## INITIAL PRIVACY ASSESSMENT (IPA)

The Initial Privacy Assessment (IPA) is use to determine whether a Privacy Impact Assessment (PIA) is required under the E-Government Act of 2002. The IPA is also used to determine if a System of Records Notice (SORN) is required under the Privacy Act of 1974.

The IPA is an administrative form created by the Privacy Branch to efficiently and effectively identify the use of Personally Identifiable Information (PII) across the Department. The IPA focuses on three areas of inquiry:

- Business data and business processes within each HUD program.
- Potential connections with individuals including the use of PII – any use of social security numbers must be specifically identified.

HUD's program and support offices should ensure that its respective IPA is completed and sent to the Privacy Branch for approval. If SSNs are to be used, the IPA specifically identifies the justification and authority for using SSNs. Upon receipt of the IPA, the Privacy Branch determines the applicability of other privacy compliance requirements including the PIA and SORN. The IPA is complete when the Privacy Branch signs it and sends the final copy back to the identified point of contact.

Please complete this form and send it to the HUD Privacy Branch staff.

## SPECIFIC QUESTIONS

### 1. Describe the project and its purpose:

The purpose of the Annual Contributions Contract (ACC) information collection is to establish the grant agreement between each Public Housing Agency (PHA) and HUD. The ACC establishes the basic terms and conditions for the PHA's public housing program and requires the PHA to manage and operate all of its public housing properties in accordance with the U.S. Housing Act of 1937 and all applicable HUD Requirements. This collection amends this ACC document by merging the current HUD-53012-A and HUD-53012-B forms into one document and adding requirements applicable to mixed-finance public housing development and making minor clarifications and updates, based on applicable statutes and regulations, on the contractual agreement.

The purpose of the Declaration of Trust (DOT) is to require the PHA to remain seized of the title to said property and to refrain from transferring, conveying, assigning, leasing, mortgaging, pledging, or otherwise encumbering or permitting or suffering any transfer, conveyance, assignment, lease, mortgage, pledge or other encumbrance of said property or any part thereof, appurtenances thereto, or any rent, revenues, income, or receipts therefrom or in connection therewith, or any of the benefits or contributions granted to it by or pursuant to the ACC. This collection amends this ACC document by merging the current HUD-51290-A (development) and HUD-51290-B (modernization) forms, into one document, as well as adding the Declaration of Restrictive Covenants (DORC) document for mixed-finance public housing developments into one form.

The purpose of the General Depository Agreement (GDA) is to ensure PHAs use all Program Receipts received from HUD or otherwise associated with public housing funds for purposes of public housing, by requiring such financial assistance to be deposited into interest-bearing accounts at financial institutions whose deposits or accounts are insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Share Insurance Fund (NCUSIF). The GDA is an agreement between the PHA and the Depository and establishes the terms and conditions dictating the investment policies for the PHAs deposits.

The purpose of the Inventory Removal Application information collection (HUD-52860 and related addendums) is to ensure PHAs comply with the statutory and regulatory requirements when removing public housing property subsidized by HUD from their inventory. This application and approval process also ensures an accurate and up-to-date building and unit count for the PHA. HUD uses the PHA's inventory of buildings and units for various purposes, such as funding and property inspections. This PRA package adds two new forms to this collection: (1) a HUD-52860-A (demolition/disposition addendum) (this is a new form to address this program specifically—this information was previously required as part of the HUD-52860 global form); and (2) a HUD-52860-G (retention addendum to allow PHAs to submit retention applications in accordance with 2 CFR 200.311(c) and PIH Notice 2016-20.

This PRA submission also amends the current PRA to include an additional form for PHAs who are intending to remove all dwelling units in their portfolio from their inventory. This is notification to HUD of a PHA's intention to either closeout from the public housing program or develop new ACC units.

**2. Status of Project:**

- This is a new development effort.
- This is an existing project.

The PRA was amended in 2014 to consolidate the information collection for the ACC and for the inventory removal application.
