title] [Name Last]:

The United States is participating in an important international study in 2021: the Progress in International Reading Literacy Study (PIRLS). Since 2001, PIRLS has measured trends in reading achievement at grade 4 in countries around the world, including the United States. Results from PIRLS are used by researchers and policymakers to chart national progress against international standards and other countries around the world, informing national discussions about international competitiveness. [School name] is participating in this study in spring of 2021.

We are asking you to complete a 40-minute questionnaire to provide insight into the practices and resources at your school. The survey is designed to be completed by you or a staff person you designate who can provide information about the characteristics of the school, its enrollment, resources, policies, and learning environment. The questionnaire may be completed by hardcopy or online using a secure website. To access the questionnaire online, please use the web address and unique study ID and password provided on this letter. If completing the questionnaire by hardcopy, please use the enclosed business reply envelope to return the completed questionnaire to us. You may also give the completed hard copy questionnaire to the PIRLS school coordinator at your school.

For information on the confidentiality of the data collected, please see the enclosed FAQ. While participation in this questionnaire is voluntary, your participation is invaluable.

If you have any questions, please do not hesitate to call the PIRLS Help Desk at 1-855-951-1215 or send an email to PIRLS@westat.com. You may also get more information about this study by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>. If you have questions about your rights as a study participant, you may contact Laura Egan at 301-294-3840 or email PIRLS@westat.com.

Your participation in the administrator questionnaire for PIRLS 2021 is very important to its success. Thank you for your time and for supporting this important international study.

Sincerely,

Peggy G. Carr, Ph.D.
Associate Commissioner, NCES

You may also get more information about this study by visiting the PIRLS website at <http://nces.ed.gov/surveys/PIRLS>. If you have questions about your rights as a study participant, you may contact Laura Egan at 301-294-3840 or email PIRLS@westat.com.

Your participation in the teacher questionnaire for PIRLS 2021 is very important to its success. Thank you for your time and for supporting this important international study.

Sincerely,

Peggy G. Carr, Ph.D.
Associate Commissioner, NCES

Enclosures

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

Progress in International Reading Literacy Study (PIRLS) 2021

Inside panels:

What is PIRLS?

The Progress in International Reading Literacy Study (PIRLS) is an international assessment and research project designed to measure reading achievement at the fourth-grade level, as well as school and teacher practices related to instruction. PIRLS was previously assessed in 2001, 2006, 2011, and 2016 with the United States participating in all past assessments. In 2021, PIRLS will involve students from more than 50 countries, including the United States. For the first time, PIRLS will be completely electronic and administered on a tablet with a keyboard. This new format for the assessment is called digitalPIRLS.

PIRLS is sponsored by the International Association for the Evaluation of Educational Achievement (IEA) and conducted in the United States by the National Center for Education Statistics (NCES), part of the U.S. Department of Education.

Why is PIRLS important?

PIRLS provides a unique opportunity to compare the reading of U.S. fourth-grade students with that of their peers in countries around the world. PIRLS complements what we learn from national assessments by identifying the strengths and weaknesses of student performance relative to students around the world. The results inform national discussions about education as well as international competitiveness.

PIRLS provides valuable benchmark information on how U.S. students compare to students around the world, allows educators and policymakers to examine other education systems for practices that could have applications to the United States, and contributes to ongoing discussions of ways to improve the quality of education of all students.

What type of assessment is PIRLS?

PIRLS is developed through an international consensus-building process involving input from U.S. and international experts in reading and measurement. In a final step, the assessment is endorsed as suitable by all participating countries. The assessment contains a mix of questions: some require students to select appropriate responses, while others require that students provide written answers. Examples of PIRLS items are available at <http://nces.ed.gov/surveys/pirls/released.asp>.

The new version of PIRLS (digitalPIRLS) will be administered in a fully digital format, on a tablet with a keyboard.

Key findings from PIRLS 2016

At grade 4, the U.S. average reading score (549) was higher than the PIRLS scale centerpoint of 500. The U.S. was among the top 13 education systems (12 education systems had higher averages and 15 were not measurably different) and scored higher, on average, than 30 education systems.

In the new 2016 ePIRLS online assessment the U.S. average score was 557, which was lower than the averages for 3 education systems, higher than the average for 10 education systems, and not measurably different from the averages for 2 education systems.

Back panels:

Other information collected by PIRLS

PIRLS is more than an assessment of student knowledge in reading. PIRLS also considers the context in which learning occurs. Students, teachers, and schools are asked about a variety of aspects of the environments in which content is taught, learned, practiced, and applied. In this way, PIRLS provides each country with a rich source of information on the factors related to reading achievement.

Study Authorization and Confidentiality

All of the information collected is protected as required by law. NCES is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35). Information collected will help the U.S. Department of Education's ongoing efforts to benchmark student achievement in the United States. Participation is voluntary. All of the information provided by school staff and students may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645. Individual responses will be combined with those from other participants to produce summary statistics and reports.

PIRLS 2021 Main Study FAQ

Progress in International Reading Literacy Study

Frequently Asked Questions

PIRLS 2021

What is PIRLS?

The Progress in International Reading Literacy Study (PIRLS) is an international assessment and research project designed to measure trends in reading achievement at the fourth-grade level as well as school and teacher practices related to instruction. Since 2001, PIRLS has been administered every 5 years. PIRLS 2021, the fifth study in the series, will involve students from more than 50 countries, including the United States. For the first time, PIRLS will be completely electronic and administered on a tablet with a keyboard. This new format for the assessment is called digitalPIRLS.

Why was my school selected for participation?

Your school was randomly selected so that the overall U.S. sample will be representative of the overall U.S. school population. The random selection process is important for ensuring that a country's sample accurately reflects its schools and, therefore, can fairly be compared with samples of schools from other countries.

Why should my school and students participate?

PIRLS informs national discussions about education policy as well as international competitiveness. It is important for selected schools to participate because they represent similar U.S. schools across the country. When students participate and give their best effort, PIRLS gets the most accurate measure possible of student achievement in the U.S. to compare with other countries.

Will all our fourth-grade students be asked to participate?

It depends on the number of fourth-grade classrooms in the school. In schools with only one or two such classrooms, all students will be asked to participate. In schools with more than two such classrooms, only students in two randomly selected classrooms will be asked to participate. In addition, some students with special needs or who are English language learners may be excused from the assessment as needed.

