Office of the Director

Based on the description and justification for the **Fellowship Management System (FMS)** information collect request necessary for candidates to apply for fellowships, alumni to update their personal information after graduation, and for host sites to submit assignment proposals electronically, and also on the definition of research defined by Federal Policy for the Protection of Human Subjects (45 CFR 46), the collection of information for the FMS application, alumni directories, and host site applications is not considered research and therefore does not require IRB approval.

Should there be any questions regarding this determination that IRB approval is not required, feel free to contact me at (404)498-6551 or fec2@cdc.gov
