USER NOTES FOR "C" CLAUSE

Selection item 1. This selection is the default liability clause for all authorizations. Use this clause when one of the following conditions exist: (1) The holder is NOT a Federal Agency, State or political subdivision thereof; (2) the authorized officer determines that the risk to public land, resources, or interest is NOT greater than the holder's assets or ability to correct and; (3) the use is NOT a high-risk or poses a high hazard (such as high-voltage power lines, oil and gas pipelines, large dams or reservoirs, and so forth, which could expose the government to significant injuries, losses or damages in the event of malfunction).

C. The holder has an affirmative duty to protect from damage the land, property, and interests of the United States.

Selection item 2. Use in situations in which the authorized officer determines that the risk to public land, resources, or interest is greater than the holder's assets or ability to correct.

If holder is a State or political subdivision thereof and such entity has statutory or constitutional authorities limiting the amount of liability or indemnification payable, the authorized officer shall prepare a risk assessment to determine the United States potential for losses due to personal injury, loss of life, or property damage caused by the State's use or occupancy. If the authorized officer determines, through the risk assessment that the potential for injury, loss, or damage caused by the State's use or occupancy is in excess of the State's liability limitation, the State shall procure, as a requirement to be fulfilled before execution of this permit, insurance, and name the United States, together with the State, as an insured on the policy(ies), in the amount determined in the risk assessment that exceeds the State's liability limitation.

C. The holder has an affirmative duty to protect from damage the land, property, and interests of the United States.

The holder shall maintain #LIAB_INS_AMOUNT# worth of insurance coverage, naming the United States additionally insured on the policy(ies), to partially fund the indemnification obligations of the holder for any and all losses due to personal injury, loss of life, or property damage, including fire suppression and hazardous waste costs. The holder shall furnish proof of insurance (such as a surety bond, or certificate of insurance) to the Authorized Officer prior to

execution of this permit and verify annually, and in writing, the insurance obligation to the Authorized Officer. The Authorized Officer may allow the holder to replace, repair, restore, or otherwise undertake necessary curative actions, to the satisfaction of the Authorized Officer, in order to mitigate damages in addition to or as an alternative to monetary indemnification.

Selection item 3. Use if the authorized use is a high-risk or poses a high hazard (such as high-voltage power lines, oil and gas pipelines, large dams or reservoirs, and so forth, which could expose the government to significant injuries, losses, or damages in the event of malfunction).

C. The holder has an affirmative duty to protect from damage the land, property, and interests of the United States.

The holder shall be strictly liable (liability without proof of negligence) to the United States for any injury, loss, or damage arising under this authorization. Such strict liability shall be in the amount of \$1 million unless the Forest Supervisor determines at the time of issuance of this authorization that a lesser amount of strict liability is appropriate based upon a risk assessment for the use authorized by this instrument. Liability for injury, loss, or damage to the United States in excess of the prescribed amount of strict liability shall be determined under the general law of negligence.

Selection item 4. Use if the authorized use is a high-risk or poses a high hazard (such as high-voltage power lines, oil and gas pipelines, large dams or reservoirs, and so forth, which could expose the government to significant injuries, losses, or damages in the event of malfunction) AND in situations in which the authorized officer determines that the risk to public land, resources, or interest is greater than the holder's assets or ability to correct.

If the holder is a State or political subdivision thereof and such entity has statutory or constitutional authorities limiting the amount of liability or indemnification payable, the authorized officer shall prepare a risk assessment to determine the United States potential for losses due to personal injury, loss of life, or property damage caused by the State's use or occupancy. If the authorized officer determines, through the risk assessment that the potential for injury, loss, or damage caused by the State's use or occupancy is in excess of the State's liability limitation, the State shall procure, as a requirement to be fulfilled before execution of this permit, insurance, and name the United States, together with the State, as an insured on the policy(ies), in the amount determined in the risk assessment that exceeds the State's liability limitation.

C. The holder has an affirmative duty to protect from damage the land, property, and interests of the United States.

The holder shall maintain #LIAB_INS_AMOUNT# worth of insurance coverage, naming the United States additionally insured on the policy(ies), to partially fund the indemnification obligations of the holder for any and all losses due to personal injury, loss of life, or property damage, including fire suppression and hazardous waste costs. The holder shall furnish proof of insurance (such as a surety bond, or certificate of insurance) to the Authorized Officer prior to execution of this permit and verify annually, and in writing, the insurance obligation to the Authorized Officer. The Authorized Officer may allow the holder to replace, repair, restore, or otherwise undertake necessary curative actions, to the satisfaction of the Authorized Officer, in order to mitigate damages in addition to or as an alternative to monetary indemnification.

The holder shall be strictly liable (liability without proof of negligence) to the United States for any injury, loss, or damage arising under this authorization. Such strict liability shall be in the amount of \$1 million unless the Forest Supervisor determines at the time of issuance of this authorization that a lesser amount of strict liability is appropriate based upon a risk assessment for the use authorized by this instrument. Liability for injury, loss, or damage to the United States in excess of the prescribed amount of strict liability shall be determined under the general law of negligence.

D. In the event of any breach of the conditions of this authorization by the holder, the Authorized Officer may, on reasonable notice, cure the breach for the account at the expense of the holder. If the Forest Service at any time

pays any sum of money or does any act which will require payment of money, or incurs any expense, including reasonable attorney's fees, in instituting, prosecuting, and/or defending any action or proceeding to enforce the United States rights hereunder, the sum or sums so paid by the United States, with all interests, costs and damages shall, at the election of the Forest Service, be deemed to be additional fees hereunder and shall be due from the holder to the Forest Service on the first day of the month following such election.

E. With respect to roads, the holder shall be proportionally liable for damages to all roads and trails of the United States open to public use caused by the holder's use to the same extent as provided above, except that liability shall not include reasonable and ordinary wear and tear.

F. The Forest Service has no duty to inspect the permit area or to warn of hazards and, if the Forest Service does inspect the permit area, it shall incur no additional duty nor liability for identified or non-identified hazards. This covenant may be enforced by the United States in a court of competent jurisdiction.

22. Members of Congress. No Member of or Delegate to Congress or Resident Commissioner shall benefit from this permit either directly or indirectly, except when the authorized use provides a general benefit to a corporation.

23. Appeals and Remedies. Any discretionary decisions or determinations by the authorized officer are subject to the appeal regulations at 36 CFR 214 as amended.

24. Assignability. This authorization is not assignable or transferable. If Holder, through death, voluntary transfer, enforcement of contract, foreclosure, or other valid legal proceeding shall cease to be owner of the above-described real property accessed by the authorized road, this authorization will terminate.

25. Superior Clauses. In the event of any conflict between any of the preceding printed clauses or any provision thereof and any of the following clauses or any provision thereof, the preceding printed clauses shall control.