Who conducts the PIRLS assessment?

The entire assessment process will be conducted by trained staff from Westat, a research organization under contract with the National Center for Education Statistics (NCES) in the U.S. Department of Education. All of the information collected is protected as required by law. NCES is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35), and approval of the U.S. Office of Management and Budget under OMB # 1850-0645.

How are the teacher and school questionnaires administered?

The teacher and school questionnaires are administered either online from a secure website or via a hardcopy form. Teacher questionnaires take about 40 minutes to complete and ask teachers questions about their experience, available resources, and instructional practices. School questionnaires take about 40 minutes to complete and ask about school practices and resources.

Do teachers need to help administer the assessment?

No, Westat PIRLS staff will visit the school on the day of the assessment, bringing with them all the materials required. The Westat PIRLS staff will administer the assessments to students.

Do schools need to provide computer equipment for the test?

No, Westat TIMSS staff will bring all the equipment needed for the test, including tablets, styluses, and keyboards.

When will the assessment be conducted?

PIRLS 2021 will be conducted between April XX and May XX, 2021. Each school will be notified of its scheduled assessment date in summer/fall of 2020. Westat PIRLS staff will work with schools to identify an alternate date should there be a conflict on the given date.

Where will the assessment be conducted?

The assessment will be conducted in the schools that are selected to participate.

How long does the assessment take?

The assessment will take approximately 2.5 hours, including time for directions and two breaks.

What will happen with the collected data?

The data from the assessment will be used to evaluate how the knowledge and skills of the U.S. students compare to those of their peers in other participating countries. All of the information provided by school staff and students may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Reports of the findings from the assessment will not identify participating districts, schools, students, or individual staff. Individual responses will be combined with those of other participants to produce summary statistics and reports.

Are schools required by federal law to participate?

School participation is voluntary. However, we hope you will participate in this study so that students like those in your school are accurately and fairly represented.

What are the benefits?

The nation as a whole benefits from PIRLS by having a greater understanding of how the reading knowledge and skills of U.S. 4th graders compare with 4th graders from other countries. To thank participating schools and individuals for their time and effort, we offer tokens of appreciation: schools that participate in PIRLS will receive \$200 and the school coordinator (staff person designated to assist with the study) will receive \$100. Teachers who complete a survey will receive \$20 Amazon gift cards, and each student who participates will receive a small gift.

Where can I find more information about PIRLS?

Visit the PIRLS website at <http://nces.ed.gov/surveys/pirls/index.asp>.

For additional information about PIRLS 2021, contact the PIRLS U.S. Help Desk at 1-855-951-1215 or email PIRLS@westat.com.

OMB# 1850-0645 (expires 04-30-22)

Email to School Coordinator (SC) for MyPIRLS Registration and to Provide School Information (PSI)

(Yellow highlight for merge data fields; red font for customization)

Dear SC:

We hope that this finds you well and enjoying another terrific school year! We are following up with you to remind you to put the 2021 Progress in International Reading Literacy Study (PIRLS) assessment date, [date], on your school calendar at [school name]. We appreciate your commitment to PIRLS, and we know your students will be excited and proud to represent U.S. students in this important international assessment. The PIRLS team looks forward to working with you to coordinate PIRLS in your school.

A sample of your grade 4 classes will be taking PIRLS. In most schools, PIRLS will randomly select about two classes to participate in the assessment. The entire assessment will be administered by trained staff from Westat, a research organization under contract with the National Center for Education Statistics (NCES) in the U.S. Department of Education.

You will have a number of responsibilities critical to preparing for assessment day. Please review the attached *Summary of School Activities* for an overview of your responsibilities. You will use the secure PIRLS portal to transfer information (www.MyPIRLS.com). Please register on MyPIRLS using this **registration ID**: [PIRLS school registration ID], and take a moment to become familiar with the tools on the site. You can refer to the attached *PIRLS Registration and Provide School Information (PSI) Guide* to assist you through the immediate next steps.

Once you have registered, please make sure to complete the questions on the **Provide School Information** page on the PIRLS website.

The timeline below provides an overview of these activities:

- **Today**
Register on MyPIRLS and answer the questions on the MyPIRLS **Provide School Information** page.
- **January 2021**
Prepare and submit a list of classes on the Submit Class List page. Once classes are submitted, PIRLS staff will send you an email noting the selected classes and instructions for how to submit a list of students in those selected classes on the Submit Student List page of MyPIRLS.
- **January - March 2021**
 - Receive a packet of PIRLS materials, including the Facts for Parents about PIRLS and sample parent/guardian notification letters. These materials will also be available on the MyPIRLS website.
 - Review lists of students and teachers.
 - An assigned PIRLS representative will contact you to discuss assessment logistics and accommodations for students with disabilities or English language learners.
 - Notify parents/guardians that their children have been selected for the assessment. A sample parent/guardian notification letter will be available on the MyPIRLS website for you to customize and print on your school letterhead.
- **One week before the assessment** - Notify teachers in advance, and remind them to complete an online PIRLS Teacher Questionnaire, which should have been emailed to them by the PIRLS Team. Request that the school principal complete the PIRLS School Questionnaire as well.

Thank you in advance for your cooperation and effort in helping to coordinate this important assessment. If you have any questions, please feel free to contact the PIRLS Help Desk at 1-855-951-1215 or PIRLS@westat.com. You may also get more information about this study by visiting the PIRLS website at <https://nces.ed.gov/surveys/pirls/>.

Sincerely,

The PIRLS Team

Attachment: *Summary of School Activities*
PIRLS Registration and PSI Guide

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

MyPIRLS Registration and Provide School Information (PSI) Guide

Registration + Username/Password

In order to prepare for PIRLS 2021 in grade 4, you must log in to the PIRLS website (www.MyPIRLS.com). If you have never logged into MyPIRLS and cannot find the registration ID number provided to you by email, please contact the PIRLS Help desk at 1-855-951-1215 or PIRLS@westat.com.

1. Once you have your registration ID number, go to the www.MyPIRLS.com website and click “Please register.”
2. Enter your registration ID and click “Continue.”
3. Make sure to confirm the district and school name shown at the top of the page are correct. Then follow the instructions to enter your name and other contact info. If you will be handling most of the PIRLS tasks at your school, make sure to click “Are you the school coordinator for?”

