

mail or email; use of email is encouraged. All written comments must be received by October 11, 2019 (see **ADDRESSES**).

NMFS expects members of the public to conduct themselves appropriately at the open session of the Advisory Committee meeting. At the beginning of the public comment session, an explanation of the ground rules will be provided (e.g., alcohol in the meeting room is prohibited, speakers will be called to give their comments in the order in which they registered to speak, each speaker will have an equal amount of time to speak and speakers should not interrupt one another). The session will be structured so that all attending members of the public are able to comment, if they so choose, regardless of the degree of controversy of the subject(s). Those not respecting the ground rules will be asked to leave the meeting.

After the open session, the Advisory Committee will meet in closed session to discuss sensitive information relating to upcoming international negotiations regarding Atlantic highly migratory species conservation and management.

Special Accommodations

The meeting location is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Terra Lederhouse at (301) 427-8360 or terra.lederhouse@noaa.gov at least 5 days prior to the meeting date.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection.

As part of its fishery management responsibilities, the National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) collects information to determine the amount and type of groundfish caught by fishing vessels. Electronic fish tickets are submissions of landings data from the first receiver to the Pacific States Marine Fisheries Commission (PSMFC) and NMFS. This collection supports requirements for participants of the Pacific Coast shorebased commercial groundfish fisheries (including the shorebased Individual Fishing Quota (IFQ) program, the limited entry fixed gear fishery, and the open access fixed gear fishery) to account for all landed catch and to send electronic catch data used to manage the catch allocations and limits. The respondents are principally shorebased first receivers.

II. Method of Collection

Electronic fish ticket data of landings data will be submitted from the first receiver to PSMFC. Shoreside first receivers, defined as persons who

receive, purchase, or take custody, control, or possession of catch onshore directly from a vessel, are required to use a web-based, NMFS-approved electronic fish ticket program to send catch reports within 24 hours from the date of the landing. The electronic fish tickets are based on information currently required in state fish receiving tickets or landing receipts. The PSMFC currently receives and stores fish ticket data from the states. These data are maintained on the Pacific Fisheries Information Network (PacFIN) database.

III. Data

OMB Control Number: 0648-0738.

Form Number(s): None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations; Individuals or households; State, Local, or Tribal government.

Estimated Number of Respondents: 100.

Estimated Time per Response: 2-10 minutes. Electronic fish ticket filling and submission (Washington and California): 10 minutes. Electronic fish ticket submission (Oregon already requires electronic fish tickets, sending will be the only additional time/cost burden): 2 Minutes.

Estimated Total Annual Burden Hours: 666.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer, Commerce Department.
