4. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information, subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

Privacy Act Statement

Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801, *et seq.*

Purpose: NMFS is collecting this information to manage the AFA Bering Sea and Aleutian Islands pollock fishery. NMFS collects this information to identify the AFA-permitted vessel to be rebuilt, replaced, or removed from the AFA fishery; and to identify the vessel that is replacing a vessel being replaced. For a vessel being removed, NMFS collects information provided on this application to identify the vessel(s) to which its pollock catch history will be assigned.

Routine Uses: NMFS will use this information to identify an AFA-permitted vessel being rebuilt, replaced, or removed from the AFA fishery; to permit a replacement vessel; and to permanently assign a removed vessel's pollock catch history. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among authorized staff for work-related purposes. Disclosure of this information is also subject to the published routine uses identified in the [Privacy Act System of Records Notice COMMERCE/NOAA-19](#), Permits and Registrations for the United States Federally Regulated Fisheries. NMFS posts AFA-permitted vessels on its website (<https://alaskafisheries.noaa.gov/>).

Disclosure: Furnishing this information is mandatory. Failure to provide complete and accurate information may delay or prevent participation in the AFA groundfish fisheries.

Instructions

AMERICAN FISHERIES ACT (AFA) PERMIT: REBUILT, REPLACEMENT OR REMOVED VESSEL APPLICATION

An American Fisheries Act (AFA) vessel is a vessel that is designated on an AFA catcher vessel permit, an AFA catcher/processor vessel permit or an AFA mothership permit.

In order to improve vessel safety and operational efficiency (including fuel efficiency), the owner of an AFA vessel may rebuild or replace that vessel with a vessel documented with a fishery endorsement under section 12113 of Title 46 of the U.S. Code. For the provisions of the AFA regulations on rebuilding, replacing and removing AFA vessels, see 50 CFR 679.4(I), available at <http://www.alaskafisheries.noaa.gov/regs/679a4.pdf>. For information on Federal fishery endorsements for documented vessels, see <https://www.maritime.dot.gov/ports/american-fisheries-act/46-usc-12113-2006-fishery-endorsement>.

An AFA rebuilt or replacement vessel shall be eligible in the same manner to participate in fisheries in the Exclusive Economic Zone (EEZ) off Alaska and subject to the same restrictions and limitations as the vessel being rebuilt or replaced. An AFA vessel that was rebuilt or replaced after October 15, 2010, is exempt from the maximum length overall (MLOA) on a License Limitation Program (LLP) groundfish license with a Bering Sea and/or Aleutian Islands area endorsement when the vessel is fishing pursuant to that license, whether the vessel before rebuilding or replacement was exempt.

The owner of an AFA catcher vessel that is a member of an inshore cooperative may remove that vessel from the Bering Sea directed pollock fishery. If the owner applies to do that, the owner must direct NMFS to assign the pollock catch history of the vessel being removed to other vessel or vessels in the cooperative of the removed vessel. The catcher vessel(s) receiving the pollock catch history of the removed vessel must remain in the fishery cooperative for at least one year after the date on which NMFS approves the application for removal of the catcher vessel.

NOTICE:

Pursuant to the AFA amendments in section 602 of the Coast Guard Authorization Act of 2010, P. L. 111-281, a vessel that leaves the AFA fishery by being replaced or removed is ineligible for a Federal fishery endorsement unless such a vessel reenters the AFA fishery as a replacement vessel.

DEADLINES:

- ◆ If the owner of an AFA vessel rebuilds an AFA vessel, the owner shall notify NMFS and provide USCG documentation for the rebuilt vessel **within 30 days of the issuance of the documentation**.
- ◆ In the event of the total or constructive loss of an AFA vessel, the owner of the AFA vessel shall notify NMFS in writing within **120 days** of the date of the vessel loss. The AFA permit on the lost vessel shall remain valid from the date of the vessel loss **until five years from December 31 of the year of the vessel loss**, unless the AFA permit on the lost vessel is revoked before that date because the lost vessel was replaced or removed. For example, if an AFA vessel sinks on June 15, 2015, the AFA permit on the lost vessel will be valid until December 31, 2018, unless the AFA permit on the lost vessel was revoked before that date. After December 31, 2018, if the AFA permit has not been revoked, the AFA permit will be suspended until the owner of the AFA vessel replaces or removes the lost vessel.