District:
School Name:
MyPIRLS Registration ID:

First Name:
Last Name:
Telephone:
Extension:
Email:
Confirm Email Address:

Are you the school coordinator for ?

Create your own password using the following criteria:

- Must have 8-14 characters
- Must have **all of the following:**
 - Uppercase(letter)
 - Lowercase(letter)
 - Numerical(digit)
 - Special character (*!,~%#@#\$?^+=&)

Sample password: KnightsR#1

Password:
Confirm Password:

4. Then create a password that meets the password criteria and click **Register**.
5. Once created, your username will be emailed to you. Your username is **not** your email address.
6. If you check the “Are you the school coordinator for?” box, you will get an additional email with a Summary of upcoming activities.

MyPIRLS Home Page

When you first log in, you will see your school name, grade, and assessment date at the top banner. Please make sure those fields are accurate. If not, contact PIRLS@westat.com.

Welcome to PIRLS 2021!

Your school is participating in the Progress in International Reading Literacy Study (PIRLS) to be conducted in 2021 at grade 4. [One/Both of your] classes will take a [paper-and-pencil or digitally-based] assessment of reading

This website will help school coordinators prepare for PIRLS. Each assessment will be administered by trained PIRLS representatives. Thank you for helping your school participate in this important assessment.

The "What You Need to Do" menu on the left will guide you through these activities. You will need to visit this website several times throughout the next few months, so remember your MyPIRLS username and password. You will be asked to update your password every 90 days. Use the left-hand menu to complete the tasks listed below.

- [Provide School Information—Late Fall, 2020](#)
- [Submit Class List—Mid-January, 2021](#)
- [Submit Student List—Mid-January, 2021](#)
- [Prepare for Assessment—February, 2021](#)

The "[What You Need to Do](#)" menu on the left will guide you through the upcoming PIRLS activities. You will need to visit this website several times throughout the next few months, so remember your MyPIRLS username and password. You will also be asked to update your password every 90 days. The change password link is at the top right of the page.

To get started, use the left-hand menu to complete the tasks listed below.

Once complete, you will see this blue text bar shown below at the top of the page.

Thank you for completing the Provide School Information form! Your information should now show in the Current column.

In January of 2021, we will email you instructions for submitting class and student lists.

Thank you for your school's participation in PIRLS 2021!

Sincerely,

Automated Email for all MyPIRLS registrants

(Yellow highlight for merge data fields)

Thank you for creating a MyPIRLS account for the Progress in International Reading Literacy Study (PIRLS). To access MyPIRLS, go to www.MyPIRLS.com and enter your username and password.

Username: [username]

Password information: You created your own password upon registering. Use the "**Forgot Password**" links on MyPIRLS login page if needed. You will be prompted to change your password after 90 days.

MyPIRLS is a secure site that contains confidential information, so it is important to remember your username and password. If you choose to write down this information, store it in a secure place.

If you have questions or need help accessing the website, please contact the PIRLS Help Desk at 1-855-951-1215 or email PIRLS@westat.com Monday through Friday between 9 a.m. and 5:00 p.m. ET.

Sincerely,

The PIRLS Team

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

Automated Email for MyPIRLS School Coordinator registrant

(Yellow highlight for merge data fields; red font for customization)

Dear [school coordinator],

Thank you for creating a MyPIRLS account for the Progress in International Reading Literacy Study (PIRLS) on www.MyPIRLS.com. MyPIRLS is a secure website for sharing information and files related to your school's participation in PIRLS 2021. The website's "**What You Need to Do**" menu will guide you through the upcoming PIRLS activities.

The first step is to complete the **Provide School Information** page. If you have not already done so, please go to <https://www.MyPIRLS.com/ProvideSchoolInformation.aspx>.

In January, you will need to provide a complete and current list of **all of your school's fourth-grade classes** for the PIRLS team to randomly select two classes to participate in PIRLS. You will then be asked to submit lists of **all students in the selected classes**. We will email you in early January with instructions about how to submit the class list, student list, and teacher list through www.MyPIRLS.com.

Please see the **attached** Summary of School Activities for a complete list of activities associated with your school's participation in the PIRLS 2021.

Thank you very much for participating in PIRLS and for playing a key role in making the assessment a success in [school name]!

Sincerely,

The PIRLS Team

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

MyPIRLS Home Page

Welcome to PIRLS 2021!

Your school is participating the Progress in International Reading Literacy Study (PIRLS) to be conducted in 2021 in grade 4. Selected fourth grade classes will take a paper-and-pencil or digitally-based assessment of reading.

This website will help school coordinators prepare for the upcoming PIRLS assessment. Each assessment will be administered by trained PIRLS representatives. Thank you for helping your school participate in this important assessment.

The "What You Need to Do" menu on the left will guide you through these activities. You will need to visit this website several times throughout the next few months, so remember your MyPIRLS username and password. You will be asked to update your password every 90 days. Use the left-hand menu to complete the tasks listed below.

- Provide School Information—Fall 2020
- Submit Class List—January 2021
- Submit Student List—January 2021
- Prepare for Assessment—February, 2021

Email to School Coordinator (SC) to Submit Class and Student Lists—Grade 4

Dear [School Coordinator],

PIRLS needs a complete and current list of **all of your school's fourth-grade classes** and **all the fourth-grade students in those classes** in order to randomly select classes to participate in PIRLS 2021.

Please go to www.MyPIRLS.com to submit your class and student lists. If you have forgotten your login ID, please contact the PIRLS Help Desk at 1-855-951-1215 or PIRLS@westat.com. If you have forgotten your password, you can request a new password on the MyPIRLS login page.

After logging in, select **Submit Class List** from the left hand panel to provide information about your fourth-grade classes. Once you have provided information about all fourth-grade classes, the PIRLS staff will email you to notify you of which classes have been selected to take the assessment. Then, select **Submit Student List** to provide an electronic list of currently enrolled fourth-grade students in your school for the selected classes only.

Instructions for **Submit Class List** and **Submit Student List** are attached. These tip sheets and Excel templates can also be found in the **Documents** section of this website.

