Public Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number (OMB 0985-0008). Public reporting burden for this collection of information is estimated to average 50 hours per response, including time for gathering, maintaining and reviewing the collection of information. The obligation to respond to this collection is required to retain the statutory authority [Older Americans Act (section 207 (3)].

Overview of Title III and VII State Performance Reporting Requirements

In the 2000 reauthorization of the Older Americans Act, the Administration on Aging (AoA) was instructed to use, to the maximum extent possible, the data collected by State agencies, area agencies on aging, and service providers through the National Aging Program Information System (NAPIS) and other applicable sources of information in the development of performance measures, and in compliance with the Government Performance and Results Act of 1993.

The Assistant Secretary for Aging was also instructed to annually report to the President and to the Congress on the activities carried out under the Older Americans Act. This report includes (section 207 (3)) statistical data and an analysis of information regarding the effectiveness of the State agency and area agencies on aging in targeting services to older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority individuals, older individuals residing in rural areas, low-income individuals, and frail individuals (including individuals with any physical or mental functional impairments).

Appendix -- Definitions

The following definitions should be used when completing the SPR:

Registered Client – A registered client is an individual who received at least one unit of the following specified services within the reported fiscal year. The services include: congregate meals, nutrition counseling, assisted transportation, personal care, homemaker, chore, home delivered meals, adult day care/health, or case management. The count of registered clients does not include caregivers.

Race/Ethnicity Status - The following reflects the requirements of the Office of Management and Budget (OMB) for obtaining information from individuals regarding race and ethnicity. It constitutes what OMB classifies as the "two-question format." When questions on race and ethnicity are administered, respondents are to be asked about their ethnicity and race as two separate questions. Respondents should ideally be given the opportunity for self-identification, and are to be allowed to designate all categories that apply to them. Consistent with OMB requirements, the following are the race and ethnicity categories to be used for information collection purposes:

Ethnicity:

- Hispanic or Latino
- Not Hispanic or Latino

Race:

- American Indian or Alaskan Native
- Asian
- Black or African American
- Native Hawaiian or Other Pacific Islander
- White

American Indian or Alaskan Native—A person having origins in any of the original peoples of North America (including Central America), and who maintains tribal affiliation or community attachment.

Asian—A person having origins in any of the original peoples of the Far East, Southeast Asia or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam

Black or African American—A person having origins in any of the black racial groups of Africa.

Hispanic or Latino—A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. **Native Hawaiian or Other Pacific Islander**—A person having origins in any of the original peoples of Hawaii, Guam, Samoa or other Pacific Islands. **White**—A person having origins in any of the peoples of Europe, the Middle East, or North Africa.

"(Alone)"—When appended to a racial category (e.g., "White (Alone)" means that the individual only designated one race category.

Impairment in Activities of Daily Living (ADL) -- The inability to perform one or more of the following six activities of daily living without personal assistance, stand-by assistance, supervision or cues: <u>eating</u>, <u>dressing</u>, <u>bathing</u>, <u>transferring in and out of bed/chair</u>, and <u>walking</u>.

Impairment in Instrumental Activities of Daily Living (IADL) -- The inability to perform one or more of the following eight instrumental activities of daily living without personal assistance, or stand-by assistance, supervision or cues: <u>preparing meals</u>, <u>shopping for personal items</u>, <u>medication management</u>, <u>managing money</u>, <u>using telephone</u>, <u>doing heavy housework</u>, <u>doing light housework</u>, and <u>transportation ability</u> (transportation ability refers to the individual's ability to make use of available transportation without assistance).

Poverty—Persons considered to be in poverty are those whose income is below the official poverty guideline (as defined each year by the Office of Management and Budget, and adjusted by the Secretary, DHHS) in accordance with subsection 673 (2) of the Community Services Block Grant Act (42 U.S.C. 9902 (2)). The annual HHS Poverty Guidelines provide dollar thresholds representing poverty levels for households of various sizes.

Living alone—A one person household (using the Census definition of household) where the householder lives by his or herself in an owned or rented place of residence in a non-institutional setting, including board and care facilities, assisted living units and group homes.
