172 subject to any governmental investigation or inquiry involving fraud. Master Tenant  
173 shall also deliver to the Project’s HUD-assigned personnel and Lender,

177 regarding any of the foregoing as HUD or Lender may request. Unless otherwise  
178 requested by HUD, the reporting requirement of this provision shall not encompass

182 guidance) unless a citation at such level is either (i) unresolved from the two most recent  
183 consecutive prior surveys, or (ii) is a repeat violation having the same citation number.  
184 Moreover, unless otherwise requested by HUD or Lender, the initial communication from  
185 the Operator pursuant to this paragraph shall be a notice by email to the Lender describing  
186 the conduct cited, the scope and duration of remedy(ies) imposed, and the timelines for  
187 corrective actions. Then, unless otherwise requested by HUD or Lender, the next  
188 communication from the Operator shall be notification that the citations have been cleared  
189 by the issuing regulatory agency. The receipt by HUD and/or Lender of notices,  
190 reports, surveys, correspondence and other information shall not in any way impose  
191 any obligation or liability on HUD, Lender or their respective agents, representatives  
192 or designees to take (or refrain from taking) any action, and HUD, Lender and their  
193 respective agents, representatives and designees shall have no liability for any failure  
194 to act thereon or as a result thereof.

195 (d) The Master Tenant shall at all times maintain, or cause to be maintained, in full force  
196 and effect the Permits and Approvals. Without the prior written consent of HUD,  
197 Master Tenant shall not convey, assign, encumber, transfer, relinquish or alienate  
198 from the Project any of the Permits or Approvals. The Master Tenant shall ensure  
199 that the Healthcare Facility is at all times operated in accordance with the  
200 requirements of the Permits and Approvals, and that none of the Permits and  
201 Approvals is placed at risk of suspension, revocation, rescission, termination or  
202 limitation, as evidenced by, without limitation, any communication from regulatory  
203 or funding entities so indicating.

204  
205 **3. CONDITION OF MORTGAGED PROPERTY.**

- 206 (a) Master Tenant shall maintain, or cause to be maintained, in decent, safe, and sanitary  
207 condition and good repair the Healthcare Facility and any other parts of the Project  
208 for which the Master Tenant is responsible for maintaining pursuant to the Master  
209 Lease.
- 210 (b) Master Tenant shall not remodel, reconstruct, add to, or demolish, without the prior  
211 written consent of HUD, any part of the Project or subtract from any real or personal  
212 property of the Project, except in the ordinary course of business.
- 213 (c) Master Tenant shall not use (or allow the Operator to use) any portion of the Project  
214 for any purpose except the Approved Use.
- 215 (d) To the extent of the authority it has retained under the Borrower-Operator Agreement,  
216 Master Tenant shall permit HUD and/or Lender to conduct a physical inspection of  
217 the Healthcare Facility at any reasonable time upon reasonable notice.  
218

#### 219 **4. RISK MANAGEMENT PROGRAM.**

220  
221 In accordance with Program Obligations, Master Tenant shall implement and maintain, or  
222 cause Operator to implement and maintain, a risk management program which  
223 incorporates a real-time incident reporting and tracking system that informs Operator's  
224 and Master Tenant's senior management of all incidents with the potential to expose the  
225 Operator to liability for personal injury or other damages. Each incident must be  
226 reviewed by Operator's appropriately-trained professional staff, and such staff must  
227 follow-up on incidents as necessary. The risk management program must include  
228 appropriate training for Operator's staff.  
229

#### 230 **5. NOTICE OF VIOLATION AND EVENT OF DEFAULT.**

231  
232 (a) Upon any violation of any provision of this Agreement by Master Tenant, HUD may  
233 give written notice thereof to Master Tenant, with a copy to Borrower and Lender.  
234 Master Tenant shall have thirty (30) days to cure, or cause to be cured, any such  
235 violation, provided that HUD shall extend such thirty (30) day period by such time as  
236 HUD may reasonably determine is necessary to correct the violation for so long as,  
237 HUD determines, in its reasonable discretion, that: (i) Borrower is timely satisfying  
238 all payment obligations in the Loan Documents; (ii) none of the Permits or Approvals  
239 is at substantial and imminent risk of being terminated; (iii) such violation cannot  
240 reasonably be corrected during such thirty (30) day period, but can reasonably be  
241 corrected in a timely manner, and (iv) Master Tenant commences to correct such  
242 violation during such thirty (30) day period and thereafter diligently and continuously  
243 proceeds to correct such violation, or cause such corrective action to be commenced  
244 and diligently pursued. If upon the expiration of such cure period, the violation is not  
245 cured to HUD's satisfaction, HUD may, without further notice, declare an Event of  
246 Default. Upon declaring an Event of Default, HUD may:  
247