If you have any questions about submitting your list, please email or call the PIRLS Help Desk at PIRLS@westat.com or 1-855-951-1215.

Please submit your class list **within one week of returning from winter break**. PIRLS will process your submission and select the sample of fourth-grade classes to be assessed. You will be informed of the classes selected within a few weeks of submitting your lists.

Thank you very much for participating in PIRLS and for submitting your school's class and student lists!

Sincerely,

The PIRLS Team

Attachments: Grade 4 Submit Class List Tip Sheet; Grade 4 Submit Student List Tip Sheet

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

Instructions for Submitting Class Lists- Grade 4

Submit Class List

PIRLS needs a complete and current list of all of your school's fourth-grade classes in order to randomly select classes to be assessed. Typically, two classes are sampled in each school, and all students in the selected classes are assessed. Submit your class list first, and the PIRLS Team will email you the list of selected classes. After you receive the list of selected classes, you will be given instructions to submit student lists for the **selected classes only**.

Go to www.MyPIRLS.com and log in.

Enter information about all fourth-grade classes at your school.

On www.MyPIRLS.com, select **Submit Class List** from the navigation menu on the left. The table on the page provides a description of all information that is needed. Enter information for each fourth-grade class in the web form. After you have entered information for one class, click on the *Save* button, and another row will appear for you to enter information about the next class(es). If you have not completely filled out a row, you may get a warning message at the top of the screen that the data must be fixed and resaved. Continue until you have entered information for all classes that contain fourth-grade students. **Note: Do not click the Finished button until all classes have been entered. Make sure to click "Save" one last time prior to clicking "Finished."**

Include the following information for each class:

- a. *Class Name (each class name must be unique and descriptive, e.g. "Mrs. Johnson's 4th grade class;" each row must have a unique new name)*
- b. *Class Group or Track (Select "average" track if there are no tracks or group levels)*
- c. *Number of 4th grade students in the class (Most classes have less than 30 students; do not include 3rd or 5th graders)*
- d. *Class Exclusion Status (If applicable; Only use this field if EVERY student in that class cannot take PIRLS)*
- e. *Name of Reading Teacher*
- f. *Email address of Reading Teacher*

Additional tips for submitting information about your fourth-grade classes:

- Record the Class Name that is typically used by your school to refer to the class. The class name should be as descriptive as possible so that when we notify you of which class has been selected, you can identify it easily.
- If there is a class with more than one grade level (multi-grade class), please only count the number of fourth grade students in that class. Enter the number of fourth grade students in the *Number of Students* field. For example, if the class has 15 students including 5 third-graders, **6 fourth-graders**, and 4 fifth-graders, enter "6" as the *Number of Students* in this class.
- Use the most current enrollment information.
- Include all classes, even if they typically are excluded from your state testing program, or all students take alternate assessments. If all students in the class should be excluded, you can indicate this by selecting the appropriate **Class Exclusion Status** code.
- Print a list of the classes you included for your future reference using the *Print* button.

Once you have entered information for all the fourth-grade classes in your school, **click Save and then the Finished button. Only click Finished AFTER clicking Save.**

When you click "Submit Class List" for Grade 4, you will see this description table at the top and an empty form to enter information at the bottom of the page.

Below is a detailed description of what will be needed.

Table of Fields to enter for Grade 4 Class List Submission

<p>*Class Name (each class name must be unique)</p>	<p>Record the class name that is typically used by your school to refer to the class. For example, it may be that your school uses the grade plus a letter for the class name (4a, 4b, etc.), the grade plus a number (4.1, 4.2, etc.), the teacher name, the class period (Period 1, Period 2, etc.), the class location (Room 7, Room 8, etc.), or some other combination of these items. It is important that unique class names are entered because these names will be used to indicate to the Test Administrator which classes will be tested.</p>
<p>*Class Group or Track (use Average if none)</p>	<p>If your school assigns students to specific classes based on their ability, please indicate the relevant level: Low ability, Average ability, or High ability. Use average if no group or track level.</p>
<p>*Number of 4th-grade students in each class</p>	<p>Enter the number of fourth-grade students in each class. In the case of <i>multi-grade classes</i> (e.g., students from more than one grade level in the same class), only the fourth-grade students should be counted as a class in the list. For example, if three Grade 3 students, five grade 4 students, and ten grade 5 students form a multi-grade class, then you should record five students for the number of students in this multi-grade class. Also, if the class has 15 students including 5 third-graders, 6 fourth-graders, and 4 fifth-graders, enter “6” as the <i>Number of Students</i> in this class.</p>
<p>Class Exclusion Status (if applicable; if at least one 4th-grade student in this class is able to be assessed, do not use this field)</p>	<p>1 = Students with functional disabilities; i.e., students who have physical disabilities in such a way that they cannot perform in the PIRLS testing situation. Students with functional disabilities who are able to perform should be accommodated in the test situation, within reason, rather than excluded.</p> <p>2 = Students with intellectual disabilities; i.e., students who are considered, in the professional opinion of the school principal or by other qualified staff members, to have severe intellectual disabilities or who have been tested as such. This category includes students who are emotionally or mentally unable to follow even the general instructions of the test. Students should not be excluded solely because of poor academic performance or normal disciplinary problems. It should be noted that students with dyslexia, or other such learning disabilities, should be accommodated in the test situation, within reason, rather than excluded.</p> <p>3 = Non-native language speakers; i.e., students who are unable to read or speak the language(s) of the test and would be unable to overcome the language barrier in the test situation.</p> <p>If all students in the excluded class do not belong to the same exclusion category, please identify the category corresponding to the majority of students.</p>
<p>*Name of Reading Teacher</p>	<p>Name of the reading teacher of the class.</p>
<p>*Email address of Reading Teacher</p>	<p>Email address of the reading teacher of the class.</p>

Enter classes in this table:

Tips:

- Use the *Save* button to save information you have entered for each class.
- If you need to delete a class, click on the  at the beginning of a saved class row.
- Use the *Print* button to print a list of the classes you included for reference.
- Each class name must be unique. Do not just type in "Grade 4 class" several times. We must be able to differentiate between classes, so please use different class names for each reading class with at least one 4th-grade student.
- Click on the *Finished* button when you have entered all fourth-grade classes in the form. Then go to the Submit Student List page.

