The Domestic Victims of Human Trafficking (DVHT) Program is inclusive of three distinct programs: the Domestic Victims of Human Trafficking and Services Outreach Program, Demonstration Grants to Strengthen the Response to Victims of Human Trafficking in Native Communities Program, and the Strengthen the Health Care Response for Victims of Human Trafficking Program grants. The data collection instruments are intended to collect information for all three DVHT programs.

Partnership Development and Expansion Reporting

Key Performance Measures:

- Increase the diversity of services available to victims of trafficking

Reporting Expectations:

The grantee is expected to collect partnership development data elements **only** on subrecipients enrolled into the grantee's network on a rolling basis.

Definitions:

Partnership Development¹ is the process by which individuals or organizations identify and recruit representatives of communities or organizations to enter into referral, information sharing, or joint service programming partnerships for the purposes of: increasing their capacity to identify and/or serve victims, increasing their clients' access to a range of services, increasing awareness of the issue of human trafficking, and/or increasing the sharing of professional expertise. This includes efforts to develop relationships with representatives that culminate in formal or informal partnerships that may be one-way or reciprocal in nature.

Types of Partnerships:

Referral Partnerships are a type of relationship between at least two organizations in which one organization, or more, has agreed to serve clients from another organization.

Information Sharing Partnerships are a type of relationship between at least two organizations in which one organization, or more, has agreed to share its professional expertise. This may take place through training or technical assistance.

Joint Service Programming Partnerships are a type of relationship between at least two organizations in which one organization, or more, has agreed to share its financial resources to conduct a program with another organization (e.g. subrecipients).

Training Reporting

Key Performance Measures:

- Increase the number of professionals trained to identify, treat, and respond to human trafficking

Reporting Expectations:

The grantee will submit training data on a quarterly basis using the following schedule:

- Quarter 1 Reporting Period: October 1 – December 31 (due January 30)
- Quarter 2 Reporting Period: January 1 – March 31 (due April 30)
- Quarter 3 Reporting Period: April 1 – June 30 (due July 30), and
- Quarter 4 Reporting Period: July 1 – September 31 (due October 30).

Definitions:

Training² is the planning, development, delivery and evaluation of activities designed to achieve specific learning objectives for participants. The learning objectives may be achieved using a variety of instructional strategies such as lecture, group discussion, demonstration role play, and other methods of group and individual integration. Training may include onsite instruction, classroom training, webinars, online or virtual training, self-directed learning, and workshops.

Victim Outreach Reporting

Key Performance Measures:

- Increase the number of victims of trafficking identified

Definitions:

Outreach is an organized activity directed toward individuals and populations vulnerable to human trafficking, as opposed to professionals or the general public, which provides information about the dangers of trafficking, and protections available with the explicit intent of identifying victims of human trafficking.

Reporting Expectations:

The grantee is expected to submit data on outreach activities and impact on a quarterly schedule.

Victim Assistance Reporting

Key Performance Measures:

- Increase the number of victims of trafficking served by a network of grantees

Definitions:

Disability³ is defined as the product of interactions among individuals' bodies; their physical, emotional, and mental health; and the physical and social environment in which they live, work, or play. Disability exists where this interaction results in limitations of activities and restrictions to full participation at school, at work, at home, or in the community (Institute of Medicine and International Classification of Functioning, Disability, and Health).

Hearing difficulty is being deaf or having serious difficulty hearing (DEAR).

Vision difficulty is being blind or having serious difficulty seeing, even when wearing glasses (DEYE).

Cognitive difficulty is having difficulty remembering, concentrating, or making decisions because of a physical, mental, or emotional problem (DREM).

Ambulatory difficulty is having serious difficulty walking or climbing stairs (DPHY).

Self-care difficulty is having difficulty bathing or dressing (DDRS).

Independent living difficulty is having difficulty doing errands alone such as visiting a doctor's office or shopping because of a physical, mental, or emotional problem (DOUT).

Permanent Housing⁴ is community-based housing with no time limit on how long an individual can reside in the housing or receive housing assistance, living as independently as possible. This includes Permanent Supportive Housing as well as housing owned or rented by the client.