- 248 1. Terminate, or cause the termination of, the Master Lease, seek the  
249 appointment of a receiver for the Healthcare Facility, terminate any Borrower-

250 Operator Agreement, and/or require the Master Tenant to immediately procure  
251 a replacement operator (including an interim operator where appropriate);  
252 and/or  
253

254 2. Apply to any court, state or federal, for specific performance of this  
255 Agreement, for an injunction against any violation of the Agreement, or for  
256 such other relief as may be appropriate.  
257

258 Notwithstanding any other provisions of this agreement, if HUD determines at any  
259 time that any of the Permits and Approvals are at substantial and imminent risk of  
260 being terminated, suspended or otherwise restricted, if such termination, suspension,  
261 or other restriction would have a materially adverse effect on the Project, including  
262 without limitation, HUD's determination that there is a substantial risk that  
263 deficiencies identified by applicable state and/or federal regulatory and/or funding  
264 agencies cannot be cured in such manner and within such time periods as would avoid  
265 the loss, suspension, or diminution of any Permits and Approvals that would have a  
266 materially adverse effect on the Project, or if HUD determines at any time that the  
267 health and safety of the residents of the Healthcare Facility are at substantial and  
268 imminent risk, then HUD may immediately (without thirty (30) days notice) declare a  
269 default under this Agreement and may immediately proceed to take actions pursuant  
270 to subsections (a)(1) and/or (a)(2) above.  
271

272 (b) Master Tenant acknowledges that the viable operation of the Healthcare Facility, and  
273 thus the preservation of the security for the Borrower Security Instrument, depends  
274 upon timely satisfaction of debts incurred related to the operation of the Healthcare  
275 Facility. In addition to fully complying with any payment obligations in the Master  
276 Lease, Master Tenant shall timely pay (or cause Operator to pay) all debts incurred  
277 related to the operation of the Healthcare Facility, provided, Master Tenant and/or  
278 Operator may withhold payments of amounts due vendors for operational expenses  
279 that Master Tenant or Operator, in good faith, dispute.  
280

281 (c) In the event that Master Tenant receives a written notice from HUD or Lender (i)  
282 stating that a default exists under the Borrower Regulatory Agreement, the Borrower  
283 Security Instrument or any note or security instrument with respect to the Project that  
284 is insured or held by HUD, and (ii) directing Master Tenant to make future payments  
285 due under the Master Lease to HUD or Lender, Master Tenant shall thereafter make  
286 all future payments under the Master Lease to HUD or Lender as so directed.  
287

288 (d) Master Tenant shall use all commercially reasonable efforts to enforce its rights  
289 against Operator in the event of default under the Borrower-Operator Agreement to  
290 avoid a mortgage insurance claim.  
291

292 **6. TRANSFERS; CHANGE IN CONTROL; MASTER LEASE AMENDMENTS.**  
293

294 (a) Without the prior written consent of HUD, there shall be no change in or transfer of  
295

- 296 (i) the management, operation, or control of the Project or the Healthcare Facility, or  
297  
298 (ii) any change in the ownership or control of the Master Tenant, except as set forth in  
299 Program Obligations.  
300
- 301 (b) The Master Lease shall not be terminated prior to the expiration date thereof or  
302 assigned without the prior written approval of HUD. In the event of any assignment  
303 of the Master Lease, as a condition to such assignment, the assignee shall execute and  
304 deliver a regulatory agreement in form and substance satisfactory to HUD. The  
305 Master Lease shall not be amended without the prior written approval of HUD if such  
306 amendment would (i) reduce the rent or other payments due thereunder, (ii)  
307 materially increase the obligations of the Borrower or the rights of the Master Tenant,  
308 (iii) materially decrease the rights of the Borrower or the obligations of the Master  
309 Tenant, or (iv) alter any provision of the Master Lease that HUD required to be  
310 included therein. Copies of all amendments to the Master Lease shall be promptly  
311 furnished to HUD and the Lender.  
312

## 313 **7. MANAGEMENT AGREEMENTS.**

314  
315 No management agreement(s) may be executed concerning the Healthcare Facility or any  
316 portion of the Project (“**Management Agreement**”), unless such Management  
317 Agreement is approved by HUD. Any such Management Agreement shall contain a  
318 provision that, in the event HUD issues any notice of violation or default under this  
319 Agreement, the Operator Regulatory Agreement, or the Borrower Regulatory Agreement,  
320 the Management Agreement(s) shall be subject to termination without penalty upon  
321 written request of HUD. Upon such request, Master Tenant shall immediately arrange to  
322 terminate the Management Agreement(s) within a period of not more than thirty (30)  
323 days and shall make arrangements satisfactory to HUD for the continuing proper  
324 management of the Healthcare Facility and the Project.  
325

