Agency Form Number affected by Change Worksheet: 4339-1, 4630-8, 4306-5

Summary of Non-substantive Changes: Based on the U.S. Equal Employment Opportunity Commission's public comment submitted to the 30-day Federal Register Notice on November 26, 2019, FSIS has made the following administrative changes to the forms:

1) FSIS Form 4339-1 *Certificate of Medical Examination (with Report of Medical History)*

This form was amended to clarify that it will only be used to collect medical information about applicants during the post-offer phase of hiring or to collect medical information about employees when job-related and consistent with business necessity. Also, the most current EEO statement has replaced the older version that was on the form, and the word "race," which was inadvertently omitted previously, is now included.

This form number was changed from 4630-8 to 4630-7 and the following language was added:

Additional potential uses of this information include using it to ensure fair and consistent treatment of employees and to adjudicate claims of discrimination under the Rehabilitation Act of 1973, as amended.

ROUTINE USE(S): The information will be used by and disclosed to FSIS personnel and contractors or other agents who need the information to implement and maintain the Leave Bank Program.
