Instructions: Eminent Domain Addendum (HUD-52860-F):

Eminent domain is an exercise of the power of a government or “quasi-government” body (“Taking Body”) to take property for a public use upon just compensation to the owner. Pursuant to 24 CFR 970.3(b)(8), takings under eminent domain are exempt from HUD regulations under this section. However, HUD may consent to an agreement between a PHA and a Taking Body on a case-by-case basis if the interests of public housing residents, PHAs, and HUD are adequately protected. For additional guidance in completing the questions, refer to PIH Notice 2012-8, or any subsequent replacement notice that HUD may issue.

On Section 4, note that, in accordance with PIH Notice 2012-8 (or any replacement notice) any compensation that a PHA may receive from a taking of public housing dwelling units must generally first be used by the PHA to acquire or otherwise develop replacement public housing units. Any compensation that a PHA may receive from a taking of non-dwelling public housing property (e.g. vacant land, office building) is non-rental (program) income and must be used in accordance with the requirements of Section 9(k) of the 1937 Act and applicable requirements of 2 CFR part 200.

On Section 5, note that although the HUD-52860 SAC application requires a PHA to complete some information on resident consultation, section 5 should be completed to describe any additional consultation that was done in accordance with PIH Notice 2012-8 (or any replacement notice).