Grade 4					
 *Class Name (each class name must be unique)	 *Class Group	 *Number of 4th-grade students in class (Most classes have less than 30 students; do not include 3rd or 5th graders)	 Class Exclusion Status (If applicable)	 *Name of Reading Teacher	 *Email address of Reading Teacher
Enter class name here	Select	Enter number here	Select	Enter name here	Enter email here

You can hover your mouse cursor over the *Information* symbol to get more information about each field and its requirements.

The white asterisks indicates the field is required.  Enter class details and then click **Save** after each row. The row will not save if an error occurs. If you see an error message, please correct the text in that row and re-save to activate a new row to enter.

Continue to click "save" and make sure to click "save" after you enter the last class. Do Not click "Finished" until after you click "save" one last time and there are no error messages.

Enter class name here	Select	Enter number here	Select	Enter name here	Enter email here
-----------------------	--------	-------------------	--------	-----------------	------------------

Once finished, the PIRLS team will email  you within 5-7 business days which grade 4 classes were selected. Then you can submit student lists for the **selected classes only**.

Grade 4							
 *Class Name (each class name must be unique)	 *Class Group	 *Number of 4th-grade students in class (most classes have less than 30 students)	 Class Exclusion Status (If applicable)	 *Name of Mathematics Teacher	 *Email address of Mathematics Teacher	 *Name of Science Teacher (only if different from Mathematics Teacher)	 *Email address of Science Teacher (only if different from Mathematics Teacher)
 Mr. Smith's 4th Grade Class	Average	25	Select...	John Smith	JohnSmith@teach.com	John Smith	JohnSmith@teach.com
Mrs. Johnson Grade 4 Class	Low	19	Students with intellectual disabilities	Mary Johnson	MaryJohnson@teach.com	Mary Johnson	MaryJohnson@teach.com

Choose "Finished" once you have entered all class information for Grade 4. No further editing is possible when you choose this option.

If you need assistance, email PIRLS@westat.com or call 1-855-951-1215.

Instructions for Submitting Student Lists- Grade 4

Submit Student List – Step 1 - Upload Excel File

Along with the list of classes, PIRLS needs a complete and current list of **all students** in the classes that the PIRLS team selects.

Your student data electronic file (E-File) must be submitted as a Microsoft Excel file. Click the “Submit Student List” link to get started. You can only do this **AFTER** you have completed the Submit Class List Page. The class names you entered on that page will need to be reentered exactly when completing student lists.

You may use the E-File Excel Template we provide in the **Documents** section on <https://www.MyPIRLS.com>, or you may provide an Excel file with the same information. Include the following information for each student:

- Student Name: The preferred format is First Name, Middle Name (or Initial), and Last Name in separate columns. However, MyPIRLS will accept student names in one column.
- Sex: Codes for Male/Female.
- Date of Birth: The preferred format is Month of Birth and Year of Birth in separate columns. However, MyPIRLS will accept Date of Birth in one column.
- Student with a Disability Status (Use 1=Yes, student has disability and/or IEP; 2=No, student does not have disability or IEP)
- English Language Learner (Use 1=Yes, student is ELL; 2=No, student is formerly ELL; 3=No, student is not ELL)
- Class: The fourth-grade class the student is enrolled in. Please use **the same unique class names** you used in the Submit Class List screen.
- Teacher Name: Teacher of the above named class.
- Teacher Email: Teacher email address of the above named class (work email).

Student Current Grade Level It is preferred that you include column headers as the first row in your E-File (see templates for examples in [Documents](#)). However, E-Files without column headers will be accepted. If you cannot submit your student data with this information in an Excel file, please call or email the PIRLS Help Desk at 1-855-951-1215 or PIRLS@westat.com. Please save this file with your school name and district in the file name.

Tips for ensuring the E-File process goes smoothly:

- Use the template or provide column headers. Student information should begin on the second row. There should be no empty rows within the student data. Do not provide any other student information.
- Be sure to give your file a unique, descriptive name. Within Excel, click on *File*, then *Save As*, and give your file a name such as “Your School Name Grade 4 PIRLS.xls.” Save this file in a secure location
- The first row of data in your file will be read as the column header unless you indicate otherwise on the **Submit Student List** webpage. Each succeeding row will be considered a student record.
- There should be only one worksheet with data in the Excel file. If there are other worksheets, they must not contain any data.
- Copy and paste the class name from the class list that you submitted, or make sure that they match **exactly**.

Once you have finished creating your student list, scroll towards the bottom of the page, and click “Yes” or “No” to indicate whether or not you have included column headers in your Excel file (first row in file says, “student name, sex, date of birth,” etc.).

Then, click *Browse* to locate the Excel file on your computer. Once, the Excel file is selected, click *Upload*.

Does your student data file contain [column headers](#):

New file:

Proceed to the next page of this guide.

Submit Student List – Step 2 – Identifying Columns

Identify Your Columns

We need to know what information is in each column of your student data file (E-File). If you provided column headers in your E-File (preferred), they are displayed in **Column Heading Is** in the table below. If you did not provide column headers, **Column Heading Is** will contain numbers for each column in your submitted E-File. Click on the down arrows in **Your Column Contains** to select descriptions for each column header. If there is no appropriate description in the drop-down list, please select N/A.

Once finished, click Next.

Column Heading Is	Your Column Contains
Student First Name	Student Name: First ▼
Student Middle Name	Student Name: Middle ▼
Student Last Name	Student Name: Last ▼
Grade	N/A ▼
Month of Birth	Birth Date: Month of Birth ▼
Year of Birth	Birth Date: Year of Birth ▼
Sex	Sex ▼

Select Next after all columns have been identified.

You can always come back to this **Identify Columns** page by clicking on the link circled in red on the **Submit Student List** page:

Filename	Filesize	Uploaded	Uploaded By
EFile_Template.xls	30720	2/1/2017 11:06:28 AM	

Does your student data file contain [column headers](#):

New file:

Submit Student List – Step 3 – Matching Values and Verifying E-File Percentages

Match Your Values to PIRLS Codes.

Follow the instructions below to verify codes you entered in your Excel file (e.g. M means male and F means female student).

