

**SUPPORTING STATEMENT FOR
Petition to Remove the Conditions on Residence
OMB Control No.: 1615-0038
COLLECTION INSTRUMENT(S): I-751**

A. Justification

- 1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information.**

As provided for in 8 CFR part 216, and section 216 of the Immigration and Nationality Act (INA), aliens granted conditional permanent resident status through marriage to a United States citizen or lawful permanent resident use Form I-751 to petition for removal of those conditions.

Any individual may be required to submit biometric information if the regulations or form instructions require such information, or if requested in accordance with 8 CFR 103.2(b)(9). DHS may collect and store for present or future use, by electronic or other means, the biometric information submitted by an individual. DHS may use this biometric information to conduct background and security checks, adjudicate immigration and naturalization benefits, and perform other functions related to administering and enforcing the immigration and naturalization laws.

The passage of the Immigration Marriage Fraud Amendments of 1986 (IMFA) were enacted to deter individuals from entering into a marriage simply to obtain an immigration benefit. In addition, 8 CFR 216.4(a)(5) requires the alien requesting to remove of conditions on his or her lawful permanent resident status to provide documentation that the marriage upon which his or her lawful permanent status was obtained was not entered into solely to obtain immigration benefits or for the purpose of evading immigration laws. Form I-751 petitioners may have already submitted evidence of their relationship to USCIS in order to receive their conditional permanent resident status. However, because the marriage was less than two years old at the time the qualifying spouse obtained status, Form I-751 requests additional evidence of the relationship to ensure that the marriage was not entered into solely to obtain immigration benefits or for the purpose of evading immigration laws.

- 2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.**

The information collected on Form I-751 is used by U.S. Citizenship and Immigration Services (USCIS) to verify the alien's status and determine whether he or she is eligible to have the conditions on his or her status removed. Form I-751 serves the purpose of

standardizing requests for benefits and ensuring that basic information required to assess eligibility is provided by petitioners.

USCIS also collects biometric information from the alien to verify their identity and check or update their background information.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

Form I-751 is available online as a fillable PDF. It can be completed and saved electronically. The form must be printed and returned to USCIS by mail.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Form I-751 collects information that USCIS requires in determining whether a petitioner is eligible to have the conditions on their permanent resident status removed. Some of the information collected may have been previously provided by the respondent on the forms filed to apply for conditional permanent resident status. USCIS requires this duplicative information for operational and adjudication purposes, such as matching the Form I-751 with the correct A-file, or validating or updating information that was previously provided by the respondent

- 5. If the collection of information impacts small businesses or other small entities (Item 5 of OMB Form 83-I), describe any methods used to minimize burden.**

There is no impact to small businesses or other small entities; the petitioners are individuals.

- 6. Describe the consequence to Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.**

If the information collected on Form I-751 were not available, USCIS would not be able to determine whether or not the alien is eligible for removal of the conditions on his or her permanent resident status. USCIS would not be able to meet the requirements set forth in statute to allow removal of such conditions.

- 7. Explain any special circumstances that would cause an information collection to be conducted in a manner:**

- **Requiring respondents to report information to the agency more often than quarterly;**
- **Requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;**
- **Requiring respondents to submit more than an original and two copies of any document;**
- **Requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years;**
- **In connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study;**
- **Requiring the use of a statistical data classification that has not been reviewed and approved by OMB;**
- **That includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or**
- **Requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.**

This information collection is conducted in a manner consistent with the guidelines in 5 CFR 1320.5(d)(2).

8. **If applicable, provide a copy and identify the data and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.**

Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.

Consultation with representatives of those from whom information is to be obtained or those who must compile records should occur at least once every 3 years - even if the collection of information activity is the same as in prior periods. There may be

circumstances that may preclude consultation in a specific situation. These circumstances should be explained.

On November 14, 2019, USCIS published a Notice of Proposed Rulemaking in the Federal Register at 84 FR 62280.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

USCIS does not provide any payment for benefit sought.

10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulation or agency policy.

