

TABLE 7—ESTIMATED COSTS FOR SMALL BATCH TASK—Continued

| Grade level | Number of hours (annual) | Total compensation per hour | Total annual cost |
|-------------|--------------------------|-----------------------------|-------------------|
| Total | 642 | | 70,363 |

We estimate the annualized cost to the CPSC of \$954,531, by adding the four categories of work related to the Database summarized in Tables 4 through 7 (Reports of Harm (\$825,544) + MII Claims (\$73,554) + Manufacturer Comments (\$12,705) + Small Batch Identification (\$70,363) = \$982,166).

This information collection renewal request is based on an estimated 13,343 burden hours per year for the Database, which represents an increase of 983 hours since this collection of information was last approved by OMB in 2017. The increase in burden is due primarily to the increase in the number of incoming reports of harm, and the increase in the number of claims based on those reports. Comments have also increased significantly, but shifted to the more efficient, online submission. A slight increase in small batch manufacturer activity occurred, as well, which has been rising steadily for years.

D. Request for Comments

The CPSC solicits written comments from all interested persons about the proposed collection of information. The CPSC specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the CPSC’s functions, including whether the information would have practical utility.
- Whether the estimated burden of the proposed collection of information is accurate.
- Whether the quality, utility, and clarity of the information to be collected could be enhanced.
- Whether the burden imposed by the collection of information could be minimized by using automated, electronic, or other technological collection techniques, or other forms of information technology.

Alberta E. Mills,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2009–0102]

Collection of Information; Proposed Extension of Approval; Comment Request—Follow-Up Activities for Product-Related Injuries Including NEISS

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC) requests comments on a proposed extension of approval for an information collection to obtain data on consumer product-related injuries, and follow-up activities for product-related injuries. The Office of Management and Budget (OMB) previously approved the collection of information under OMB Control No. 3041–0029. CPSC will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from OMB.

DATES: Submit written or electronic comments on the collection of information by December 9, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CPSC–2009–0102, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <http://www.regulations.gov>. Follow the instructions for submitting comments. The CPSC does not accept comments submitted by electronic mail (email), except through www.regulations.gov. The CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Written Submissions: Submit written submissions in the following way: mail/hand delivery/courier to: Division of the Secretariat, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change, including any personal

identifiers, contact information, or other personal information provided, to: <http://www.regulations.gov>. Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If furnished at all, such information should be submitted in writing.

Docket: For access to the docket to read background documents or comments received, go to: <http://www.regulations.gov>, and insert the docket number, CPSC–2009–0102, into the “Search” box, and follow the prompts. A copy of the supporting statement, “PRI ICR 2019 60-day” will be made available under Supporting and Related Materials.

FOR FURTHER INFORMATION CONTACT: For further information or a copy of the supporting statement contact: Bretford Griffin, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504–7037, or by email to: bgriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION:

A. Background

Section 5(a) of the Consumer Product Safety Act, 15 U.S.C. 2054(a), requires the CPSC to collect information related to the causes and prevention of death, injury, and illness associated with consumer products. That section also requires the CPSC to conduct continuing studies and investigations of deaths, injuries, diseases, other health impairments, and economic losses resulting from accidents involving consumer products.

The CPSC obtains information about product-related deaths, injuries, and illnesses from a variety of sources, including newspapers, death certificates, consumer complaints, and medical facilities. In addition, the CPSC receives information through its internet website through forms reporting on product-related injuries or incidents. The CPSC also operates the National Electronic Injury Surveillance System (NEISS), which provides timely data on consumer product-related injuries treated in hospital emergency departments in the United States. The CPSC also uses the NEISS system to collect information on childhood poisonings, in accordance with the

Poison Prevention Packaging Act of 1970.

From these sources, CPSC staff selects cases of interest for further investigation, by contacting persons who witnessed or were injured in incidents involving consumer products. These investigations are conducted on-site (face-to-face), by telephone, or by the internet. On-site investigations are usually made in cases where CPSC staff needs photographs of the incident site, the product involved, or detailed information about the incident. This information can come from face-to-face interviews with persons who were injured or who witnessed the incident, as well as via contact with state and local officials, including police, coroners, and fire investigators, and others with knowledge of the incident.

Through interagency agreements, the CPSC also uses the NEISS system to collect information on injuries for the Centers for Disease Control and Prevention (CDC) under the NEISS All Injury Program (NEISS-AIP). The NEISS-AIP is a sub-sample of approximately two-thirds of the full NEISS sample. In addition to the standard data variables collected on all NEISS injuries, the NEISS-AIP collects additional variables on several studies for CDC (Adverse Drug Events, Assaults, Self-Inflicted Violence, and Work-Related Injuries) and one study on non-crash motor vehicle-related injuries for the National Highway and Transportation Safety Administration (NHTSA). Additional special study variables are collected for CDC in the full NEISS sample for firearm-related injuries.