PIRLS needs to know the values for each of the columns in your E-File. The tables on the next few web pages contain the following information for each column:

- Your Values: The values in your E-File
- PIRLS Codes: Click on the down arrow and select the PIRLS Code that best matches Your Values
- Number: The number of students in your E-File with that value
- Percentage: The percentage in your E-File with that value

Use the Previous and Next buttons to navigate from column header to column header.

If there is an error in your data file, exit E-File, correct the problem in your Excel file, and upload the file again.

Sex - Column 1 of 1

Your Values	PIRLS Codes	Number	Percentage
F	Female ▾	1	33.33%
M	Male ▾	2	66.67%

Submit Student List – Step 4 – Data verification

Possible warnings:

You have entered that there are XX students in the PSI page for your selected grade; however, there are XX students in your Excel file. Please confirm your Excel file has the correct number of students.

There are several students with a possibly ineligible birth year. The potentially ineligible birth year(s) are:

Please confirm this is correct before moving on. If there is an error in your data file, exit E-File, correct the problem in your Excel file, and upload the file again.

Verify Your E-File

Once complete with matching your codes, you can review the percentages to ensure your file looks correct. For example, most schools would have around 50% female and 50% male students.

The table below summarizes the information you have provided on your student list (E-File). Please review this summary and verify that the information is correct. Total Enrollment at the bottom of the table should match the number of students in your E-File and the total number of students currently enrolled in grade 4.

Record whether the information is correct or incorrect by selecting the appropriate button at the bottom of the page. Then click the Submit button. If you select incorrect, you will need to correct your E-File and resubmit it.

	Number	Percentage
Sex		
Male	2	66.67%
Female	1	33.33%
Total Enrollment:	3	

- Information is **CORRECT and CURRENT**.
- Information is **INCORRECT**.

[Previous](#) [Submit](#)

Once you click submit, you will see this message below.

Thank you for submitting your E-File!

A PIRLS representative will contact you to make arrangements for the assessment.

Submit Class List Page

Submit Class List

PIRLS needs a complete and current list of all of your school's fourth-grade classes in order to randomly select classes to be assessed. Typically, two classes are sampled in each school, and all fourth-grade students in the selected classes will be assessed.

Enter the data for each class in the form below. After you have entered information for a class, click on save, and another row will appear for you to enter information about another class. Continue until you have entered information for all classes that contain fourth-grade students.

Include the following information for each class (* indicates a required field):

<p>*Class Name (each class name must be unique)</p>	<p>Record the class name that is typically used by your school to refer to the class. For example, it may be that your school uses the grade plus a letter for the class name (4a, 4b, etc.), the grade plus a number (4.1, 4.2, etc.), the teacher name, the class period (Period 1, Period 2, etc.), the class location (Room 7, Room 8, etc.), or some other combination of these items. It is important that unique class names are entered because these names will be used to indicate to the Test Administrator which classes will be tested.</p>
<p>*Class Group or Track (use Average if none)</p>	<p>If your school assigns students to specific classes based on their ability, please indicate the relevant level: Low ability, Average ability, or High ability.</p>
<p>*Number of 4th-grade students in each class</p>	<p>Enter the number of fourth-grade students in each class. In the case of <i>multi-grade classes</i> (e.g., students from more than one grade level in the same class), only the fourth-grade students should be counted as a class in the list. For example, if three Grade 3 students, five Grade 4 students, and ten Grade 5 students form a multi-grade class, then you should record five students for the number of students in this multi-grade class. Also, if the class has 15 students including 5 third-graders, 6 fourth-graders, and 4 fifth-graders, enter “6” as the <i>Number of Students</i> in this class.</p>
<p>Class Exclusion Status (if applicable; if at least one 4th-grade student in this class is able to be assessed, do not use this field)</p>	<p>1 = Students with functional disabilities; i.e., students who have physical disabilities in such a way that they cannot perform in the PIRLS testing situation. Students with functional disabilities who are able to perform should be accommodated in the test situation, within reason, rather than excluded.</p> <p>2 = Students with intellectual disabilities; i.e., students who are considered, in the professional opinion of the school principal or by other qualified staff members, to have severe intellectual disabilities or who have been tested as such. This category includes students who are emotionally or mentally unable to follow even the general instructions of the test. Students should not be excluded solely because of poor academic performance or normal disciplinary problems. It should be noted that students with dyslexia, or other such learning disabilities, should be accommodated in the test situation, within reason, rather than excluded.</p> <p>3 = Non-native language speakers; i.e., students who are unable to read or speak the language(s) of the test and would be unable to overcome the language barrier in the test situation.</p> <p>If all students in the excluded class do not belong to the same exclusion category, please identify the category corresponding to the majority of students.</p>
<p>*Name of Reading Teacher</p>	<p>Name of the reading teacher of the class</p>
<p>*Email address of Reading Teacher</p>	<p>Email address of the reading teacher of the class</p>

Tips:

- Use the *Save* button to save information you have entered for each class.
- If you need to delete a class, click on the  at the beginning of a saved class row.
- Use the *Print* button to print a list of the classes you included for reference.
- Each class name must be unique. Do not just type in "Grade 4 class" several times. We must be able to differentiate between classes, so please use different class names for each class with at least one 4th-grade student.
- Click on the *Finished* button when you have entered all fourth-grade classes in the form. Then go to the Submit Student List page.

Grade 4					
 *Class Name (each class name must be unique)	 *Class Group	 *Number of 4th-grade students in class (Most classes have less than 30 students; do not include 3rd or 5th graders)	 Class Exclusion Status (If applicable)	 *Name of Reading Teacher	 *Email address of Reading Teacher
Enter class name here	Select	Enter number here	Select	Enter name here	Enter email here

Submit Student List Page

Submit Student List

Along with the list of classes, PIRLS needs a complete and current list of all 4th grade students in the selected grade 4 classes in order to draw a random sample of classes (and therefore students) to participate in the assessment. Your student data electronic file (E-File) must be submitted as a Microsoft Excel file.

You may use the PIRLS E-File Excel Template or you may provide an Excel file with the same information. Include the following information for each student:

All 9 fields below are REQUIRED in your student list file (especially exact Class Names that you entered in the previous Submit Class Lists page).

