### **Module 3 - Community Level**

#### Module 3, Section A: Community Initiative Status Form

**Section A: Community Initiatve Status Form** is where CSBG Eligible Entities identify initiatives intended to achieve community level outcomes. This form provides a central place to report valuable information about a single community initiative that started, continued, or ended during the current reporting period. The information reported on the status form will be selected via a dropdown menu or written as a narrative.

Module 3, Section B: Community National Performance Indicators (NPIs) - Data Entry Form

**Section B: Community NPIs Data Entry Form** provides an opportunity for CSBG Eligible Entities to enter data for the community level outcomes reported in Section A, Line 14. Entities may select from the indicators outlined in this section, or create their own indicator if none of the provided indicators captures what the CSBG Eligible Entity is trying to achieve. To facilitate the reporting, use, and learning from Community NPIs the Annual Report provides two types of indicators (**Counts of Change** and **Rates of Change**).

The first way to report impact is the **Counts of Change** indicators. These are basic measures that provide the number of units being measured, e.g. jobs, houses, resources, etc. that have been added (created) or subtracted (eliminated), and in some cases maintained, in the community the CSBG Eligible Entity has targeted.

The second way to report impact is the **Rates of Change** indicators. While requiring a bit more information, these indicators tell the full story of the *magnitude of the impact*a community initiative (usually involving multiple organizations) has had in a community.

#### Module 3, Section C: Community Strategies List

**Section C: Community Strategies List** provides a basic identification of strategies, arranged by Domain and by topic area. The list cannot be all-inclusive; as such, an "other" category is included. This standardized list will aid in local and state analysis of the relationship between community-level strategies and outcomes.

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this collection is to meet the requirement of the Community Services Block Grant (CSBG) Act (42 U.S.C. § 9901, et seq) that all states that receive CSBG funding participate in a performance management system (Section 678E(a)(1)(A))) and submit a report to the Secretary on an annual basis (Section 678E(a)(2)). Public reporting burden for this collection of information is estimated to average 198 hours per grantee and 697 hours per sub-grantee, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a mandatory collection of information per the Community Services Block Grant (CSBG) Act (42 U.S.C. § 9901, et seq) Section 678E(a)(1)(A)) and Section 678E(a)(2). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. If you have any comments on this collection of information, please contact CSBGStates@acf.hhs.gov.