There is no assurance of confidentiality for this information collection except for information contained in a petition to waive the joint signing requirement based on battery or extreme cruelty, which is protected under the confidentiality provisions of 8 U.S.C § 1367. DHS employees and contractors are only permitted to share information protected under 8 U.S.C 1367 outside DHS in limited circumstances after confirming the purpose for the request and identity of each individual requesting the information, as prescribed by the statute.

This collection is covered under the following Privacy Impact Assessment:

- DHS/USCIS/PIA-016a Computer Linked Application Information Management System (CLAIMS 3) and Associated Systems, and
- DHS/USCIS/PIA-003(b) Integrated Digitization Document Management Program

The collection is covered under the following System of Records Notices:

- DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records (November 21, 2013 at 78 FR 69864), and
- DHS/USCIS-007 Benefits Information System (October 19, 2016 at 81 FR 72069).

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

INA section 216(c)(4) and 8 CFR 216.5 allow certain conditional permanent residents to request a waiver that permits them to file Form I-751 without the petitioning spouse. Conditional permanent residents who can request a waiver for joint filing of Form I-751 include those who have been battered or subjected to extreme cruelty. Specifically, under 8 CFR 216.5(a)(1)(iii), “[a] conditional resident alien who is unable to meet the

requirements under section 216 of the Act for a joint petition for removal of the conditional basis of his or her permanent resident status may file Form I-751, Petition to Remove the Conditions on Residence, if the alien requests a waiver, was not at fault in failing to meet the filing requirement, and the conditional resident alien is able to establish that...the qualifying marriage was entered into in good faith by the conditional resident but during the marriage the alien spouse or child was battered by or subjected to extreme cruelty committed by the citizen or permanent resident spouse or parent.” Note also that 8 CFR 216.5(e)(3)(iii) enumerates some evidence necessary to prove physical abuse. Without asking these questions, USCIS cannot make a determination on the petitioner’s request to remove conditions on his or her lawful permanent residence status.

12. Provide estimates of the hour burden of the collection of information. The statement should:

- **Indicate the number of respondents, frequency of response, annual hour burden, and an explanation of how the burden was estimated. Unless directed to do so, agencies should not conduct special surveys to obtain information on which to base hour burden estimates. Consultation with a sample (fewer than 10) of potential respondents is desirable. If the hour burden on respondents is expected to vary widely because of differences in activity, size, or complexity, show the range of estimated hour burden, and explain the reasons for the variance. Generally, estimates should not include burden hours for customary and usual business practices.**
- **If this request for approval covers more than one form, provide separate hour burden estimates for each form and aggregate the hour burdens in Item 13 of OMB Form 83-I.**
- **Provide estimates of annualized cost to respondents for the hour burdens for collections of information, identifying and using appropriate wage rate categories. The cost of contracting out or paying outside parties for information collection activities should not be included here. Instead, this cost should be included in Item 14.**

		A	B	C (=AxB)	D	E (=Cx D)	F	(=ExF)
Type of Respondent	Form Name / Form Number	#. of Respondents	#. of Responses per Respondent	# of Responses	Avg. Burden per Response (in hours)	Total Annual Burden (in hours)	Avg. Hourly Wage Rate*	Total Annual Respondent Cost
Individuals or Households	I-751 / Petition to Remove Conditions	159,119	1	159,119	3.75	596,696	\$33.40	\$19,929,646

	on Residence							
Individuals or Households	Biometric processing	318,238**	1	318,238	1.17	372,338	\$33.40	\$ 12,436,089
Total				477,357		969,034		\$32,365,735

* The above Average Hourly Wage Rate is the May 2016 Bureau of Labor Statistics average wage for All Occupations of \$23.86 times the wage rate benefit multiplier of 1.4 (to account for benefits provided) equaling \$33.40. The selection of "All Occupations" was chosen as the expected respondents for this collection could be expected to be from any occupation.

** Multiple individuals associated with the same I-751 may require biometric processing if a conditional permanent resident spouse is including his or her eligible dependent children in the same filing.