The current NEISS probability sample was drawn and recruited in 1995–1996 and implemented in 1997. Since then, several of the selected hospitals have stopped participating for reasons such as closures and mergers with other hospitals, and were replaced with other purposively-selected hospitals. While hospital weights are adjusted to account for changes in the population of hospitals over time, the current sample of hospitals participating in NEISS is being reviewed to assess their representativeness. The selection process may be revised in future years in order to strengthen the quality and representativeness of the estimates generated by the NEISS-AIP. CPSC has entered into a contract with Westat to perform an independent statistical assessment of the NEISS and NEISS-AIP samples under CPSC contract 61320619F0134 with a period of performance of September 27, 2019 through September 26, 2020.

OMB previously approved the collection of information concerning product-related injuries under control number 3041–0029. OMB's most recent extension of approval will expire on January 31, 2020. The CPSC now proposes to request an extension of approval of this collection of information.

B. NEISS Estimated Burden

The NEISS system collects information on consumer product-related incidents and other injuries from a statistical sample of 96 hospitals in the United States. Respondents to NEISS include hospitals that directly report information to NEISS, and hospitals that allow access to a CPSC contractor, who collects the data. Collecting emergency department records for review, correcting error messages, among other tasks, takes about 36 minutes per day. Each record takes about 30 seconds to review. Coding and reporting records that involve consumer products or other injuries takes about 2 minutes per record. Coding and reporting additional special study information (Adverse Drug Effects) takes about 2 minutes and 90 seconds per record for other special studies. Respondents also spend about 36 hours per year in related activities (training, evaluations, and communicating with other hospital staff).

In 2018, there were 130 NEISS respondents (total hospitals and CPSC contractors). These NEISS respondents reviewed an estimated 5.53 million emergency department records and reported 727,544 total cases (363,221 consumer product-related injuries for CPSC, and 364,323 other injuries for the NEISS-AIP). The table below lists the number of reported cases, and the number of reported cases with additional special study information.

| | |
|---|---------|
| Total NEISS Cases Reported | 727,544 |
| Consumer Product-Related Injuries | 363,221 |
| CDC NEISS-AIP | 364,323 |

Special Studies Reported (subset of above)

| | |
|--|--------|
| Child Poisoning (CPSC) | 4,734 |
| Adverse Drug Events (CDC) | 36,858 |
| Assaults (CDC) | 32,990 |
| Firearm-Related Injuries (CDC) | 6,159 |
| Self-Inflicted Violence (CDC) | 9,106 |
| Work-Related Injuries (CDC) | 38,132 |
| Motor Vehicle Non-Crash Injuries (NHTSA) | 12,813 |

The total burden hours for all NEISS respondents are estimated to be 100,781 for 2018. The average burden hour per

respondent is 775 hours. However, the total burden hour on each respondent varies due to differences in size of the hospital (*e.g.*, small rural hospitals versus large metropolitan hospitals). The smallest hospital reported 82 cases with a burden of about 258 hours, while the largest hospital reported 47,801 cases with a burden of about 4,125 hours.

The total cost to NEISS respondents for 2018 was approximately \$3,391,000. NEISS respondents enter into contracts with CPSC and are compensated for these costs. The average cost per respondent is estimated to be about \$26,000. The average cost per burden hour is estimated to be \$33.65 per hour (including wages and overhead). However, the actual cost to each respondent varies, due to the type of respondent (hospital versus CPSC contractor), size of hospital, and regional differences in wages and overhead. Therefore, the actual annual cost for any given respondent may vary between \$3,048 at a small rural hospital, and \$329,690 at the largest metropolitan hospital.

C. Other Burden Hours

In cases that require more information regarding product-related incidents or injuries, CPSC staff conducts face-to-face interviews with approximately 375 persons each year. On average, an on-site interview takes about 4.5 hours. CPSC staff also conducts about 175 in-depth investigations (IDIs) by telephone annually. Each telephone IDI requires about 20 minutes. CPSC staff is planning to conduct about 50 internet-based questionnaires per year, which require about 20 minutes each. The CPSC estimates 1,763 annual burden hours on these respondents: 1,688 hours for face-to-face interviews; 58 hours for in-depth telephone interviews, and 17 hours for internet-based questionnaires. CPSC staff estimates the value of the time required for reporting at \$36.77 an hour (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," March 2019: <https://www.bls.gov/new.release/cec.toc.htm>). At this valuation, the estimated annual cost to the public is about \$64,826.

The total burden hours for the information collection is 102,544 (100,781 NEISS and 1,763 other), which is an increase of 21,334 hours. The increase in burden is due primarily to the increase in the number of emergency department charts being reviewed and coded since this collection of information was last approved by OMB in 2017.

