OMB NO: 0925-0586
EXPIRATION DATE: 02/29/2020
Burden Statement

Public reporting burden for this collection of information is estimated to vary from 2.0 to 8.0 hours per response for registration, 10.0 to 45.0 hours per response results information submissions, and 15 minutes to 2 hours for other submissions including certifications for delay, extension requests, and expanded access. These estimates include the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0586). Do not return the completed form to this address.

Edit Participant Flow

[Help](#) [Definitions](#)

Enrollment is a Protocol Section data element ([Protocol Registration Data Element Definitions](#)). Changing the value here will change the value in the Protocol Section.

Protocol Enrollment:

Recruitment Details: [Edit](#)

Pre-assignment Details: [Edit](#)

Edit Adverse Event Table Defaults

[Help](#) [Definitions](#)

* § Time Frame: Provide a description of the specific period of time over which adverse event data were collected (e.g., 1 year, 6 months)

Characters remaining: 500

[*] Adverse Event Reporting Description: If the definition of adverse event and/or serious adverse event, used to collect adverse event information, differs from the [clinicaltrials.gov Definitions](#), describe how the definitions differ.

Also, optionally provide additional relevant information about adverse event collection.

Characters remaining: 500

Source Vocabulary Name for Table Default: Please enter the name and version of the source vocabulary, if any, for adverse event terms. Source Vocabulary will be applied to all adverse event terms entered in the "Serious" and "Other" adverse event tables, unless otherwise specified. (e.g., SNOMED CT, MedDRA 10.0)

* § Collection Approach for Table Default: Assessment type will be applied to all adverse event terms entered in the "Serious" and "Other" adverse event tables, unless otherwise specified.

If systematic, provide explanation of the method in Adverse Event Reporting Description.

Edit Limitations and Caveats

Definitions

Overall Limitations and Caveats:

Characters remaining: 250

If appropriate, please describe limitations of the trial.
Examples: Early termination leading to small numbers of subjects analyzed; Technical problems with measurement leading to unreliable or uninterpretable data.