³ Disability - American Community Survey (ACS) - People and Households - U.S. Census Bureau . (2016). Census.gov. Retrieved 20 November 2016, from <http://www.census.gov/people/disability/methodology/acs.html>

⁴ Department of Housing and Urban Development. HMIS Data Standards, <https://www.hudexchange.info/resources/documents/HMIS-Data-Standards-Manual.pdf>

Transitional Housing is designed to provide homeless individuals and families with the interim stability and support to successfully move to and maintain permanent housing. Transitional housing is time limited with clients staying up to 24 months in the housing, typically with accompanying supportive services. Individuals must have a lease (or sublease) or occupancy agreement in place when residing in transitional housing.

Institutional Housing⁵ is any facility whose primary purpose is to provide 24-hour care, treatment, and/or supervision. This includes psychiatric treatment facilities, juvenile detention centers, jails, prisons, foster care home settings, substance abuse treatment facilities, detox centers, long-term care facilities, and nursing homes.

Emergency Housing is any facility whose primary purpose is to provide temporary or transitional shelter for the homeless in general or for specific populations of the homeless (e.g. domestic violence shelters, human trafficking shelters, etc.); also referred to as Short-Term or Temporary Housing.

Basic Necessities are encounters between a client and service provider in which a client is provided directly with items needed for daily living or with funds to purchase said items. This includes providing clients with personal care items such as shampoo, conditioner, soap, lotion, clothing, feminine hygiene products, and food.

Case Management is an encounter between a case management provider and a client during which services are provided that assist clients in the management of their health and social needs, including client needs assessments, the establishment of service plans, and the maintenance of referral, tracking, and follow-up systems. This also includes assisting clients in understanding their rights and advocating on their behalf with referral partners.

Crisis Intervention⁶ includes encounters in which a client or potential client in crisis receives interventions and services. This includes assistance or referrals provided for client emergencies as well as the provision of intervention techniques by a service provider aimed at alleviating emotional distress.

Education Services are encounters in which a client accesses educational courses in an informal, traditional, or online setting. This includes English as a Second Language (ESL) courses, General Education courses, GED test preparation, and enrollment in higher education. These courses can be directly provided by the grantee or through a referral.

Employment Assistance includes encounters between a client and service provider in which they receive assistance in finding and securing employment. This may include interview preparation, assistance in job hunting or resume building, or engagement in job placement programs. This can be directly provided by the grantee or through a referral.

Family Reunification are encounters between a client and service provider or on behalf of a client (with their consent) in which efforts are made to reunify the client with their family members in the United States. This may include making phone calls to arrange family reunification, holding meetings to prepare for family reunification, and assisting clients in obtaining and completing any necessary reunification paperwork.

Financial Planning Services are encounters between a client and service provider to assist the client in managing their available and future financial resources. This may include creating budgets, repaying debts or applying for debt relief, saving money in Escrow, and other forms of financial counseling.

Housing/Shelter Services are encounters between a client and service provider to assist the client in securing and maintaining housing. This may include full or partial payment of a client's rent or utilities, enrollment in housing programs or housing units, completion of housing related paperwork, and assistance with the client's housing search.

Language Services are encounters between a translator or interpreter and client to assess service needs and/or to provide services to a client. This includes the use of language lines for interpretation services.

Legal Services are generally encounters between a client and an attorney or paralegal to discuss the client's rights and legal options or to follow through on legal remedies. This may include expunging criminal records as a result of the trafficking experience or assistance with civil or family court issues. This may also include using program funds to provide 'know your rights' presentations to facilitate legal representation by private attorneys willing to act on behalf of clients pro bono. However, program funding cannot be used for criminal defense attorney services.

Life Skills are encounters between a client and service provider to develop skills necessary for full participation in everyday life. This includes assisting clients in learning how to do laundry, navigate public transportation, maintain personal hygiene, develop healthy relationships, enact conflict resolution, and cook healthy and balanced meals.

Mental Health Services are encounters between a licensed mental health provider (psychiatrist, psychologist, LCSW, and certain other Masters Prepared mental health providers licensed by specific states,) or an unlicensed mental health provider

credentialed by the center, and a client, during which mental health services (i.e., services of a psychiatric, psychological, psychosocial, or crisis intervention nature) are provided. Clinicians and Hospitals use diagnostic codes from the DSM-5 for insurance purposes.

Medical/Dental Services are encounters between a client and a physician, physician assistant, nurse practitioner, physician assistant, or nurse for the purpose of assessing or treating a medical problem. This includes encounters between a dentist or dental hygienist and a patient for the purpose of prevention, assessment, or treatment of a dental problem, including restoration.