## 326 **8. PROHIBITION OF CERTAIN FEES.**

327  
328 Master Tenant shall not charge and shall not permit Operator to charge, any resident of  
329 the Healthcare Facility an admission fee, key fee, finders’ fee, continuing care retirement  
330 community fee, life-care fee or similar fee pursuant to any agreement to furnish  
331 residential units or services to persons making such payments.  
332

## 333 **9. SECURITY DEPOSITS AND OTHER FEES.**

334  
335 Master Tenant shall not require as a condition of occupancy or leasing of any unit in the  
336 Healthcare Facility, any consideration or deposit, provided that Master Tenant may  
337 require, or may cause Operator to require, the prepayment of the first month’s rent plus a  
338 security deposit in an amount not in excess of one month’s rent, to guarantee the  
339 performance of any tenant lease terms. Master Tenant may charge certain application  
340 processing fees such as credit check or criminal background fees or pet deposits, but not  
341 deposits or fees for service or assistance animals.

It is understood and agreed that failure or refusal to comply with any such provisions shall be a proper basis for HUD to take any corrective action it may deem necessary including, but not limited to, the refusal to consent to a further renewal of the Master Lease between the Borrower and the Master Tenant, the rejection of applications for FHA mortgage insurance and the refusal to enter into future contracts of any kind with which Master Tenant is affiliated; and further, if Master Tenant is a corporation or any other type of business association or organization which may fail or refuse to comply with the aforementioned provisions, HUD shall have a similar right of corrective action (i) with respect to any individuals who are officers, directors, trustees, managers, partners, associates or principal shareholders of Master Tenant; and (ii) with respect to any other type of business association, or organization with which the officers, directors, trustee, managers, partners, associates or principal stockholders of Master Tenant may be identified.

#### 14. BOOKS, ACCOUNTS, AND FINANCIAL REPORTS.

- (a) Master Tenant shall keep, or shall cause to be kept, the books and accounts of the operation of the Healthcare Facility in accordance with Program Obligations, to the extent not inconsistent with state requirements, which would allow for the audit of the Project.
- (b) Except as otherwise approved by HUD, Master Tenant must deposit, or cause to be deposited, all revenue generated or otherwise received in connection with the Healthcare Facility, in an operating account, for the benefit of the Project, or in a general collection account maintained for Operator and affiliated operators, provided deposits to such general collection account can be traced to the applicable facility that generated such deposit. If HUD determines that such deposits cannot be reliably and readily so traced, HUD may direct the Master Tenant to deposit such funds in a segregated operating account. Additionally, HUD may direct that any general collection account include funds only from facilities having FHA-insured loans and encompassed within the Master Lease. The account must be with a financial institution whose deposits are insured by an agency of the federal government, provided that an account held in an institution rated by the Government National Mortgage Association may have a balance that exceeds the amount to which such insurance is limited. Funds generated by the operation of the Healthcare Facility may be transferred to one or more central disbursement or other accounts in which such funds are commingled with other funds, provided that a complete and accurate accounting of such funds (including deposits and disbursements) is maintained at all times.
- (c) Master Tenant shall submit, or cause to be submitted, to HUD and Lender, on a quarterly and year-to-date basis (or more frequently if specified by HUD), prepared and certified by an authorized representative or agent of Master Tenant, such financial reports relating to the Healthcare Facility (including, but not limited to, financial statements, accounts receivable, aging reports and occupancy reports) in the formats and at such times as may be required by HUD, including without limitation any consolidated statements if required by HUD. Such reports must be submitted no later than sixty (60) days after the period covered by the reports, except for reports relating to the final quarter of each year, which shall be submitted no later than ninety (90) days after end of the fiscal year. Such reports are subject to the sanctions contained in 18 U.S.C. Sections 1001, 1010, and 1012.
- (d) If Master Tenant (or any direct or indirect parent of Master Tenant) is required to provide an audited financial statement to any lender, Master Tenant shall simultaneously provide copies of such audited financial statements to HUD and Lender. If HUD has reason to believe that any certified statements submitted on behalf of the Master Tenant may be unreliable (for example, indicate a likely prohibited use of project funds), or are not presented in a manner that is consistent with Program Obligations, HUD may, on a case-by-case basis require financial

434 statements from the Master Tenant which have been certified by an independent  
435 public accountant, at the Master Tenant's expense, and such certified financial  
436 statement must be delivered to HUD within ninety (90) days after HUD requests such  
437 items from Master Tenant.  
438

