OMB Control Number: 3170-0068.

Type of Review: Revision of a currently approved collection.

Affected Public: Government social service entities, and not-for-profit institutions.

Estimated Number of Annual Respondents: 275.

Abstract: The Bureau's Office of Community Affairs (OCA) is responsible for developing strategies to improve the financial capability of low-income and economically vulnerable consumers, such as consumers who are unbanked or underbanked, those with thin or no credit file, and households with limited savings. To address the needs of these consumers, OCA has developed two initiatives that target intermediary organizations and provide tools, training, technical assistance, and other services to help them reach low-income and economically vulnerable consumers to provide them the financial empowerment tools and information that they need, when they need it, where they are. These initiatives: (1) Your Money, Your Goals, and (2) Tax Time Savings both require the Bureau to engage organizations to participate in our financial empowerment initiatives. The proposed information collection request consists of application forms that will be used by community-based organizations, local, State, or Federal government entities, and national non-profit organizations to indicate their desire and ability to participate in OCA's various initiatives.

Empowerment will use the information provided in these applications to select the best qualified organizations for participation.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

FOR FURTHER INFORMATION CONTACT: Bretford J. Griffin, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7037, or by email to: bfgriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC has submitted the following currently approved collection of information to OMB for extension:

Title: Requirements Pertaining to Third Party Conformity Assessment Bodies.

OMB Number: 3041-0143.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.
Affected Public: Third party conformity assessment bodies seeking acceptance of accreditation or continuing accreditation.

General Description of Collection: The Consumer Product Safety Improvement Act of 2008 (CPSIA) requires certificates of conformity to be based in some cases on testing conducted by third party conformity assessment bodies. The CPSIA allows third party conformity assessment bodies to be accredited either by the Commission or by an independent accreditation organization designated by the Commission, and

requires that the Commission maintain on its website an up-to-date list of entities that have been accredited to assess conformity with specific children’s product safety rules. Except for firewalled third party conformity assessment bodies, the Commission has chosen to accept the accreditation of third party conformity assessment bodies that meet accreditation requirements of an independent accreditation organization.

To evaluate a third party conformity assessment body’s qualifications for acceptance by CPSC, information related to location, accreditation, and ownership must be collected from third party conformity assessment bodies.

The CPSC uses an online collection form, CPSC Form 223, to gather information from third party conformity assessment bodies who are voluntarily seeking acceptance by CPSC. The information collected relates to location, accreditation, and ownership. CPSC staff uses this information to assess:

- A third party conformity assessment body’s status as an independent third party conformity assessment body, a government-owned or government-controlled conformity assessment body, or a firewalled conformity assessment body;
- Qualifications for acceptance by CPSC to test for compliance to specified children’s product safety rules; and

- Eligibility for acceptance on the CPSC website.

Part 1112 requires the collection of information in CPSC Form 223:

- Upon initial application by a third party conformity assessment body for acceptance by CPSC;
- Whenever there is a change in accreditation or ownership information; and
- At least every 2 years, as part of a regular audit process.

Estimated Burden:

The CPSC estimates the burden of the collection of information in CPSC Form 223 is as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Activity	Number of respondents	Frequency of responses	Total annual responses	Hours per response	Total hours
Initial Registration	40	1	40	1	40
Re-Registration	291	1	291	1	291
Changes in Information	6	1	6	0.25	1.5
Total					332.5

These estimates are based on the following information:

- Based on applications received from FY 2013, to date, we estimate the number of third party conformity assessment bodies that would register initially each year for the next 3 years to be 40.
- Under 16 CFR part 1112, third party conformity assessment bodies are required to resubmit CPSC Form 223 every 2 years. Because all third party conformity assessment bodies have not submitted their first CPSC Form 223s at the same time, only about half would be expected to resubmit a CPSC Form 223 in any 1 year.
- As of August 2019, 581 third party conformity assessment bodies have registered with CPSC. Approximately half (291) of these firms would be required to re-register with CPSC each year.
- Under 16 CFR part 1112, third party conformity assessment bodies are required to ensure that the information submitted on CPSC Form 223 is current and must submit a new CPSC Form 223 whenever the information changes. Based on current experience with third party conformity assessment bodies, we estimate that two third party conformity assessment bodies will make revisions per year to update their information. A change in information is a change that does not require review of laboratory accreditation documents, such as scope or test methods. Examples of revised information include changes in the

website URL, name of the laboratory, and name of point of contact.

- Therefore, the total burden is 332.5 hours, which we will round up to 333 hours. We estimate that hourly compensation for the time required for recordkeeping is \$34.61 per hour (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” Table 9, total compensation for sales, office, and related workers in goods-producing industries, March 2019: <https://www.bls.gov/ect/data.htm>). The total cost burden to the respondents is approximately \$11,525 (\$34.61 × 333 hours = \$11,525).

Alberta E. Mills,
Secretary, Consumer Product Safety Commission.
