

Supporting Statement for VA Form 21-0779,
Request for Nursing Home Information in Connection with Claim for Aid and Attendance
OMB #2900-0652

A. JUSTIFICATION:

1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.

The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers an integrated program of benefits and services established by law for veterans, service personnel, and their dependents and/or beneficiaries. 38 U.S.C. 1502 provides for payment of improved pension with aid and attendance to eligible beneficiaries who are patients in nursing home. Parents and surviving spouses entitled to service-connected death benefits and spouses of living veterans receiving service-connected compensation at 30 percent or higher are also entitled to aid and attendance benefits based on status as nursing home patients (38 U.S.C. 1115(1)(E)), 38 U.S.C. 1311(c), 38 U.S.C 1315(h)).

Per 38 U.S.C. 5503, if a veteran having neither spouse nor child, or a surviving spouse having no child, is receiving Medicaid-covered nursing home care, improved pension is limited to \$90 per month. Regulatory authority is found in 38 CFR 3.351 and 3.551. Information is requested by this form under the authority of 38 U.S.C. 501(a)(2).

This is an extension only. No change in burden.

2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.

VA Form 21-0779 is used to gather the necessary information to determine eligibility for pension and aid and attendance benefits based on nursing home status. The form also requests information regarding Medicaid status and nursing home care charges, so VA can determine the proper rate of payment.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.

VA Form 21-0779 is available on the One-VA Website in a fillable electronic format. VBA is currently hosting this form on a secure server and does not currently have the technology in place to allow for the complete submission of the form. Validation edits are performed to assure data integrity. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database.

Request for Nursing Home Information in Connection with Claim for Aid and Attendance
OMB #2900-0652

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

- 6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

VA Form 21-0779 is used to gather the necessary information to determine eligibility for pension and aid and attendance benefits based on nursing home status. The form also requests information regarding Medicaid status and nursing home care charges, so VA can determine the proper rate of payment.

- 7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

- 8. If applicable, provide a copy and identify the date and page number of publications in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.**

The Department notice was published in the Federal Register on December 5, 2019, Volume 84, No. 234, pages 66707 and 66708. Two comments were received in response to this notice.

Comment (1):

VBA received a comment from Mr. Barry Little, representing Christ's Home, a personal care facility on January 20, 2020. Comment: Very briefly, we have a resident in our Personal Care Facility applying for VA benefits (through deceased spouse). On form OMB no 2900-0652 it just mentions Nursing Home several times. The resident resides in a Personal Care unit, not a Nursing Home. I will check off "Intermediate Nursing Care" and assume that will cover her situation.

VBA Response:

As, this comment is not relevant to the proposed extension; VBA will not make any changes to VA Form 21-0779. However, since the commenter is requesting information on how to complete the active version of VA Form 21-0779, VBA has provided the following response to Mr. Little:

VA regulation 38 CFR 3.1(z) defines a nursing home as: "(1) Any extended care facility which is licensed by a State to provide skilled or intermediate-level nursing care, (2) A nursing home care unit in a State veterans' home which is approved for payment under 38 U.S.C. 1742, or (3) A Department of Veterans Affairs Nursing Home Care Unit." Additionally, in accordance with procedural guidance (M21-1.V.iii.2.B.1.b.), VA must use the Medicare.gov's Nursing Home Compare website to determine whether or not an extended-care facility is licensed by a State to provide skilled or intermediate-level nursing care. If assistance is needed determining which form to submit, or how to complete any VA forms, please call 1-800-827-1000 (toll-free).

Comment (2):

VBA received a comment from Ms. Jasmine Morais, a project coordinator from the Strategic Funding Group, on January 6, 2020. Comment: Can you please confirm whether grantees whom are required to submit a LOI, CoC letter and a budget must do so via email?

VBA Response:

As the comment is unclear and needed clarifying in order to officially respond, effort was made to request a clarification from the commenter. No response was provided by Ms. Morais. As such, since VBA did not receive a clarifying statement regarding our proposed extension of VA Form 21-0779, VBA will not make any changes and is not required to respond.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

No payments or gifts to respondents have been made under this collection of information.

10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

OMB #2900-0652

The records are maintained in the appropriate Privacy Act System of Records identified as “Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28),” published at 74 FR 29275 on June 19, 2009, and last amended at 84 FR 4138 (February 14, 2019).

11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

- a. Number of Respondents is estimated at 61,125 per year.
- b. Frequency of Response is one time.
- c. Annual burden hours are 10,188 hours.
- d. The estimated completion time for each form is 10 minutes.
- e. The respondent population for VA Form 21-0779 is composed of individuals who may be entitled to aid and attendance benefits based on nursing home status. VA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents’ costs associated with completing the information collection.

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the mean hourly wage is \$24.98 based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the following website: https://www.bls.gov/oes/current/oes_nat.htm.

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$254,496.24 (10,188 burden hours x \$24.98 per hour).

13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

Supporting Statement for VA Form 21-0779,
Request for Nursing Home Information in Connection with Claim for Aid and Attendance
OMB #2900-0652

This submission does not involve any recordkeeping costs.

14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
7	3	30	0.50	\$19.06	9.530	226,000	\$ 2,153,780.00
Overhead at 100% Salary							\$ 2,153,780.00
9	3	15	0.25	\$23.32	5.830	226,000	\$ 1,317,580.00
Overhead at 100% Salary							\$ 1,317,580.00
11	3	15	0.25	\$28.21	7.053	226,000	\$ 1,593,865.00
Overhead at 100% Salary							\$ 1,593,865.00
Processing / Analyzing Costs							\$ 10,130,450.00
Printing and Production Cost							\$ 112,560.56
Total Cost to Government							\$ 10,243,010.56

Overhead costs are 100% of salary and are same as the wage listed above and the amounts are included in the total.

Printing and production costs approximates the cost of printing this information collection per year. (Processing/Analyzing Cost total divided by \$90).

Note: The hourly wage information above is based on the hourly 2020 General Schedule (Base) Pay (https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2020/GS_h.pdf). This rate does not include any locality adjustment as applicable.

The processing time estimates above are based on the actual amount of time employees of each grade level spend to process to completion a claim received on this form. The within-grade step (3) of each employee represents the average experience of employees within each grade.

15. Explain the reason for any burden hour changes since the last submission.

The respondent burden has not changed. This is an extension only.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

The information collection is not for publication or tabulation use.

17. If seeking approval to omit the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

We are not seeking approval to omit the expiration date for OMB approval.

18. Explain each exception to the certification statement identified in Item 19, "Certification for Paperwork Reduction Act Submissions," of OMB 83-I.

This submission does not contain any exceptions to the certification statement.

B. Collection of Information Employing Statistical Methods

No statistical methods are used in this data collection.