1. Class Name: The fourth-grade class the student is enrolled in. Please use the same unique class names you used in the Submit Class List screen.
2. Reading Teacher Name: Reading Teacher of the above named class.
3. Reading Teacher Email of Class
4. Student Name: The preferred format is First Name, Middle Name (or Initial), and Last Name in separate columns. However, PIRLS will accept student names in one column.
5. Sex: Codes for Male/Female.
6. Date of Birth: The preferred format is Month of Birth and Year of Birth in separate columns. However, PIRLS will accept Date of Birth in one column.
7. Student with a Disability Status (Use 1=Yes, student has disability and/or IEP, 2=No, student does not have disability or IEP)
8. English Language Learner (Use 1=Yes, student is ELL; 2=No, student is formerly ELL; 3=No, student is not ELL)
9. Student Current Grade Level (grade 4 only)

It is preferred that you include column headers as the first row in your E-File (see excel templates below or in Documents). However, E-Files without column headers will be accepted. If you cannot submit your student data with this information in an Excel file, please call or email the PIRLS Help Desk at PIRLS@westat.com or 1-855-951-1215.

1. All students in selected classes should be entered on the same excel worksheet in the same excel workbook file.
2. All students on the excel file should be in grade 4 only).

MyPIRLS Prepare for Assessment Page

Prepare For Assessment

Thank you for providing information about all the fourth-grade classes in your school! After submitting both class and student lists, you will receive an email telling you that your sample of classes has been selected. Return to this webpage when you receive the email from PIRLS@westat.com: “The list of students selected to participate in PIRLS is available in the Student Tracking Forms (STF),” available below.

Please note below:

Each STF has the list of students in the selected class and their teachers.

Schools with small classes or multi-grade classes may have more than two classes selected, so please check to see if there is more than one page on each STF PDF file.

Student Tracking Form (download all if more than one link is shown)

[Click here to download the STF 1](#)

[Click here to download the STF 2](#)

- **Student Tracking Form (STF)** – The forms list the students who have been selected to participate in the assessment at your school. Instructions on how to access and review the forms are in the **Documents** section on this website.
- **Sample Parent Notification Letter** and **Facts for Parents about PIRLS** – You will receive a packet of PIRLS materials including a sample parent/guardian notification letter and a PIRLS Facts for Parents.

A sample parent/guardian notification letter is in the **Documents** section for you to customize and print on your school letterhead. Please distribute the parent notification letter and the Facts for Parents about PIRLS (from our mailing to you) to the parents of the selected students prior to the assessment. A Spanish version of the letter and Facts for Parents are also available in the **Documents** page.

As your assessment date approaches, your Test Administrator will be contacting you to finalize the assessment day activities.

Student Tracking Form (STF) Email

(yellow highlight for mail merge; red for customization)

Dear [School Coordinator],

Thank you for providing information about all the fourth-grade classes in your school! The list of students selected to participate in PIRLS is now available in the Student Tracking Form (STF) available on the MyPIRLS website. Please see below for more details about the forms and parent notification.

- Student Tracking Form (STF) – The forms list the students who have been selected to participate in the assessment at your school. Instructions on how to access and review the forms are attached (There may be multiple pages in each PDF file).
- Sample Parent Notification Letter and Facts for Parents about PIRLS. – A sample parent/guardian notification letter is attached for you to customize and print on your school letterhead. Please distribute the parent notification letter and the *Facts for Parents about PIRLS* to the parents of the selected students prior to the assessment. A Spanish version of the letter is available on the MyPIRLS site in **Documents**.
- FedEx Shipment – Within a week, a FedEx shipment of hard-copies of the *Facts for Parents about PIRLS* will be delivered to you. You can also distribute them electronically. The document is available to be downloaded from this site: <https://www.mypirls.com/Documents.aspx>.

As your assessment date approaches, your Test Administrator will be contacting you to finalize the assessment day activities and discuss accommodations, if necessary.

If you have any questions, please do not hesitate to call 1-855-951-1215 or send an email to PIRLS@westat.com. You may also get more information about this study by visiting the PIRLS website at <https://nces.ed.gov/surveys/pirls/>.

Thank you for your assistance with this study!

Sincerely,

The PIRLS Team

Facts for Parents about PIRLS

STF Instructions

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students' education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In the United States, PIRLS is conducted by NCES, part of the U.S. Department of Education, and the data are being collected by Westat. The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

Instructions for Student Tracking Form (STF)

Reviewing the Student Tracking Form (STF)

The two **Student Tracking Forms** (STF) list the students who have been selected to participate in the assessment at your school. This list is based on the student information you submitted. You can take notes on this form in preparation for the pre-assessment call in which the Test Administrator will ask you about any updates to this form over the phone. To access the STF, please login at www.MyPIRLS.com; then, go to **Prepare for Assessment** and select “**Click here to download the STF.**”

As the first step in reviewing the Student Tracking Form, please verify the student information for accuracy after you open the Excel file you just downloaded. See below for what should be reviewed. Please also make sure the school name and students match what you expect.

- Student’s name is listed in **Column 1**.
- Date of birth is listed in **Column 3**.
- Gender (using codes—1 for female and 2 for male) is listed in **Column 4**.
- Exclusion status in **Column 5**.
- Participation status in **Column 8**.

Student Exclusions and Accommodations

If a student is to be excluded from the assessment because he or she requires an accommodation that is not allowed, please make a note in column 5 using the codes at the bottom of the STF.

Participation Status + Newly-enrolled or no-longer-enrolled students

If many of the students listed in the STF are not enrolled in the school, please contact PIRLS@westat.com ASAP, but you do not need to contact PIRLS@westat.com if only 1 to 3 students are no longer enrolled or are newly enrolled. These new or no-longer-enrolled students can be discussed with your Test Administrator when they call you for the pre-assessment call (usually 1-2 weeks before assessment date). You can make a note on the form regarding these students in the first column in column 8 using the status codes shown at the bottom of the STF. You can also use status codes 1 through 4 to provide more information about a student.

Updates and Questions

If you have updates to the STF, please have the form ready for the pre-assessment call. You can also provide the hardcopy to the Test Administrator when they come to your school on assessment day. If you have any questions about completing this form, please address them with your Test Administrator when they contact you. For urgent questions on the STF, you can also contact the PIRLS Help Desk (PIRLS@westat.com or 1-855-951-1215). The STF is just for you to take notes on in preparation for the pre-assessment call so you know parents of which students should be notified. Please do not send the STF back to us. You can, however, give it to the Test Administrator in person, if you would like, when they come on the assessment day.