13. Provide an estimate of the total annual cost burden to respondents or record keepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

- **The cost estimate should be split into two components: (a) a total capital and start-up cost component (annualized over its expected useful life); and (b) a total operation and maintenance and purchase of services component. The estimates should take into account costs associated with generating, maintaining, and disclosing or providing the information. Include descriptions of methods used to estimate major cost factors including system and technology acquisition, expected useful life of capital equipment, the discount rate(s), and the time period over which costs will be incurred. Capital and start-up costs include, among other items, preparations for collecting information such as purchasing computers and software; monitoring, sampling, drilling and testing equipment; and record storage facilities.**
- **If cost estimates are expected to vary widely, agencies should present ranges of cost burdens and explain the reasons for the variance. The cost of purchasing or contracting out information collection services should be a part of this cost burden estimate. In developing cost burden estimates, agencies may consult with a sample of respondents (fewer than 10), utilize the 60-day pre-OMB submission public comment process and use existing economic or regulatory impact analysis associated with the rulemaking containing the information collection, as appropriate.**
- **Generally, estimates should not include purchases of equipment or services, or portions thereof, made: (1) prior to October 1, 1995; (2) to achieve regulatory compliance with requirements not associated with the information collection; (3) for reasons other than to provide information or keep records for the government; or, (4) as part of customary and usual business or private practices.**

There are no capital, start-up, operational or maintenance costs associated with this collection of information. For informational purposes only, the filing fee for Form I-751 is \$760.00 for the filing of the form.

USCIS estimates that the average cost for activities that may be part of the process of responding to this information collection, such as form preparation, legal services, translations, and document search and generation, will vary widely. USCIS estimates that the average cost for these activities is \$490 and approximately 25% of the total respondent population may incur this cost. The total cost to respondents would generate as follows: 159,119 respondents x 25% of the population = 39,779.75 multiplied by the average cost per response of \$490 = \$19,492,078.

- 14. Provide estimates of annualized cost to the Federal government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.**

USCIS establishes its fees using an activity-based costing model to assign costs to an adjudication based on its relative adjudication burden and use of USCIS resources. Fees are established at an amount that is necessary to recover these assigned costs, plus an amount to recover unassigned overhead (which includes the suggested average hourly rate for clerical, officer, and managerial time with benefits) and immigration benefits provided for free. USCIS uses the fee associated with an information collection as a reasonable measure of the collection’s costs to USCIS, since these fees are based on resource expenditures related to the benefit in question. In addition, this figure includes the estimated overhead cost for printing, stocking, distributing and processing of this form.

The estimated cost of the program to the Government is calculated by using the estimated number of respondents (159,119) x filing fee charge (\$760.00). The total cost to the Federal government is **\$120,930,440.00**.

- 15. Explain the reasons for any program changes or adjustments reporting in Items 13 or 14 of the OMB Form 83-I.**

Data collection Activity/Instrument (in hours)	Program Change (hours currently on OMB Inventory)	Program Change (New)	Difference	Adjustment (hours currently on OMB Inventory)	Adjustment (New) [new minus current]	Difference
I-751 / Petition				596,696	596,696	0

to Remove Conditions on Residence						
Biometric processing				372,338	372,338	0
Total(s)				969,034	969,034	0

There is no change to the estimated annual time burden to respondents for this collection of information.

Data collection Activity/Instrument (in dollars)	Program Change (cost currently on OMB Inventory)	Program Change (New)	Difference	Adjustment (cost currently on OMB Inventory)	Adjustment (New) [new minus current]	Difference
I-751 / Petition to Remove Conditions on Residence				\$19,492,078	\$19,492,078	0
Total(s)				\$19,492,078	\$19,492,078	0

There is no change to the estimated cost burden to respondents for this collection of information.

- 16. For collections of information whose results will be published, outline plans for tabulation, and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.**

This information collection will not be published for statistical purposes.

- 17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.**

USCIS will display the expiration date for OMB approval of this information collection.

- 18. Explain each exception to the certification statement identified in Item 19, “Certification for Paperwork Reduction Act Submission,” of OMB 83-I.**

USCIS does not request an exception to the certification of this information collection.

B. Collections of Information Employing Statistical Methods.

There is no statistical methodology involved with this collection.
