Objectives/Guidance

- For each goal that will be addressed the first two years of the state plan cycle (FFY'17 and FFY '18) and annually each year, identify if the efforts for the goal is Individual Advocacy, System Change, or both. For each goal, outline a plan of action that describes the key activities to accomplish the Council goals by listing for each objective, key activities, the expected outputs, outcomes and targeted performance measures
 - o The objectives should be more detailed, specific projections of how the Council will implement the goals. The objectives may include quantitative projections of the work to be accomplished (e.g., the number of people to be trained; the number of outreach activities) or they may provide qualitative projections of the work to be accomplished (convening coalitions; researching state service models).
 - o The key activities should identify the major activities the Council will use to implement the objectives.
 - o The expected outputs and outcomes should identify the outputs and outcomes the key activities intend to achieve.
 - o The goals, objectives and outcomes can be updated annually through the State Plan Amendment process.

Key Activities: 1. 2. 3. 4. 5.
Expected Outputs: 1. 2. 3.
Expected Sub-Outcomes: 1. 2.