Student Tracking Form (STF) Template

(Below is a copy of the paper PIRLS STF, which will be replaced with digital PIRLS STF once it is provided by the IEA)

School Principal Questionnaire Login Card/Email

(yellow highlight for mail merge; red for customization)

Front of Card:

Welcome to PIRLS!

Your school is participating in the 2021 Progress in International Reading Literacy Study (PIRLS). This online questionnaire seeks information about schools and provides important context to understanding the achievement of students taking the assessment. **[School coordinator]** has been assisting with PIRLS tasks at your school and can assist you if you have questions. **Please complete this questionnaire as soon as possible, and no later than [date].**

Please go to the web address (URL) given below and log in to the online questionnaire with your “School ID” and “Password”, which are printed on the label attached below. Please contact the PIRLS Help Desk (PIRLS@westat.com) if you have problems logging on.

The website link is: <https://portal.mypirls.com>.

[Insert Label]

The online questionnaire does NOT require JavaScript or cookies to work. Responses are saved automatically as you go from question to question. The “Table of Contents” link on the bottom of each page provides an overview of all questions and whether you have completed them. You may leave the questionnaire at any time and log in again later. See notes on the back of this card.

OMB# 1850-0645 (expires 04-30-22).

Back of Card:

NOTES

- Please use the Previous and Next buttons to navigate backward and forward
- You may exit the questionnaire at any time and log in again later— all of your responses will be saved automatically.
- The Table of Contents provides an overview of all questions and shows whether you have completed all questions.
- To exit the Table of Contents, click on any question link or section header.
- If you would like a printed copy of the online questionnaire, click on the “Prepare Printer Version” link on the Table of Contents page.
- It is estimated that it will take approximately 40 minutes to complete the questionnaire.
- If you have problems accessing the online questionnaire or need assistance, please contact the PIRLS Help Desk at PIRLS@westat.com or 1-855-951-1215.
- If you would prefer to complete a paper questionnaire, please contact your PIRLS School Coordinator.

Thank you for the thought, time, and effort you have put into completing the questionnaire!

The National Center for Education Statistics (NCES) is authorized to conduct this study under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543), and to collect students’ education records from educational agencies or institutions for the purpose of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3) (iii) and 99.35). The U.S. Office of Management and Budget has approved the data collection under OMB # 1850-0645.

Teacher Questionnaire Selection Email

(yellow highlight for mail merge; red for customization)

Welcome to PIRLS!

Your school is participating in the 2021 Progress in International Reading Literacy Study (PIRLS). This online questionnaire seeks information about teachers' academic and professional backgrounds, classroom resources, instructional practices, and attitudes toward teaching. **School coordinator** has been assisting with PIRLS tasks at your school and can assist you if you have questions. **Please complete this questionnaire as soon as possible, and no later than [date].**

If you are the reading teacher for more than one 4th grade class that is participating in PIRLS, you may be asked to complete more than one questionnaire. Please complete all of them. These additional questionnaires will contain a unique user ID. You will receive a \$20 Amazon gift card code for each unique questionnaire that you finish. The user ID provided in this email is linked to student responses for [class name]. Please keep this particular class in mind when answering questions about your instructional practices.

Go to the web address (URL) given below and log in to the online questionnaire with your user ID and password. Please contact the PIRLS Help Desk (PIRLS@westat.com) if you have problems logging on. The website link is: <https://portal.mypirls.com>.

Student Certificate of Completion

STUDENT CERTIFICATE OF COMPLETION

This is to verify that

(Name of Student)

has completed 3 hours of volunteer service by participating in the

PIRLS 2021
(Progress in International Reading Literacy Study)

an international study involving over 50 countries and education systems. PIRLS measures trends in reading achievement at the fourth-grade level as well as collects information about school and teacher practices related to instruction. Each participating student represented many other students in the United States. Student's participation is critical to the success of PIRLS in the United States.

School Coordinator Incentive Template

Dear School Coordinator,

Thank you for serving as the School Coordinator for the Progress in International Reading Literacy Study (PIRLS) for your school. Your participation is vital to the success of this important study. As a token of our appreciation for your help coordinating the assessment logistics in your school, we have enclosed a check for \$100.

If you have any questions, please feel free to call the PIRLS Help Desk at 1-855-951-1215, or send an email to PIRLS@westat.com. We appreciate your involvement.

Sincerely,

The PIRLS Team

School Incentive Template

Dear Principal,

Thank you for participating in the Progress in International Reading Literacy Study (PIRLS). Enclosed is a thank you for your school as a token of our appreciation for your school's participation in this important study.

The study to date has been very successful because of the cooperation and participation of the children and schools. You can find further information and results from the study at the government's website at <https://nces.ed.gov/surveys/pirls/>.

Thank you for your support of PIRLS. If you have any questions, please call the PIRLS Help Desk at 1-855-951-1215, or send an email to PIRLS@westat.com. We appreciate your involvement.

Sincerely,

The PIRLS Team

Postcard

Background/Right Side: Map of world

Left Side:

Join Team USA

Participate in the next Progress in International Reading Literacy (PIRLS) Study:

- Compares the reading of U.S. fourth-grade students with that of their peers in countries around the world;
- Involves students from more than 50 countries; and
- Provides valuable benchmark data for educators and policymakers to examine other educational systems.

Your school was randomly selected to represent similar schools in the U.S. so that the results are representative of the overall U.S. school population.

PIRLS USA Logo

OMB# 1850-0645 (expires 04/30/2022).

Back of Card:

Key findings from PIRLS 2016:

- **The overall reading average scale score for U.S. students (549) was higher than the international PIRLS scale average, which is 500.**
- **The United States average was higher than 30 education systems and not measurable different from 15 others. Twelve education systems had higher averages.**
- **The average score for girls was higher than the average score for boys in the United States (553 vs 545).**
- **In the new 2016 ePIRLS online assessment the U.S. average score was 557, which was lower than the averages for 3 education systems, higher than the average for 10 education systems, and not measurably different from the averages for 2 education systems.**