439 (e) If a quarterly/year-to-date financial statement relating to the Healthcare Facility  
440 demonstrates negative Healthcare Facility Working Capital as defined by HUD, or if  
441 such required statement is not timely submitted, then until a current quarterly/year-to-  
442 date financial statement demonstrates positive Healthcare Facility Working Capital,  
443 or until otherwise authorized by HUD, funds derived from or in connection with the  
444 operation of that facility may not be distributed for any purpose other than making  
445 payments due pursuant to the Borrower-Operator Agreement and/or Master Lease,  
446 making payments required to be made under the First Mortgage Documents and/or  
447 the Loan Documents, making payments pursuant to any accounts receivable financing  
448 approved by HUD, and making payments for Reasonable Operating Expenses.  
449

450 (f) At the request of HUD, Master Tenant shall give specific answers, satisfactory to  
451 HUD, to questions posed from time to time relating to income, assets, liabilities,  
452 contracts, operation, and condition of the Healthcare Facility, and shall provide to  
453 HUD copies of all books, contracts, records, documents and other papers relating to  
454 the Healthcare Facility from time to time as HUD may request.  
455

456 (g) Master Tenant acknowledges that the financial information referenced above is  
457 necessary for HUD to review from time to time, given the risk inherent in the  
458 operation of the Healthcare Facility, and given the necessity of the Master Tenant's  
459 financial and operational stability in order to ensure timely payment of amounts due  
460 under the Master Lease essential to the Borrower's debt service.  
461

## 462 **15. UNIFORM COMMERCIAL CODE/LIENS.** 463

464 Except as otherwise approved in writing by HUD, Master Tenant shall grant to Lender  
465 and HUD a second lien security interest, subject only to the rights of First Lender under  
466 the First Mortgage Documents, in all of Master Tenant's rights to personal property of  
467 Master Tenant used in the operation of the Healthcare Facility or the Project as additional  
468 security for the obligations of the Borrower under the Note, Borrower Security  
469 Instrument, and Borrower Regulatory Agreement, and the Master Tenant's obligations  
470 under this Agreement. Such security interest shall be evidenced by such security  
471 agreement(s) as Lender and/or HUD may require in connection therewith. Master Tenant  
472 shall execute and deliver, or cause to be executed and delivered, such deposit account  
473 control agreements as may be required by Lender and/or HUD. Master Tenant shall not  
474 allow any such required deposit account control agreements, sweep agreements, or other  
475 such required agreements, to be revoked or rescinded at any time without Lender's prior  
476 written consent. Master Tenant hereby authorizes each of the Lender and HUD to file  
477 such UCC financing statements and continuation statements as either of them may deem  
478 to be necessary or appropriate in connection with the foregoing security interest. Except  
479 as provided in this paragraph 15 and/or the First Mortgage Documents, without the prior

480 written approval of Lender and HUD, Master Tenant shall not be permitted to grant or  
481 permit any other liens on any of the property related to the Project.  
482

483 **16.** Master Tenant shall ensure that all goods and services, if any, purchased or acquired by  
484 Master Tenant in connection with the Project are Reasonable Operating Expenses, except  
485 as otherwise allowed by HUD.  
486

487 **17. PROFESSIONAL LIABILITY INSURANCE.**  
488

489 Master Tenant shall maintain, and/or cause to be maintained, professional liability  
490 insurance that complies with Program Obligations. Annually, upon such time periods as  
491 set forth in Program Obligations, Master Tenant shall provide, or cause to be provided, to  
492 HUD and Lender, a certification of compliance with such professional liability insurance  
493 requirements, as approved by HUD.  
494

495 **18. TRANSFER OF OPERATIONS.**  
496

497 Master Tenant agrees that, in the event that HUD requires a replacement operator  
498 pursuant to the First Operator Regulatory Agreement and/or Operator Regulatory  
499 Agreement, or terminates the Master Lease in accordance with this Agreement, Master  
500 Tenant shall cooperate with such actions and shall take all actions necessary to (i) provide  
501 for an orderly transition to the replacement operator of licensed operations with  
502 applicable Medicare and Medicaid certifications intact, (ii) maintain normal operations,  
503 (iii) avoid displacement of residents, and (iv) transfer all transferable provider agreements  
504 to the replacement operator(s), as applicable. Master Tenant hereby agrees to waive any  
505 termination fees and penalties due to Master Tenant relating to such termination or  
506 transfer actions.  
507

508 **19. NOTICE.**

529 prior written approval of Lender and HUD of the terms of such financing and the forms  
530 evidencing and securing such financing. In the event that Lender and HUD grant such  
531 approval, (i) the holder(s) of such lien shall enter into an Intercreditor Agreement with  
532 Lender and/or HUD in such form and upon such terms as consented to by Lender and