This information collection request excludes the burden associated with

other publicly available Consumer Product Safety Information Databases, such as internet complaints, Hotline, and Medical Examiners and Coroners Alert Project (MECAP) reports, which are approved under OMB control number 3041-0146. This information collection request also excludes the burden associated with follow-up investigations conducted by other federal agencies.

D. Request for Comments

The CPSC solicits written comments from all interested persons about the proposed collection of information. The CPSC specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the CPSC's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Department of the Air Force

Withdrawal of the Notice of Intent To Prepare an Environmental Impact Statement for the Modification of the Condor 1 and Condor 2 Military Operations Areas Used By the 104th Fighter Wing of the Massachusetts Air National Guard

AGENCY: Department of the Air Force, DoD.

ACTION: Withdrawal of Notice of Intent.

SUMMARY: The Air National Guard (ANG) and Federal Aviation Administration (FAA) are notifying interested parties of the decision to withdraw the Notice of Intent to prepare an environmental impact statement for the Modification of the Condor Military Operation Areas used by the 104th Fighter Wing of the Massachusetts Air National Guard.

FOR FURTHER INFORMATION CONTACT: For questions regarding this notice please contact: Mr Ramon Ortiz, NGB/A4AM, Program Manager-Technical Lead, Air National Guard Readiness Center, 3501 Fetchet Avenue, Andrews AFB, MD 20762-9157, telephone: (240) 612-7042; or email: usaf.jbanafw.ngb-a4.mbx.a4a-nepa-comments@mail.mil.

SUPPLEMENTARY INFORMATION: The original NOI was published on June 17, 2009 and corrected on June 25, 2009 (74 FR 30284), and followed an in-depth Environmental Assessment process initiated in 2008. The ANG decision to withdraw the NOI was based on the determination that due to mission evolution, the proposed action is no longer needed.

Adriane S. Paris,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-05-P

ELECTION ASSISTANCE COMMISSION

Proposed Information Collection—2020 Election Administration and Voting Survey; Comment Request

AGENCY: U.S. Election Assistance Commission (EAC).

ACTION: Notice.

SUMMARY: In compliance the *Paperwork Reduction Act* of 1995, the EAC announces an information collection and seeks public comment on the provisions thereof. The EAC intends to submit this proposed information collection (2020 Election Administration and Voting Survey, or EAVS) to the Director of the Office of Management and Budget for approval. The 2020 EAVS asks election officials questions concerning voting and election administration, including the following topics: Voter registration; overseas and military voting; voting by mail; early in-person voting; polling operations; provisional voting; voter participation; election technology; election policy; and other related issues. **DATES:** Written comments must be submitted on or before December 6, 2019.

Comments: Public comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and

clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments on the proposed information collection should be submitted electronically via <https://www.regulations.gov> (docket ID: EAC-2019-0001). Written comments on the proposed information collection can also be sent to the U.S. Election Assistance Commission, 1335 East West Highway, Suite 4300, Silver Spring, MD 20910, Attn: EAVS.

Obtaining a Copy of the Survey: To obtain a free copy of the draft survey instrument: (1) Download a copy at <https://www.regulations.gov> (docket ID: EAC-2019-0001); or (2) write to the EAC (including your address and phone number) at U.S. Election Assistance Commission, 1335 East West Highway, Suite 4300 Silver Spring, MD 20910, Attn: EAVS.

FOR FURTHER INFORMATION CONTACT: Dr. Nichelle Williams at 301-563-3919, or email clearinghouse@eac.gov; U.S. Election Assistance Commission, 1335 East West Highway, Suite 4300, Silver Spring, MD 20910

SUPPLEMENTARY INFORMATION:

Title and OMB Number: 2020 Election Administration and Voting Survey; OMB Number Pending.

Needs and Uses

The EAC issues the EAVS to meet its obligations under the Help America Vote Act of 2002 (HAVA) to serve as national clearinghouse and resource for the compilation of information with respect to the administration of Federal elections; to fulfill both the EAC and the Department of Defense Federal Voting Assistance Program's (FVAP) data collection requirements under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA); and meet its National Voter Registration Act (NVRA) mandate to collect information from states concerning the impact of that statute on the administration of Federal elections. In addition, under the NVRA, the EAC is responsible for collecting information and reporting, biennially, to Congress on the impact of that statute. The information the states are required to submit to the EAC for purposes of the NVRA report are found under Title 11 of the Code of Federal Regulations. States that respond to questions in this survey concerning voter registration-related matters will meet their NVRA reporting requirements under 52 U.S.C. 20508 and EAC regulations. Finally, UOCAVA
