**Public Participation and Request for Comments**

This Notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection. The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. Consistent with the requirements of Executive Order 13771, Reducing Regulation and Controlling Regulatory Costs, and Executive Order 13777, Enforcing the Regulatory Reform Agenda, the Coast Guard is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, [USCG-2019-0703], and must be received by December 4, 2019.

**SUPPLEMENTARY INFORMATION:** Under the Homeland Security Presidential Directive-19, DHS was mandated to develop strategies and recommendations on how to deter, prevent, detect, protect against, and respond to IED explosive attacks. DHS thus educates private sector security providers about IED threats, including tactics, techniques, and procedures relevant to their usage, so private sector security providers are knowledgeable about terrorist use of explosives and contribute to a layered security approach.

The Presidential Policy Directive-17 provides guidance to update and gives momentum to our ability to counter threats involving improvised explosive devices. DHS was mandated to deliver standardized IED awareness and familiarization training for federal, state and local responders and public safety personnel. The DHS CISA ISD Office for Bombing Prevention (OBP) must collect various information to effectively deliver this training. Additionally, OBP collects data to provide updated and awareness product information following conferences and other outreach events. OBP describes these collections below.

The purpose of the Volunteer Participant Release of Liability Agreement is to collect necessary information in case an individual who acts as a volunteer role player in support of official OBP training sustains an injury or death during the performance of their supporting role. If legal action is taken, this information can serve as a hold harmless statement/agreement by the Government. In the unlikely event that an injury or death is sustained in the performance of support for training, this information will be used by OBP to protect against legal action by the volunteer or their family. If legal action is taken, this information can serve as a "hold harmless" statement/agreement by the Government.

The purpose of the Gratuitous Services Agreement is to establish that no monies, favors or other compensation will be given or received by either party involved in volunteer training. The information from the Gratuitous Services Agreement will be used by OBP in the event that questions arise regarding remuneration or payment for volunteer participation in training events.

The purpose of the OBP Interest Sign-up sheet is to collect an individual's contact information at the training events and conferences. This information is used by OBP in order to follow-up with an individual's questions and to provide the individual with updated or new awareness product information at the conclusion of conference season as well as establish an OBP point of contact for them.

The changes to the collection since the previous OMB approval include: Updating the collection name to better reflect instruments in the collection, adding the collecting of contact information, an increase in burden estimates and costs.

The addition of the Interest Sign-up Sheet has increased the annual burden estimate by 8 hours, which corresponds to an annual cost of \$319. It has also increased the annual government burden estimate by 2 hours at an annual cost of \$247.

The annual burden cost for the existing collections (*i.e.*, the Volunteer Participant Release of Liability Agreement and the Gratuitous Services Agreement) has increased by \$2,204, from \$3,894 to \$6,098, due to updated hourly compensation rates.

The annual government cost for the existing collections (*i.e.*, the Volunteer Participant Release of Liability Agreement and the Gratuitous Services Agreement) has increased by \$11,695, from \$6,831 to \$18,526, due to updated hourly compensation rates.

This is a revision and renewal of an information collection.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

*Title of Collection:* Office of Bombing Prevention Training and Conference Forms.

*OMB Control Number:* 1670-0031.

*Frequency:* Annually.

*Affected Public:* State, Local, Tribal, and Territorial Governments and Private Sector Individuals.

*Number of Annualized Respondents:* 1,250.

*Estimated Time per Respondent:* 0.10 hours, 0.02 hours.

*Total Annualized Burden Hours:* 158 hours.

*Total Annualized Respondent*

*Opportunity Cost:* \$6,416.

*Total Annualized Respondent Out-of-Pocket Cost:* \$0.

*Total Annualized Government Cost:* \$18,773.

*Deputy Chief Information Officer.*
