Intend on using an ECC? *

An Exploration Command Center (ECC) is a designated site for the express purpose of engaging with an expedition. Typically, monitors or projectors will be arranged in a room that can seat a group of scientists. Examples include the ECCs set up at NOAA offices in Silver Spring and Seattle.

Registration and Accounts

Email Listserv *

An email listserv is used to send essential information for a cruise to everyone participating. Your email will only be used for reasons specifically related to the cruise(s) you indicate you will participate therein.

I understand

EX Data and Chat (GFOE Account) *

To participate in a live ROV dive chatroom or to access select data from an ongoing cruise, you will need a collaboration tools account with the Global Foundation for Ocean Exploration. Login page: <https://exdata.tgfoe.org/>

I have an account

I forgot my email (NOT PASSWORD)

I want to sign up

Not interested

Tip: You may have an account that you forgot about. Please follow the links in the descriptions and follow the links for "forgot/reset password".

Video Annotations (ONC Account) *

To participate in annotating video, you will need to use Seatube hosted on Ocean Networks Canada. Seatube allows scientists to add annotations within a dive video. Login page:

Non Disclosure Agreement for Underwater Cultural Heritage Sites

Although Okeanos Explorer conducts non-disturbance underwater cultural heritage (UCH) exploration activities, project data and information may contain site location information that could lead to adverse impacts if disclosed.

Since all expedition participants with collaboration tool accounts will have access to position/location information about historically significant or potentially historically significant UCH sites, we must require you to read and agree to the terms of the attached non-disclosure agreement (NDA) before we can allow your participation.

Office of Ocean Exploration and Research
National Oceanic and Atmospheric Administration

1315 East-West Highway, SSMC3 10th floor
Silver Spring, MD 20910
oceanexplorer@noaa.gov

NON-DISCLOSURE AGREEMENT

I, _____, in consideration for access to data, information, and products in the possession of, acquired by, or developed by the National Oceanic and Atmospheric Administration (NOAA) and the NOAA Office of Ocean Exploration and Research and its affiliates, hereby acknowledge that some of these data, information, and products may be related to historic or potentially historic submerged cultural resources, and therefore hereby agree not to disclose these data, information, and products except as otherwise provided in this non-disclosure agreement.

I acknowledge that the *Okeanos Explorer* data management system may contain underwater cultural heritage site location information that is sensitive.

I agree that publishing, sharing, or distributing underwater cultural heritage site location information, in any way, exposes underwater cultural heritage items to potential harm.

I recognize that particular underwater cultural heritage sites may be protected by applicable laws, including, the National Historic Preservation Act of 1966 (16 U.S.C. § 470 *et seq.*), Archaeological Resource Protection Act of 1979 (16 U.S.C. §§ 470aa-mm), National Marine Sanctuary Act (16 U.S.C. § 1431 *et seq.*), Sunken Military Craft Act (10 U.S.C. § 113 note, Pub. L. 108-375, §§ 1401-1408), Abandoned Shipwreck Act (16 U.S.C. § 470w), implementing federal regulations, and state laws.

I agree that data and information relating to the location and nature of underwater cultural heritage items that is not otherwise publicly available on a government website must be kept strictly confidential, and further agree not to disclose the location of these sites to any third party except as provided in this non-disclosure agreement.

I agree to use sensitive underwater cultural heritage information for research, education, and management only. In cooperation with NOAA, I agree to respect these cultural resources for their potential historic value and as possible graves sites by not disclosing without prior written permission from the Director of NOAA's Office of Ocean Exploration and Research the location or position of underwater cultural heritage contained in data, information, or products collected by the *Okeanos Explorer* or obtained by other means.

I agree to work with NOAA to protect and manage underwater cultural heritage sites and to assist them in their efforts to further develop and maintain accurate data files by sharing with NOAA any new facts or data I obtain as a result of my participation in the NOAA *Okeanos Explorer* operations.

Please select the appropriate response concerning the NOAA Office of Exploration and Research Non-Disclosure Agreement *

- I agree to the terms and conditions outlined in the non-disclosure agreement
- I do not agree to the terms and conditions outlined in the non-disclosure agreement
