CFSAN Childhood Obesity Focus Groups

OMB No. 0910-0497 10/31/2020 **Expiration Date:** 

Paperwork Reduction Act Statement: The public reporting burden for this collection of information has been estimated to average 90 minutes per response. Send comments regarding this burden estimate or any other aspects

of this collection of information, including suggestions for reducing burden to  $\underline{\textbf{PRAStaff@fda.hhs.gov}}.$ 

## Participant Screener Overview

**Expiration Date:** 

Paperwork Reduction Act Statement: The public reporting burden for this collection of information has been estimated to average 90 minutes per response. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing burden to <a href="mailto:PRAStaff@fda.hhs.gov">PRAStaff@fda.hhs.gov</a>.

The target audience for these focus groups is low-income primary caregivers of children between 3 to 6 years old.

### **Recruiting Goals**

- Twelve focus groups will be conducted. The groups will be conducted in regions that include census tracts designated as "low access" to supermarkets and "high access" to supermarkets<sup>1</sup>.
- Some groups will be segmented by race/ethnicity, as follows:

Location	Access	Group 1	Group 2	Group 3
	Designation			
Arlington,	Low Access	African	White	All
VA/Washington, DC		American		Ethnicities
Baltimore, MD	High Access	African	White	All
		American		Ethnicities
Austin, TX	Low Access	Hispanic	White	All
		-		Ethnicities
Dallas, TX	High Access	Hispanic	White	All
				Ethnicities

- The groups will include adults of ages 18 to 60.
- Each participant must have at least one child between the ages of 3 to 6 years living with them in the same household.
- The groups will be conducted with low-income adults (e.g., adults living in households with a size-adjusted income that is 300%FPL<sup>2</sup>).
- The groups will consist of participants who mostly prepare their food at home.
- All participants must be able to understand and speak English.
- Participants cannot have participated in a focus group or a similar study in the past six months. Participation in phone surveys is allowed.
- Sufficient recruits will be invited in order to achieve a target of 8-10 participants per group.

• Each participant will receive a \$75 token of appreciation for participating in the focus group.

#### Study Protocol

- Each group will last approximately 90 minutes (excluding time needed for signing in before the group starts and signing out after the group ends).
- Groups will be audio- and video-taped and also video-streamed via a passwordprotected website. Participant written consent will be obtained before the group discussion starts.
- The identity of the participants will remain secure under the Privacy Act and to the extent provided by law.
- Groups will be observed by a research team including staff from FDA
- Participants do not have to answer any questions that they do not want to, but are encouraged to participate.
