

training is required to ensure that contract and Department users are appropriately trained in safeguarding Privacy Act data.

The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a “need-to-know” basis and controls individual users’ ability to access and alter records within the system. All users of this system of records are given unique user identification. The Department’s FSA Information Security and Privacy Policy require the enforcement of a complex password policy. In addition to the enforcement of the complex password policy, users are required to change their password at least every 90 days in accordance with the Department’s information technology standards.

RECORD ACCESS PROCEDURES:

If you wish to gain access to a record in this system, contact the system manager at the address listed above. You must provide necessary particulars of your name, DOB, SSN, and any other identifying information requested by the Department while processing the request to distinguish between individuals with the same name. Requests by an individual for access to a record must meet the requirements in 34 CFR 5b.5.

CONTESTING RECORD PROCEDURES:

If you wish to contest the content of your personal record within the system of records, contact the system manager at the address listed above and provide your name, DOB, and SSN. Identify the specific items to be changed, and provide a written justification for the change. Requests to amend a record must meet the requirements in 34 CFR 5b.7.

NOTIFICATION PROCEDURES:

If you wish to determine whether a record exists regarding you in the system of records, contact the system manager at the address listed above. You must provide necessary particulars such as your name, DOB, SSN, and any other identifying information requested by the Department while processing the request to distinguish between individuals with the same name. Requests must meet the requirements in 34 CFR 5b.5.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

The most recent notice modifying the COD system of records was published in

the **Federal Register** on September 27, 2010 (75 FR 59242–59246). The Department renamed the system of records entitled “Recipient Financial Management System” (RFMS) as the “Common Origination and Disbursement (COD) System” on September 27, 2010. The Department previously published the RFMS system of records notice on June 4, 1999 (64 FR 30106, 30161–30162).

Appendix to 18–11–02

The following is a detailed description of the data added to the COD system of records as a result of the exchanges of data within FSA:

The COD System receives applicant data from the Department’s CPS system each time an application is processed or corrected. This process assesses student aid eligibility, updates financial aid history, and ensures compliance with title IV, HEA regulations. Some of these data appear on the applicant’s Student Aid Report and the Institutional Student Information Record. Federal Perkins Loan data and FSEOG overpayment data are sent from postsecondary institutions or their third-party servicers. The Department’s COD System obtains school demographic information from the PEPS system.

The COD System receives booking acknowledgements, discharge information, and payments to servicer data from Federal Loan Servicers.

The COD System receives payment information from the CSB system on title IV, HEA grant overpayments that are being serviced by FSA’s Default Division. This payment information assesses student aid eligibility, updates financial aid history, and ensures compliance with title IV, HEA regulations.

The FMS system provides funding information at the institution level, refunds of cash, and reallocation information.

DEPARTMENT OF ENERGY

Agency Information Collection Extension

AGENCY: Energy Efficiency and Renewable Energy, U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years an information collection request with the Office of Management and Budget (OMB).

DATES: Comments regarding this proposed information collection must be received on or before October 15, 2019. If you anticipate difficulty in submitting comments within that

period, contact the person listed below as soon as possible.

ADDRESSES: Written comments may be sent to Mr. Chris Early, U.S. Department of Energy, Building Technologies Program, Mail Stop EE–5B, Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585–0121 or by fax at 202–287–1460 or by email to Chris.Early@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Mr. Chris Early, U.S. Department of Energy, Building Technologies Program, Mail Stop EE–5B, Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585–0121, or by email at Chris.Early@ee.doe.gov, telephone: (202) 586–0514.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains: (1) *OMB No.:* 1910–5184 (2) *Information Collection Request Title:* Programs for Improving Energy Efficiency in Buildings; (3) *Type of Review:* Extension; (4) *Purpose:* The proposed collection will enable DOE to understand the universe of organizations participating in building energy load management programs including the following four voluntary programs: The Home Performance with ENERGY STAR Program, the Home Energy Score Program, the Better Buildings Residential Network, and the Zero Energy Ready Home Program. DOE encourages and assists the people and organizations that voluntarily participate in energy efficiency programs to build or renovate buildings for the purposes of improved efficiency, reliability, and affordability. The partners who voluntarily participate in the programs include: Home builders, building trades and building-related associations, home design professionals, home energy raters and auditors, home

inspectors, building consultants, manufacturers of building products, retailers, utility companies, financial institutions, non-profit organizations, educational institutions, energy program administrators and implementers, Home Performance with ENERGY STAR sponsors, state or local government energy offices or agencies, and other organizations that believe peer sharing will help them improve their effectiveness in encouraging effective energy upgrades. DOE proposes to continue to collect information such as names of program participants and names of organizations and addresses; estimates of how many homes they can get to participate in the programs, and information about building stock (no building owner information is collected) and load management strategies. The collected information helps DOE understand the participating partners' activities and progress toward achieving scheduled milestones enabling DOE to make decisions about the best way to respond to partners' needs to improve their operations and actions to lower energy consumption and improve affordability; (5) *Annual Estimated Number of Respondents*: 2037; (6) *Annual Estimated Number of Total Responses*: 92,824. (7) *Annual Estimated Number of Burden Hours*: 15,828. (8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: zero dollars. DOE estimates that there are no additional costs to participants other than the costs associated with the burden hours.

Statutory Authority: The U.S. Code, Title 42, Chapter 149, Subchapter IX, Part A, Section 16191—Energy Efficiency.

Signed in Washington, DC, on August 7, 2019.

David Nemtzw,

Director, Building Technologies Office, Energy Efficiency and Renewable Energy.

DEPARTMENT OF ENERGY

High Energy Physics Advisory Panel

AGENCY: Office of Science, Department of Energy.

ACTION: Notice of renewal.

SUMMARY: Pursuant to the Federal Advisory Committee Act, App. 2, and Code of Federal Regulations, and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the High Energy Physics Advisory Panel (HEPAP) has been renewed for a two-year period.

The Committee will provide advice and recommendations to the Director, Office of Science (DOE), and the Assistant Director, Directorate for Mathematical and Physical Sciences (NSF), on scientific priorities within the field of basic high energy physics research.

Additionally, the Secretary of Energy has determined that renewal of the HEPAP is essential to conduct business of the Department of Energy and the National Science Foundation and is in the public interest in connection with the performance duties imposed by law upon the Department of Energy. The Committee will continue to operate in accordance with the provisions of the Federal Advisory Committee Act, the Department of Energy Organization Act (Pub. L. 95-91), and the rules and regulations in implementation of these acts.

FOR FURTHER INFORMATION CONTACT: Dr. John Kogut at (301) 903-1298, or email: john.kogut@science.doe.gov.

Signed in Washington, DC, on August 9, 2019.

Rachael J. Beitler,

Acting Committee Management Officer.
