

Request for Approval under the "Improving Customer Experience (OMB Circular A-11, Section 280 Implementation)"
(OMB Control Number: 0503-XXXX)

TITLE OF INFORMATION COLLECTION: Farm to School Grantee Experience Survey

PURPOSE:

What are you hoping to learn / improve? How do you plan to use what you learn? Include any artifacts your team may develop (user persona, journey map, design roadmap, data to submit as part of compliance with A-11 CX Feedback data collection) as a result of this collection.

The Department of Agriculture (USDA) Food and Nutrition Service (FNS) is required to issue \$5 million in Farm to School Grants each year to School Food Authorities or other eligible entities. FNS seeks to learn more about how farm to school grantees perceive the grant award and grant operation experience. We will collect this information from all active farm to school grantees via an electronic survey.

This customer research survey has two objectives: 1) to improve FNS's understanding of the appropriateness and effectiveness of existing technical assistance, and 2) to identify gaps in the information and resources need to help grantees successfully implement their projects.

TYPE OF ACTIVITY: (Check one)

Customer Research

Customer Feedback Survey *(if selecting this option, include survey instrument tool with this submission, and identify how if at all it deviates from the standard A-11 questions + two free response questions. Your desk officer will need to work with you to determine if non-A-11 questions are ok to report on publicly)*

User Testing of Services and Digital Products

DESCRIPTION OF ACTIVITY

1. How will you collect the information? (Check all that apply)

Web-based or other forms of Social Media

Telephone

In-person

Mail

Other, Explain

For Customer Research and User Testing Services:

Explain who will be interviewed and why the group is appropriate for the Federal program / service to connect with. Do you have a list of customers to reach out to (e.g., intercept interviews at

a particular field office)? Please provide a description of how you plan to identify your potential group of respondents and if only a sample will be solicited for feedback, how you will select them.

The Grantee Experience Survey will be targeted to all active Farm to School Grant awardees. This group has the most recent experience in the grant award on-boarding process and they have had recent experience with working with USDA National Office and Regional Office staff in the reporting process as well as the disbursement of grant funds. USDA will use the entire Frame of 236 unique respondents, all of whom were 2018 and 2019 Farm to School Grantees.

These participants include:

- 46 State or Local Agencies
- 95 Schools or School Districts
- 8 Indian Tribal Organizations
- 4 Agricultural Producers/Groups
- 83 Non-Profit Entities

FNS will allow all active Farm to School Grantees (2017-2019) the opportunity to share how they felt about their experience with the Farm to School Grant. FNS will directly email the survey invitations, with the link to the online form, to the Project Manager of record for each Farm to School Grant project within the relevant time frame.

The list of project managers is maintained in FNS's Grants Information Management System (GIMS) and no sampling will be required for this activity.

Generally describe the information collection activity - e.g. will facilitators or interviewers be used? What will respondents be asked? Or, what actions will you observe / how will you have respondents interact with a product you need feedback on?

OCFS will utilize an online survey tool to collect information from active farm to school grantees. After respondents are asked simple background questions regarding their grant cohort, the survey uses Likert Scale responses to gather information regarding how respondents felt/feel about their overall Farm to School Grant experience. Finally, using Likert Scale ratings, the survey will ask respondents additional questions regarding their experience with various facets of the Farm to School Grant, including interactions with USDA personnel, their perceptions of the award and grant disbursement process itself, and the support they were given during the lifecycle of their project.

FNS will inform respondents that their participation in the survey is optional and that their responses will remain anonymous.

FNS estimates that the survey will take the average respondent less than 15 minutes to complete.

Gifts or Payments:

Is an incentive (e.g., money or reimbursement of expenses, token of appreciation) provided to participants? [] Yes [X] No

CERTIFICATION:

I certify the following to be true:

1. The collections are voluntary;
2. The collections are low-burden for respondents (based on considerations of total burden hours or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
3. The collections are non-controversial and do not raise issues of concern to other Federal agencies;
4. Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
5. Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
6. Information gathered is intended to be used for general service improvement and program management purposes
7. Upon agreement between OMB and the agency all or a subset of information may be released as part of A-11, Section 280 requirements only on performance.gov. Summaries of customer research and user testing activities may be included in public-facing customer journey maps.
8. Additional release of data will be coordinated with OMB.

Name: Julie Brewer; Director, USDA-FNS-OCFS

BURDEN HOURS

Category of Respondent	No. of Respondents	Participation Time	Burden Hours
State and local Governments	149	15 minutes (.25 Hrs.)	37.25
Private Sector	87	15 minutes (.25 Hrs.)	21.75
Totals	236	15 minutes (.25 Hrs.)	59

Please make sure that all instruments, instructions, and scripts are submitted with the request.

All instruments used to collect information must include:
OMB Control No. 0690-0030
Expiration Date: XX/XX/XXXX

Instructions for completing Request for Approval under the "Improving Customer Experience (OMB Circular A-11, Section 280 Implementation)"

TITLE OF INFORMATION COLLECTION: Provide the name of the collection that is the subject of the request. (e.g. Comment card for soliciting feedback on xxxx)

PURPOSE: Provide a brief description of the purpose of this collection and how it will be used. If this is part of a larger study or effort, please include this in your explanation.

DESCRIPTION OF RESPONDENTS: Provide a brief description of the targeted group or groups for this collection of information. These groups must have experience with the program.

TYPE OF COLLECTION: Check one box. If you are requesting approval of other instruments under the generic, you must complete a form for each instrument.

CERTIFICATION: Please read the certification carefully. If you incorrectly certify, the collection will be returned as improperly submitted or it will be disapproved.

Personally Identifiable Information: Note: Agencies should only collect PII to the extent necessary, and they should only retain PII for the period of time that is necessary to achieve a specific objective.

Gifts or Payments: If you answer yes to the question, please describe the incentive and provide a justification for the amount.

BURDEN HOURS:

Category of Respondents: Identify who you expect the respondents to be in terms of the following categories: (1) Individuals or Households; (2) Private Sector; (3) State, local, or tribal governments; or (4) Federal Government. Only one type of respondent can be selected per row.

No. of Respondents: Provide an estimate of the Number of respondents.

Participation Time: Provide an estimate of the amount of time required for a respondent to participate (e.g. fill out a survey or participate in a focus group)

Burden: Provide the Annual burden hours: Multiply the Number of responses and the participation time and divide by 60.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents. Please provide a description of how you plan to identify your potential group of respondents and how you will select them. If applicable, you may provide the sampling plan in an attachment.

Administration of the Instrument: Identify how the information will be collected. More than one box may be checked. Indicate whether there will be interviewers (e.g. for surveys) or facilitators (e.g., for focus groups) used.