Safety Planning is an encounter between a client and service provider in which they develop a practical plan to avoid and react to dangerous situations. This plan should be based on the specific needs of each client.

Substance Use Assessment/Treatment Services are encounters between a substance abuse provider (e.g., credentialed substance abuse counselor, rehabilitation therapist, psychologist) and a client during which alcohol or drug abuse services (i.e., assessment and diagnosis, treatment, aftercare) are provided.

Traditional Healing is identified by the National Institutes of Health/National Center for Complementary and Alternative Medicine (NCCAM) as a whole medical system that encompasses a range of holistic treatments used by indigenous healers for a multitude of acute and chronic conditions or to promote health and wellbeing⁷.

Transportation Services are encounters in which a service provider provides a client with the necessary resources to access transportation which enables clients to access services. This includes providing clients with bus/rail passes, cabs/cab vouchers, or gas assistance. This may occur with the service provider purchasing transportation on behalf of the client, providing clients with gifts cards to the same purpose, or providing clients with cash to purchase transportation themselves.

Victim Advocacy is an encounter between a client and service provider in which the client is provided information and support to help them understand and exercise their rights as a victim of crime within the criminal justice process.

Other Services are encounters between a provider, other than those listed above, and a client during which other forms of services are provided.

Section 8 is the Housing Choice Voucher Program which assists low-income families, the elderly, and the disabled to afford safe housing in the private market.

Victim Assistance—Client Characteristics and Program Entry

Definitions:

Potential Victim of Human Trafficking is any individual who is reported or suspected as being a victim of trafficking as defined in the Trafficking Victims Protection Act.

Clients are those individuals enrolled in OTIP funded programs such as the Trafficking Victim Assistance Program or Domestic Victims of Human Trafficking Program.

Identified Victims are those individuals who have been identified by law enforcement as having been subjected to a severe form of trafficking in persons, or have been screened victim assistance providers trained on human trafficking and found to be a victim of trafficking.

Reporting Expectations:

The grantee is expected to collect the following data elements on a rolling basis during the first three months after an individual is enrolled into the Domestic Victims of Human Trafficking Program.

Victim Assistance—Barriers to Service Delivery Reporting

Definitions:

Lack of Adequate Resources¹³ indicates that the organization needs housing/shelter, staff, transportation for victims, contacts in home countries, and infrastructure designated for the population being served.

Lack of Adequate Funding indicates the organization needs sources of funding, especially during a foreign-national client's pre-certification period.

Lack of Adequate Training indicates that the organization needs training at all levels including on confidentiality, outreach methods, cultural/religious competency, methods to identify victims, etc.

Ineffective Coordination with Federal Agencies indicates a need to share information, poor reporting and prosecution, delays in certification, and a lack of specialized units/agencies for victims of human trafficking.

Ineffective Coordination with Local Agencies indicates ineffective communication at the State level, including ineffective coordination with local police.

Language Concerns include the inability to readily provide interpreters for all languages/dialects

Safety Concerns indicate a lack of safety for victims and staff from abusers.

Lack of Knowledge of Victims' Rights include a lack of knowledge or understanding of the relevant trafficking legislation or the issue in general.

Lack of Formal Rules and Regulations include inadequate rules, need for legislative advocacy, inadequate victim assistance laws, or restrictive eligibility requirements.

Victims' Legal Status is a barrier in which status renders the victim ineligible for social services funding (e.g. pre-certification period issues, prior criminal histories, etc.).

Feelings of No Support and Isolation indicate the organization's lack of knowledge of which service providers understand human trafficking and serve victims of trafficking or difficulties in collaborating within a local network of service providers.

Lack of In-House Procedures indicates the organization does not have effective protocols or has an inadequate data management system.

Lack of Cooperation of Client indicates the victim's lack of interest in receiving services or inability to comply with the case coordination plan.

Victim Assistance—Client Case Closure Reporting

Definitions:

Exit or disenrollment occurs when a client separates from the program and is no longer receiving comprehensive case management services. This may occur as a result of the client completing the program or for a variety of other reasons.

Enrollment occurs when a victim of human trafficking is entered into the program to receive comprehensive case management services. This includes occasions when a victim reconnects to the program after a period of absence, often referred to as re-enrollment.

Reporting Expectations:

The grantee is expected to collect the following data elements on a rolling basis as clients exit the Domestic Victims of Human Trafficking Program.
