«City», «state» «zip_char»-«zip_4char»

«Month, Year»

Dear «City» Resident,

Recently we mailed your household a letter asking you to complete a short survey about your household for the Health and Injury Survey, sponsored by the Centers for Disease Control and Prevention (CDC). We have not yet received a response from your household to the survey request.

For this study to be successful, it is important that we hear from every selected household. Results from this study will be used to inform and guide national prevention efforts.

We are asking that one adult in your household fill out the survey using the link provided below. To ensure that the study represents different types of people, please ask the «youngest/oldest» adult «male/female» living here to complete the survey in the next two weeks. If there are no adult «males/females» that live here, please ask the «youngest/oldest» adult «female/male» to complete the survey.

It will take less than 5 minutes to complete the initial survey and to learn more about the next steps for this study.

How can your household participate (and receive \$10 as a token of our appreciation)?

Ask an adult, age 18 or older, living at this address to...

Go to: www.healthinjurysurvey.com (✓ You will receive \$10 Amazon gift card code!)

Enter your unique Access Code: «PIN»

Or complete and mail back the enclosed survey. (✓ You will receive \$10 in the mail.)

Being part of this study is voluntary, and you may choose not to answer any question. The information you provide will be kept private and will not be linked to your name. No information that could personally identify you will be given to CDC or anyone else. Your answers will be combined with responses from others who are in the study when the results are presented. If you have any questions about this study, please contact Westat, a social science research firm contracted by CDC, at 1-8XX-XXX-XXXX or email healthinjurysurvey@westat.com. If you have additional questions, you can also contact CDC-Info at 1-800-CDC-INFO (232-4636) or cdcinfo@cdc.gov. Please mention that you are calling about the Health and Injury Study.

Thank you for your participation.

«Month, Year»

Dear «City» Resident,

Recently we mailed your household a letter asking you to complete a short survey online about your household for the Health and Injury Survey, sponsored by the Centers for Disease Control and Prevention (CDC). We have not yet received a response from your household to the survey.

For this study to be successful, it is important that we hear from every selected household. Results from this study will be used to inform and guide national prevention efforts.

It will take less than 5 minutes to complete the initial survey and to learn more about the next steps for this study. Someone in your household can also fill out the enclosed paper survey, if they can't go the internet.

How can your household participate (and receive \$10 as a token of our appreciation)?

Ask an adult, age 18 or older, living at this address to...

 Go to: www.healthinjurysurvey.com (✓ You will receive \$10 Amazon gift card code!)
Enter your unique Access Code: «PIN»

 Or complete and mail back the enclosed survey. (✓ You will receive \$10 in the mail.)

Being part of this study is voluntary, and you may choose not to participate or answer any question on the survey. There is no penalty for not participating. The information you provide will be kept private and will not be linked to your name. No information that could personally identify you will be given to CDC or anyone else. Your answers will be combined with responses from others who are in the study when the results are presented.

If you have any questions about this study, please contact Westat, a social science research firm contracted by CDC, at 1-8XX-XXX-XXXX or email healthinjurysurvey@westat.com. If you have additional questions, you can also contact CDC-Info at 1-800-CDC-INFO (232-4636) or cdcinfo@cdc.gov. Please mention that you are calling about the Health and Injury Study.

Thank you for your participation.

Sincerely,
