

there would be no implementation of the HCP. Operation and maintenance of existing infrastructure facilities would continue, as long as take of Morro shoulderband snail and Morro Bay kangaroo rat would not result from these activities. Any new development, including private development and capital improvement projects, with the potential to result in take of either animal species would need to seek authorization on an individual basis.

Under the Proposed Action alternative, the Service would issue the ITP and the County would implement the HCP that addresses the covered species and covered activities. The maximum extent of area affected would be 532 ac within the permit area.

Under the Reduced Take alternative, the Service would issue the ITP and the County would implement the HCP that addresses the proposed covered species and covered activities. While the permit area and permit term would remain the same, the maximum area affected would be 266 ac, which represents 50 percent of the maximum amount under the Proposed Action alternative. There would be a commensurate reduction in conservation actions.

Abstract: The Indian Self-Determination and Education Assistance Act (ISDEAA) authorizes and directs the Bureau of Indian Affairs (BIA) to contract or compact with and fund Indian Tribes and Tribal organizations that choose to take over the operation of programs, services, functions and activities (PSFAs) that would otherwise be operated by the BIA. These PSFAs include programs such as law enforcement, social services, and tribal priority allocation programs. The contracts and compacts provide the funding that the BIA would have otherwise used for its direct operation of the programs had they not been contracted or compacted by the Tribe, as authorized by 25 U.S.C. 450 *et seq.*

Congressional appropriations are divided among BIA and Tribes and Tribal organizations to pay for both the BIA's direct operation of programs and for the operation of programs by Tribes and Tribal organizations through Self-Determination contracts and compacts. The regulations implementing ISDEAA are at 25 CFR 900.

The data is maintained by BIA's Office of Indian Services, Division of Self-Determination. The burden hours for this continued collection of information are reflected in the Estimated Total Annual Hour Burden in this notice.

Abstract: The Indian Child Welfare Act (ICWA or Act), 25 U.S.C. 1901 *et seq.*, imposes certain requirements for child custody proceedings that occur in State court when a child is an “Indian child.” The regulations, primarily located in Subpart I of 25 CFR 23, provide procedural guidance for implementing ICWA, which necessarily involves information collections to determine whether the child is Indian, provide notice to the Tribe and parents or Indian custodians, and maintain records. The information collections are conducted during a civil action (*i.e.*, a child custody proceeding). While these civil actions occur in State court, and the U.S. is not a party to the civil action, the civil action is subject to the Federal statutory requirements of ICWA, which the Secretary of the Interior oversees under the Act and general authority to manage Indian affairs under 25 U.S.C. 2 and 9.
