Electronic Invoicing, and System Upgrade Improvements

Effective **September 16, 2019**, the WBSCM is upgraded to the most current SAP patch levels for all its core components. This upgrade also improves system conformance to [Section 508](#) accessibility guidelines. The last WBSCM system technical refresh occurred in July 2018. Review a [summary of changes](#) impacting users from the upgrade; also [review your IE settings](#) in the upgraded system to suppress a warning message when copying and pasting text within certain applications. Refer to the updated [WBSCM Portal Navigation Video Tutorial](#) and a new [WBSCM User Accessibility Guide](#).

After several rounds of successful pilots involving dozens of vendors, the new **electronic invoicing (eINV) process** is also now fully implemented for all domestic and international commodity vendors for new purchase orders. The [USDA Notice to Trade](#) provides additional details including vendor training in progress and relevant contact information.

This collection does not request any personally identifiable information under the Privacy Act of 1974 . According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-0293. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. New content since your last visit

Attachment 13B FNS- 53 MULTI-FOOD REQUISITION ENTRY (1 of 3)

The screenshot displays the USDA Web-Based Supply Chain Management (WBSM) interface. The top navigation bar includes the USDA logo, the text "United States Department of Agriculture Web-Based Supply Chain Management", and the WBSM logo. On the right side of the top bar, there is a search field, "New Session", and "Log off". Below the top bar, a secondary navigation bar contains "Home", "Operations", "Finance", "Admin", "Reports", "Help", and "Helpdesk". A third navigation bar lists various functional areas: "Order Processing", "Procurement", "Complaint Administration", "Recall Administration", "Warehouse Management", and "Supplier Mgt". The current page is titled "Domestic Order Entry" and includes a breadcrumb trail: "Operations > Order Processing > Order Management > Domestic Order Entry".

The main content area is divided into two columns. The left column, titled "My Transactions", "Catalog", and "Entitlement", contains a "Transactions" section with search filters: "Search For" (Orders), "Status" (Open), "Created" (By Myself), "Creation Date" (Since Yesterday), "ID Type" (Transaction), and "ID". A "Go" button is located at the bottom right of this section. The right column, titled "Transaction in Process", contains a "Product Catalog" section with a "Browse in the Product Catalog" link, and a "New Transaction" section with instructions and a form field for entering a Business Partner number/name.
