

Estimated Total Annual Burden: 20,550 hours.

Frequency: Every two years.

Comments Are Invited On: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. FTA 2019-0009]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the Federal Transit Administration (FTA) to request the Office of Management and Budget (OMB) to approve the extension of a currently approved information collection:

Public Transportation Emergency Relief Program

DATES: Comments must be submitted before August 19, 2019.

ADDRESSES: To ensure that your comments are not entered more than once into the docket, submit comments identified by the docket number by only one of the following methods:

1. *Website:* www.regulations.gov. Follow the instructions for submitting comments on the U.S. Government electronic docket site. (*Note:* The U.S. Department of Transportation's (DOT's) electronic docket is no longer accepting electronic comments.) All electronic submissions must be made to the U.S. Government electronic docket site at www.regulations.gov. Commenters

should follow the directions below for mailed and hand-delivered comments.

2. *Fax:* 202-366-7951.

3. *Mail:* U.S. Department of Transportation, 1200 New Jersey Avenue SE, Docket Operations, M-30, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001.

4. *Hand Delivery:* U.S. Department of Transportation, 1200 New Jersey Avenue SE, Docket Operations, M-30, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001 between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

Instructions: You must include the agency name and docket number for this notice at the beginning of your comments. Submit two copies of your comments if you submit them by mail. For confirmation that FTA has received your comments, include a self-addressed stamped postcard. Note that all comments received, including any personal information, will be posted and will be available to internet users, without change, to www.regulations.gov. You may review DOT's complete

Privacy Act Statement in the **Federal Register** published April 11, 2000, (65 FR 19477), or you may visit www.regulations.gov. Docket: For access to the docket to read background documents and comments received, go to www.regulations.gov at any time. Background documents and comments received may also be viewed at the U.S. Department of Transportation, 1200 New Jersey Avenue SE, Docket Operations, M-30, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001 between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

FOR FURTHER INFORMATION CONTACT: John Bodnar (202) 366-9091 or email: john.bodnar@dot.gov.

SUPPLEMENTARY INFORMATION: Interested parties are invited to send comments regarding any aspect of this information collection, including: (1) The necessity and utility of the information collection for the proper performance of the functions of the FTA; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection.

Title: Public Transportation Emergency Relief Program (OMB Number: 2132-0575).

Background: Since the authorization of the Public Transportation Emergency Relief Program in 2012, Congress has appropriated funds three times for transit agencies affected by disaster.

The first appropriation of funds for the program was in 2013 following Hurricane Sandy, for which the President declared a major disaster for areas of 12 States and the District of Columbia. Under the Disaster Relief Appropriations Act (Pub. L. 113-2), Congress provided \$10.9 billion for FTA's Emergency Relief Program for recovery, relief, and resilience efforts in the counties specified in the disaster declaration. Approximately \$10.0 billion remained available after implementation of the Balanced Budget and Emergency Deficit Control Act of 2011 (Pub. L. 112-25) and after intergovernmental transfers to other bureaus and offices within DOT. FTA has allocated the full amount in multiple tiers for response, recovery and rebuilding; for locally prioritized resilience projects, and for competitively selected resilience projects.

The second appropriation of funds for the Emergency Relief Program was in 2018 following Hurricanes Harvey, Irma, and Maria, for which the President declared major disasters in areas of Florida, Georgia, Louisiana, Puerto Rico, South Carolina, Texas, and the U.S. Virgin Islands. Under the Bipartisan Budget Act of 2018 (Pub. L. 115-123), Congress provided \$330 million for FTA's Emergency Relief Program for transit systems affected by Hurricanes Harvey, Irma, and Maria. On May 31, 2018 FTA allocated \$277.5 million for response, recovery, rebuilding, and resilience projects.

The third appropriation of funds for the Emergency Relief Program was in 2019. Under the Additional Supplemental Appropriations for Disaster Relief Act of 2019, Congress appropriated \$10.5 million for FTA's Emergency Relief Program for transit systems affected by major declared disasters occurring in calendar year 2018.

Respondents: States, local governmental authorities, Indian tribes and other FTA recipients impacted by Hurricane Sandy which affected mid-Atlantic and northeastern states in October 2012; Hurricane Harvey which affected areas of Texas and Louisiana in August 2017; and Hurricanes Irma and Maria which affected the southeastern states and the territories of the Puerto Rico and the U.S. Virgin Islands in September 2017, and by major declared disasters occurring in calendar year 2018.

Estimated Annual Number of Respondents: 26.
Estimated Total Annual Burden: 4,680 hours.
Frequency: Every Two Years.

Nadine Pembleton,

Director, Office of Management Planning.

BILLING CODE 4910-57-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2016-0124; Notice 4]

General Motors LLC, Receipt of Fourth Petition for Inconsequentiality and Notice of Consolidation

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Notice of receipt of petition.

