Non-substantive Change Request to Field Crop Objective Yield Surveys 0535-0088

NASS is requesting non-substantive changes to the Objective Yield Program. In March 2019 NASS published to their webpage

(https://www.nass.usda.gov/Surveys/Program_Review/2019/Field-Crop-Program.pdf) the program changes that would be made as a result of the overall program review that occurs every five years following the Census of Agriculture publication. In the report NASS listed the changes to the Objective Yield surveys.

NASS is ma	aking some	modifications to	the	Objective	Yield	program.	This
includes:							

- ☐ Eliminating Potato Objective Yield
- ☐ Removing Louisiana and North Carolina from Cotton Objective Yield
- ☐ Eliminating the August survey period for Cotton (except Texas), Corn, and Soybeans
- ☐ Reducing sample sizes for all crops

Not having any objections, NASS is submitting this change request. The reductions in responses and burden hours are displayed in this table.

	Responses		Non-Responses						
Type of Change	Responses	Burden Hours	Responses	Burden Hours					
Program Changes									
Original Approval	54,515	5,264	7,835	192					
Revised Numbers	49,235	3,951	6,515	148					
Subtotal	(5,280)	(1,313)	(1,320)	(44					
Program Adjustment									
Original Approval	-	-	Ī	-					
Revised Numbers	-	-	Ī	=					
Subtotal	-		-	-					
Total Changes	(5,280)	(1,313)	(1,320)	(44					

Totals	Responses	Burden Hours
Program Changes	(6,600)	(1,357)
