

PVP Seed Sample Submission Protocols

PVP Seed Voucher Sample Submission Protocols

A complete listing of the rules and regulations associated with deposit of PVP voucher specimens can be found in Section 97.7 of the PVP Act Regulations and Rules of Practice. A pdf copy of the PVP Act and Regulations can be downloaded from the PVP website: www.ams.usda.gov/pvpo.

WARNING: Do not send voucher specimens until the PVP application has been filed and you have received the PVP application number from the PVP Office. There is a danger that seeds deposited without the proper documentation and identifying marks will be included in the general seed collection and be immediately available for distribution to the public.

These protocols are for seed samples, not for tissue cultures. Please ask the PVP examiner for protocols relating to non-seed deposits.

1. A sample of at least 3000 untreated, viable seeds representing the variety which will be protected by Plant Variety Protection (PVP) needs to be deposited at the National Laboratory for Genetic Resources Preservation (NLGRP) within three months of filing the application or prior to protection being issued, whichever comes first.
 - a. All seed bags must be clearly labeled identifying the contents and accompanied by a PVP Germplasm Deposit Form (see 2. below).
 - b. NLGRP requests that the owner provide any special instructions for germination procedures as seed will be rejected if viability is low. Confidentiality will be maintained by the PVPO and NLGRP as to any specifics provided by the owner for the duration of protection for that variety.
 - c. Seed bags must be clearly labeled as “*maintainers*” or “*restorers*”, as applicable, along with the name of the protected variety they are associated with.
 - d. In the case of hybrids and parent(s) of hybrids, the seed bag of the hybrid accession must be marked as “*hybrid*” and the bag(s) of the parent(s) marked as “*Male/Female Parent of _____*” (list hybrid).
2. Each PVP voucher seed sample sent to NLGRP must be accompanied by a PVP Germplasm Deposit Form - [Seed Deposit Form](#). Complete the electronic [form](#) and send it to NLGRP at Renee.White@ars.usda.gov.
3. Applicants must notify NLGRP prior to submission of seed samples by sending an email to Renee.White@ars.usda.gov. This can be done the day samples are sent.

SAMPLE EMAIL:

FROM: supplier
 TO: applicant, PVP examiner
 CC:

Today Company X shipped the PVP seed deposits for the following varieties:

Crop 1 - Variety 1, variety 2, variety 3
 Crop 2 - Variety 7, variety 8

The completed NCGRP forms are attached. Hard copies of the forms are included in the seed shipment.

Please notify the supplier, applicant, and PVP office when seed arrives or if seed is not received within two weeks after email notification of shipping. Please keep good communication between NLGRP, PVP Office, applicant and supplier. It is important in order for the customer to know the status of the application and also for germplasm security.

Let me know if you have any questions regarding this shipment.

4. **Domestic (U.S.) sources:** Seed samples from within the U.S. should be sent to NLGRP at the following address via commercial carriers (i.e. FedEx, UPS, etc.) rather than the U.S. Postal Service.

USDA-ARS-NLGRP Attn: PVP Coordinator
1111 South Mason St.
Fort Collins, CO 80521-4500
Tele # 970-495-3200

5. **Non-US sources:**

- a. Please email NLGRP (Renee.White@ars.usda.gov, with a cc to Andy.Hagan@ars.usda.gov , in advance of seed shipment to request documentation necessary to import seed into the United States. This documentation includes an Import Permit Address label specific for this shipment as well as a copy of the Import Permit.
- b. Please note that the import label is valid only for the shipment assigned and is ***not re-usable***. Seed shipped without proper documentation (Import Permit and Import Address labels) from non-US sources may be destroyed.
- c. It is requested that a copy of the Import Permit be enclosed with the seed.
- d. A Phytosanitary Certificate issued by the country of origin must accompany all samples received from non- US sources, per USDA Animal Plant Health Inspection Service (APHIS) regulations.
- e. Inside the shipping box, please include your 1) seed deposit forms and 2) a letter to indicate where the seed is to be shipped after it is inspected by the Plant Protection and Quarantine Office (to USDA-ARS-NLGRP), and 3) a Phytosanitary Certificate.
