1/27/2011	FHA-HAMP Data Dictionary	DD68	Escrow Payment Before Modification	Description	For First Lien: Report the escrow amount that was used to qualify the borrower for the program. This is the amount of money that may be collected by the servicer as part of the regular monthly mortgage payment to cover, on behalf of the mortgagee, periodic payments of property taxes and hazard insurance. Any allowable escrow shortage payment amounts must be included. Private Mortgage Insurance payments must be excluded. Additionally, if no amount is being escrowed under the existing mortgage loan, the value to be used should be the monthly taxes and insurance amount used to determine a borrower's monthly housing expense before modification. For FHA: Private Mortgage Insurance Payments must be included.	Report the monthly escrow payment amount calculated in the escrow analysis performed in conjunction with determining the borrowers eligibility for a trial period plan. The escrow analysis must be performed for all borrowers, including those that do not currently escrow for taxes and insurance. This is the amount of money that may be collected by the servicer as part of the regular monthly mortgage payment to cover, on behalf of the mortgagor, periodic payments of property taxes and hazard insurance. Any allowable escrow shortage payment amounts must be included. Private Mortgage Insurance payments must be excluded. For FHA: Private Mortgage Insurance Payments must be included.