SUMMARY: On January 2, 2019, TK Holdings Inc. (Takata) filed a defect information report (DIR), in which it determined that a defect existed in certain passenger-side air bag inflators that it manufactured, including passenger inflators that it supplied to General Motors, LLC (GM) for use in certain GMT900 vehicles. GM has petitioned the Agency for a decision that, because of differences in inflator design and vehicle integration, the equipment defect determined to exist by Takata is inconsequential as it relates to motor vehicle safety in the GMT900 vehicles, and that GM should therefore be relieved of its notification and remedy obligations. This notice serves to make the public aware of GM's pending request to the agency and the period for public comment. It does not address GM's substantive claims, nor legal arguments or interpretations asserted by GM.

DATES: The closing date for comments is July 18, 2019.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments regarding this petition for inconsequentiality. Comments must refer to the docket and notice number cited in the title of this notice and be submitted by one of the following methods:

- *Internet:* Go to <http://www.regulations.gov> and follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility, M-30, U.S. Department of Transportation, 1200 New Jersey

Avenue SE, West Building, Room W12-140, Washington, DC 20590.

- *Hand Delivery or Courier:* U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Room W12-140, Washington, DC 20590 between 9 a.m. and 5 p.m. Eastern Time, Monday through Friday, except Federal holidays.

- *Facsimile:* (202) 493-2251.
 You may call the Docket at (202) 366-9324.

Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Thus, submitting such information makes it public. You may wish to read the Privacy Act notice, which can be viewed by clicking on the "Privacy and Security Notice" link in the footer of <http://www.regulations.gov>. DOT's complete Privacy Act Statement is available for review in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

The petition, supporting materials, and all comments received before the close of business on the closing date indicated above will be filed in the docket and will be considered. Comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will also be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

FOR FURTHER INFORMATION CONTACT: For legal issues: Stephen Hench, Office of the Chief Counsel, NCC-100, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590 (telephone: (202) 366-5263).

For general information regarding NHTSA's investigation into Takata air bag inflator ruptures and the related recalls: <http://www.safercar.gov/rs/takata/index.html>.

SUPPLEMENTARY INFORMATION:

I. Background

On May 4, 2016, NHTSA issued, and Takata agreed to, an Amendment to the November 3, 2015 Consent Order (the "Amendment"), under which Takata is bound to declare a defect in all frontal driver and passenger air bag inflators that contain a phase-stabilized ammonium nitrate (PSAN)-based propellant and do not contain a moisture-absorbing desiccant. Such defect declarations are being made on a rolling basis, with the first declaration due May 16, 2016, the second declaration due December 31, 2016, the

third declaration due December 31, 2017, and the fourth declaration due December 31, 2018. See Amendment at ¶ 14.

GM's May 2016, January 2017, and January 2018 DIRs

Takata timely submitted the first scheduled equipment DIRs on May 16, 2016. See Recall Nos. 16E-042, 16E-043, and 16E-044. Those DIRs included non-desiccated passenger inflators, designated as types SPI YP and PSPI-L YD, that were installed as original equipment on certain motor vehicles manufactured by GM (the "covered passenger inflators"), as well as other non-desiccated passenger inflators installed as original equipment on motor vehicles manufactured by a number of other automakers, which are not at issue here.

The Takata filing triggered GM's obligation to file a DIR for the affected GM vehicles. See 49 CFR part 573; Amendment at ¶ 16; November 3, 2015 Coordinated Remedy Order at ¶ 46. GM ultimately submitted two DIRs on May 27, 2016. See Recall Nos. 16V-381 (for vehicles in Zone A) and 16V-383 (for vehicles in Zone B). On November 15, 2016, GM petitioned the Agency, under 49 U.S.C. 30118(d), 30120(h) and 49 CFR part 556, for a decision that the equipment defect determined to exist by Takata is inconsequential as it relates to motor vehicle safety in the GMT900 vehicles. See GM's Petition for Inconsequentiality and Request for Deferral of Determination Regarding Certain GMT900 Vehicles Equipped with Takata "SPI YP" and "PSPI-L YD" Passenger Inflators (the "First Petition for Inconsequentiality" or "First Petition"). In a Notice published in the **Federal Register** on November 28, 2016, the Agency published notice of the First Petition and granted two administrative requests, accepting the petition out of time and granting GM additional time to provide data in support of the petition. See 81 FR 85681.

On January 3, 2017, Takata timely submitted the second scheduled equipment DIRs for additional covered passenger inflators. See Recall Nos. 17E-001, 17E-002, and 17E-003. Again, the Takata filing triggered GM's obligation to file a DIR for the affected GM vehicles. See 49 CFR part 573; Amendment at ¶ 16; Third Amendment to Coordinated Remedy Order at ¶ 32. GM ultimately submitted its DIRs on January 10, 2017, and notified NHTSA of its intention to file an inconsequentiality petition.¹

¹ When a manufacturer files a petition for inconsequentiality, the affected DIR will not be
