SUBJECT: Request for Non-Substantive Change: Survey of Head Start Grantees on Training and Technical Assistance (T/TA) Wave 1 (OMB# 0970-0532)

The Administration for Children and Families (ACF) submitted a package for the Survey of Head Start Grantees on Training and Technical Assistance (T/TA) for review by the Office of Management and Budget on June 18, 2019, with approval received on July 24, 2019. This memo documents non-substantive changes proposed for the Wave 1 Survey of Head Start Grantees on T/TA since the initial submission date. These changes come primarily from: 1) feedback from partner agencies regarding questionnaire content, 2) recent analyses of OHS administrative data in development of the sampling frame to support survey administration, and 3) review of questionnaire once programmed as a web-based survey.

Our request is only for changes to the survey that would allow us to collect high quality data that can support the research objectives of the Survey of Head Start Grantees on Training and Technical Assistance (T/TA). This memorandum and the tables below describe the specific non-substantive changes made to the survey since receiving OMB approval. The updated Wave 1 Survey is also provided. These revisions have no impact on estimated burden.