GENERAL INFORMATION

Use this application to:

- ◆ Notify NMFS that an AFA vessel has been rebuilt
- ◆ Request an AFA permit for a replacement catcher vessel, catcher/processor, or mothership
- ◆ Request removal of an AFA catcher vessel that is a member of an inshore cooperative and assignment of the catch history of that vessel to other vessel or vessels in the same inshore cooperative

Type or print legibly in ink; retain a copy of completed application for your records.

When completed, submit application to:

COMPLETING THE APPLICATION

BLOCK A – PURPOSE OF APPLICATION

Indicate the reason for submission of the application:

If Notification of Rebuilt AFA Vessel, complete Block B and sign Block E.

If Replacement of AFA Vessel, complete Block B and Block C and sign Block E.

If Removal of AFA Catcher Vessel and Assignment of Catch History of Removed Vessel, complete Block B and Block D, and sign Block E.

BLOCK B –AFA PERMITTED VESSEL

Identify existing AFA permitted vessel being rebuilt, replaced, or removed from AFA fishery. If owner is notifying NMFS of the rebuilding of an AFA vessel, **attach** USCG Documentation for Rebuilt Vessel.

1. Vessel Name as displayed in official documentation.
2. Alaska Department of Fish and Game (ADF&G) Vessel Registration Number.
3. U.S. Coast Guard (USCG) Official Documentation Number
4. AFA Permit Number
5. LLP Groundfish License Number to which vessel is currently assigned.
- 6-8. Gross Tons, shaft horsepower, and registered length.
9. Owner Name. list all owners of the vessel as shown on the USCG vessel documentation or abstract of title.
10. Permanent business mailing address of primary vessel owner.
- 11-13. Business telephone number, business fax number, and business e-mail address of primary vessel owner.

BLOCK C – IDENTIFICATION & OWNERSHIP OF REPLACEMENT VESSEL

Only one vessel may be identified as a “replacement vessel” for the vessel listed in Block B. **Attach** the current USCG documentation for this vessel showing a valid fishery endorsement.

1. Vessel Name as displayed in official documentation.
2. ADF&G Vessel Registration Number.
3. USCG Official Documentation Number.
4. LLP Groundfish License Number.
- 5-7. Gross Tons, net tons (U.S. tons), and shaft horsepower.
- 8-9. Registered Length (feet) and current length overall (feet).
10. Owner Name. list all owners of the vessel as shown on the USCG vessel documentation or abstract of title.
11. Enter permanent business mailing address of primary vessel owner.
- 12-14. Enter business telephone number, business fax number, and business e-mail address of primary vessel owner

BLOCK D – ASSIGNMENT OF POLLOCK CATCH HISTORY OF REMOVED VESSEL

NOTE: This Block may only be used if the vessel listed in Block B is being permanently removed from the AFA fishery.

Identify vessel(s) to which the owner of the removed AFA catcher vessel, listed in Block B, wishes to permanently assign the pollock catch history of the removed vessel and the percentage of the pollock catch history assigned to each vessel. The pollock catch history of the removed vessel may only be assigned to vessel or vessels that were in the same inshore cooperative to which the removed vessel belonged.

Identify vessel(s) that the owner of the removed vessel in Block B wishes to permanently assign the catch history of the removed vessel by entering the following:

- ◆ Vessel Name.
- ◆ USCG Official Documentation Number
- ◆ AFA Permit Number
- ◆ Percentage of the pollock catch history that the owner of the removed vessel is assigning to each listed vessel

BLOCK E - CERTIFICATION OF APPLICANT

Signature and printed name of the owner and date application was signed.
