Abstract: Under the Freedom of Information Act (FOIA), 5 U.S.C. 552, individuals may submit requests for full or partial disclosure of previously unreleased information and documents controlled by the NPS. To certify the identity of the requester, as required by 5 U.S.C. Section 552a (2006 & Supp. IV 2010), the NPS uses the Certification of Identity and Consent Form 10–945. In accordance with the Privacy Act (5 U.S.C. 552a(b)), the NPS maintains law enforcement incident reports in the Department of the Interior's Incident and Management Reporting System (IMARS), which is a Privacy Act System of Records (DOI–10).

The purpose of the collection is to request the extension of the currently approved Certification of Identity and Consent Form (10–945) that enables the NPS to collect information needed to respond to requests made under the

FOIA and the Privacy Act of 1974. The form provides information needed to locate applicable incident reports associated with the request. Information includes sufficient personally identifiable information and/or source documents as applicable. Failure to provide the required information may result in the NPS inability to take action on requests.

The NPS uses Form 10–945, “Certification of Identity and Consent” to collect information needed to identify records unique to the requestor. The form collects the following information to verify the identity of the requester:

- Full name of requester;
- Case Number;
- Social Security Number;
- Current address;
- Date of birth; and
- Place of birth.

Abstract: Each year, more than 7,000 visitors to the various units of the National Park System file reports of lost or found items. Reporting of lost or found personal property in national parks is governed by 36 CFR 2.22, “Disposition of Property” which requires unattended property be impounded and deemed to be abandoned unless claimed by the owner or an authorized representative within 60 days. The 60-day period commences upon notification to the rightful owner of the property, if the owner can be identified, or from the time the property was placed in the superintendent’s custody, if the owner cannot be identified.

Unclaimed property must be stored for a minimum period of 60 days and, unless claimed by the owner or an authorized representative, may be claimed by the finder, provided the finder is not an employee of the NPS. Found property not claimed by the owner, an authorized representative of the owner, or the finder, shall be deemed abandoned and disposed of in accordance with Title 41 Code of Federal Regulations.

In order to comply with the requirements of 36 CFR 2.22, the NPS uses NPS Form 10–166, “Lost–Found Report,” to allow the park to properly identify personal property reported as lost or found and to return found items to the legitimate owner, when possible, or to the finder if the item is not claimed by the owner or their authorized representative. NPS Form 10–166 collects the following information from the visitor filing the report:

- Park name, receiving station (if appropriate), and date item was lost or found;

- Name, address, city, state, zip code, email address, and contact phone numbers (cell and home);

- Type of item, detailed description of item, and location where the item was last seen or found; and

- Photograph of item (if available).
