Dear «City» Resident,

Your household is being asked to help with an important national survey sponsored by the Centers for Disease Control and Prevention (CDC). The goal of the survey is to learn more about health and injuries among adults in the U.S. Results from this study will be used to inform and guide national prevention efforts.

We are asking that one adult, 18 or older living at this address to fill out the survey using the link provided below. To ensure that the study represents different types of people, please ask the «youngest/oldest» adult «male/female» living here to complete the survey in the next two weeks. If there are no adult «males/females» that live here, please ask the «youngest/oldest» adult «female/male» to complete the survey.

We have enclosed «\$2/\$5» as a token of our appreciation for your participation. [FOR THOSE SELECTED TO RECEIVE AN ADDITIONAL PROMISED INCENTIVE: If someone in your household goes online and fill out a brief survey about your household, you will receive an additional \$10 Amazon gift code.]

To complete the survey, please visit the website below and use the access code:

**Survey Website:** [www.healthinjurysurvey.com](http://www.healthinjurysurvey.com)
