**SCHOLARSHIP APPLICATION PROCESS**

Applicants must use the online application to complete and submit all the required information in order to apply for the Navy ROTC scholarship.

This online application is extensive and may require several hours to complete. You are able to start the application and save your progress as you complete each section. We have provided an Application Information Checklist to assist you in gathering information and to streamline the process of applying for a scholarship.

[Download an Application Information Checklist PDF](#)

Applicants are asked to pick five Navy ROTC affiliated colleges or universities in their scholarship application. If selected, you WILL BE PLACED AT YOUR FIRST CHOICE SCHOOL. Your second through fifth school choices are used to measure interest in the NROTC program at those schools only. If you are awarded a scholarship, it will be placed at your first choice school and may not be used at any other NROTC school without prior approval. You must apply to, be accepted at, and enroll in your assigned school in order to utilize the scholarship. Applying to more than just your first choice school will increase the chances for acceptance and enrollment and will therefore increase the opportunities to use a scholarship if selected.

Each applicant must also select an academic program in which they intend to major. All academic programs fall into [three tiers](#) relative to the Navy's technical needs.

Scholarships will be awarded to a Navy ROTC unit in conjunction with the academic major and tier the applicant specified on their application. If offered the scholarship, the student will be expected to attend the school where their scholarship is placed and have the ability to request a change of placement as needed or desired. Requests are processed and approved by the NROTC Placement Office. The student must be mindful if they choose a cross-town school that there may be cross-town commuting costs and class timing issues which will need to be resolved. The enrolled school must support the academic major or equivalent for which the scholarship was awarded. Also, the student must have applied for admission to and been accepted at any school they wish to utilize the scholarship.

**An example may help clarify this:**

Applicant has selected the Navy Option at the beginning of her application. She selects the George Washington University Navy ROTC unit and cross-town affiliate Howard University as her first choice on the scholarship application. She selects her other four choices. She selects Astrophysics (a [Tier 2 major](#)) as her intended degree program. If she is selected for a scholarship at the George Washington University Navy ROTC Unit- specifically Howard University, she may utilize it at Howard University. If she wishes to change the location of the scholarship at any other Navy ROTC affiliated college or university, she must have applied for admission and been accepted at the school, as well as be approved for the scholarship to be moved to another school. She must declare Astrophysics as her degree program or she may choose another [Tier 1 or Tier 2 major](#).

Portions of the information in your Navy ROTC application will be shared with the U.S. Naval Academy Admissions Office. However, in order to apply to the U.S. Naval Academy you must go to the website below and complete the application process.
